ADVERTISING RATES

For small advertisements which are ordered for only one or two weeks the charge is cents per inch for the first insertion, and 2 cents for each continuation. Rate cards are furnished on application at the office. Special contract prices at a reduced rate are quoted for advertisements four inches in size or larger, which are to run for three months or longer.

No special notices inserted unless paid for at the rate of 10 cents per line, and under no circumstances will such paid notices appear in the local column.

Special discounts made on all advertisements connected with Church Fairs, Bazaars Picnics, etc. No notices will be inserted with the same unless the regular rate of 10 cents per line is paid.

That THE EXAMINER is considered by our Merchants and Manufacturers to be the leading newspaper in P. E. Island, and consequently the most valuable advertising medium through which to make their announcements public, is abundantly proved by the fact that in order to accommodate our advertisers we have been compelled to enlarge the paper to its present size.

THE DAILY EXAMINER is for sale by the following agents:—

THE AMERICAN

$8.00 Typewriter.

This is a well-made, practical machine, writing capitals, small letters, figures, and punctuation marks (71 in all) on full width paper, just like a $100 instrument. It is the first of its kind ever offered at a popular price for which the above claim can be truthfully made It is not a toy, but a typewriter built for and capable of REAL WORK. While not as rapid as the large machines sometimes become in expert hands, it is still at least as rapid as the pen, and has the advantage of such simplicity that it can be understood and mastered almost at a glance. We cordially commend it to helpful parents and teachers everywhere.

Writes capitals, small letters, figures and marks—71 in all.
Writes just like a $100 machine.
No Shift Keys. No Ribbon. Prints from the type direct.
Prints on flat surface.
Writing always in sight.
Corrections and insertions easily made.
Takes any width of paper or envelope up to 8½ inches.
Easy to understand—learned in 5 minutes.
Weighs only four pounds—most portable.
Compact, takes up but little room.
Built solid and simple; can't get out of order.
Capital and lower case keyboard ailke—easily mastered.
More "margin play" for the small letters which do most of the work.
Takes good letter-press copies.

Packed securely in handsome case and expressed to any address on receipt of price, $8.00, in registered letter, money order or certified check. We guarantee every machine, and are glad to answer all inquiries for further information as to this machine and also the "Yost."

NORTH SIDE BRANCH.

The regular weekly meeting of the farmers of the North Side took place in the School Hall, Red Swamp, on Friday evening, January 19th. There was a very large attendance. The President occupied the chair, and after the business of the Association was completed opened the question box. A number of important questions relating to dairying and general farming were satisfactorily answered. Talking on the one subject of farming continually becomes monotonous. It was, therefore, previously decided to introduce the old veteran, yet young as ever subject, "War and Intemperance."

There was plenty of ground for talk on this subject, so that the oratorical abilities of the Club were well brought out. The opener was Mr. John A. McPhee, who, in an exhaustive and convincing address, showed up the evils and misery of intemperance. The other speakers were Messrs. J. A. Macdonald, Neil McPhee, Roderick McPhee, Francis McDonald and John Allan McDonald. The result of the vote was 12 of a majority in favor of "War."

The next meeting of the Club, Friday, February 2nd, will be in the Glencoradale Schoolhouse.

It was decided to hold the next monthly Concert before the Lenten season comes in, hence preparations are being made on an extended scale by the Glee and Dramatic Clubs and the Executive Committee of the Association for the evening of February 5th. These Concerts are free to all bona fide members. Visitors will be charged a small admission fee. The Rock Barra School Hall has been fitted up for Concerts in first-class style. A stage has been erected and an anteroom leading therefrom, also an automatic curtain and all the necessary stage fixtures.

HOW SOCIETY IS MADE.

An evening journal of this city received the following by special messenger a few days ago:

"Sir,—In publishing names of attendants at the Charity will you kindly mention Mr. and Mrs. ——? If you mention costumes, Mrs. —— in pink and Nile novelty satin "decollete," old lace, diamond ornaments. We were late and missed the newspaper men. If there is any charge, let me know by bearer and greatly oblige. Signed by Mr. ——."

What is interesting about this is the belief it reveals that some portion of the public carefully peruses the lists of people at charity and other public balls, notes who was there, and makes a mental image of the costumes. But this again is based on a still profounder faith, that by getting into the newspapers you get into "society." If the public only knew the extent to which the givers of teas, receptions, and little gatherings of all sorts cooperate with the reporters in getting an account of these festivities in the "society column" of the morning papers, it would read that column with renewed zest. "Society" in New York really means nothing except a collection, more or less large, of people who invite their people to their houses, either to dinner or to dances, or to parties of some kind. It connotes nothing as to manners, or education, or birth. As soon as a man or woman begins to do this, he or she is on the way to society. By persistently issuing invitations to entertainments for two or three years people at last begin to accept them, and the aspirant is "in society," and becomes a "society man," or "society woman," or "society girl," as the case may be. But it stands to reason that no such rapid progress would be possible without the aid of the press. Being a candidate for society would be a very tedious business if nobody knew it but the people who get your invitations. So the reporters are called in, and through them it is given to the world that on a certain afternoon Mrs. A. gave a tea, which was attended by Mrs. B., Mrs. C., Mrs. D. and Mrs. G., and so on.—New York Nation.

A FARMER'S PHILOSOPHY.

There is being so much said in this country about hard times and the scarcity of money, and, as everybody has a cause and knows a remedy, I thought I would write to tell your readers what I think is the cause.

