HEAL THE SICK.—Men of liberal education at the present day, devote all their talents to discover the means whereby they may remove those painful affections which assault the human system. No nobler art than that of healing the sick, considering the numerous diseases to which man is liable, and which may cause him a long and painful life of distress and usefulness. We should gratefully prize every means of restoring health to those who are afflicted, or a removal of those clogs to happiness. In those cases where the Liver or the Stomach is the cause, we would highly recommend Dr. HALL'S Compound, prepared by Dr. O. M. Jackson. No medicine at this time stands higher than these Bitters, and to those who are suffering from indigestion, or indigestion, we say they are the antidote. See advertisement.