"We buy more than we produce.

"We let our timber rot and buy our plough stocks, singletress, axe handles, hoe handles and fencing.

"We throw away our ashes and buy soap and axle grease.

"We give away our beef hides and buy hamestrings and shoestrings.

"We waste our manure and buy guano.

"We buy garden seed in the spring and cabbage in the winter.

"We let our lands grow up in weeds and buy our brooms.

"We waste the wax out of our pine and gum trees and buy chewing gum for our children.

"We build schoolhouses and hire teachers and send our children off to be educated.

"We land a five cent fish with a four dollar fishing rod.

"We send a fifteen cent boy out with a twenty dollar gun and a four dollar dog to kill birds.

"We raise dogs and buy wool.

"And about the only things in the country that there is overproduction of are politics and doctics."—New York Press.

Deafness Caused by Catarrh.

Capt. S. F. Belyea, of Greenwich, King's Co., N. B., suffered from an aggravated form of catarrh which had in his case induced serious deafness, closed the nasal passages so that he could scarcely breath and caused him great pain and trouble. He tried many remedies, but all failed until he got Hawker's Catarrh Cure, three 25 cent packages of which effected a cure. "I can honestly say" says capt. Belyea "that I am practically well, and I take great pleasure in recommending Hawker's Catarrh Cure to those who may be suffering from this very troublesome disease."

For Over Fifty Years.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhœa. Is pleasnt to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.—m. w. f. wkly—1 y

THE CHURCHES' NEGLECTED DUTY.

When the Christian Church in all its branches and agencies, and through all it membership from the pulpit down, puts itself squarely and firmly upon the platform of total abstinence for the individual and Prohibition for the state, then, and not till then, will the liquor power be overthrown, and the awful curse of intemperance be banished from the land.

The two great agencies on which we must depend for the suppression of the liquor traffic are the gospel of Christ and the strong arm of the law, and of these two the first is by far the greater.

We have no faith in the permanency of any reformation which does not aim first of all to reform the hearts of men. The Christian Church could do more, if it would, to bring about the abolition of the liquor traffic than all the temperance societies and temperance parties in the world put together. We do not say this in disparagement of these societies and parties, either. They are doing a noble work—much of it a work which the churches have either refused or neglected to do, the more shame to them.

We thoroughly believe, too, in the agency of the law, in its educative power, in its power to repress and discourage evil men in their evil ways. It is a good thing to reach the hearts of drinking men, if you can, with the Gospel; it is also a good thing to put temptation out of their way, if you can. The flesh is weak, and it is a risky thing to turn a newly converted drunkard out of a church into a street lined with gin mills, and odorous with the odor of the beverages of hell. Let the Church go ahead with its work inside, but don't let it forget to work outside, too. Smash the saloons!

DEBATING SOCIETY ORGANIZED.

Pursuant to notice a meeting was held in the St. Margaret's school-house, King's County, on Friday, the 26th inst., and a debating society organized, with the following officers:

President—Joseph L. McPhee.
Vice-President—Jos. A. McDonald.
Secretary-Treasurer—J. A. McLellan.

Upwards of thirty members were enrolled. Regular weekly meetings will be held Wednesday evenings. The next meeting will take place on Wednesday, Jan. 31st, when a subject of rural interest will be discussed.

CONCERT AT DUNDAS.

The concert by the members of the Bridgetown Juvenile Temple, No. 21, held in the Court House at Dundas on Thursday, was a decided success. Rev. J. Gillis acted as chairman, and opened the concert in a neat and effective temperance speech. Miss Leona Burdett presided at the organ. The programme, which was a lengthy one, was carried out to the satisfaction of all present. The musical selections were appropriate and well rendered. The dramatic skill displayed by the participants in the several dialogues was of no mean order, and worthy of others than amateurs. Miss McLeod, superintendent of the Temple, is deserving of much praise for the creditable performance of those under her charge.

OBSERVER.

MOLASSES AND PETROLEUM.

Almost all the molasses which comes from Cuba to the United States is brought in the same tanks in steamships that are used to carry petroleum as a return cargo. The ships' tanks are about sixteen feet deep and have a neck seven feet deep They are pumped full of oil at Brooklyn or Philadelphia, then taken to Havana, and the oil is pumped out into the tanks of the refining plants there. Molasses is brought from the interior of the island in huge hogsheads which are emptied into the storage tanks. A suction pump drawing about 10,000 gallons an hour fills each ship's tanks to within about two feet of the top, that amount of space being required for the expansion of the molasses. It might be supposed that the petroleum would have a bad effect on the molasses, but it has been shown that the contrary is the case, and as nearly one-half the importation is made into rum and the balance refined into sugar, a little oil is not of much account. The tanks are cleaned after the molasses has been pumped out by turning in a powerful steam jet, which washes down the sides and liquifies whatever molasses may be left in the bottom of the tank, and the suction pump finishes the work. A cargo of molasses, which formerly required ten or twelve days, can now be unloaded in forty-eight hours, while the difference in cost of handling, to say nothing of the saving of time, amounts to a large sum.

How to Get a Sunlight Picture.

Send 25 "Sunlight" Soap wrappers (wrappers bearing the words "Why Does a Woman Look Old Sooner Than a Man") to Levey Bros., Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture free from advertising, and well worth framing. This is an easy way to decorate your home. The soap is the best in the market and it will only cost 1 c. postage to send in the wrappers, if you leave the ends open. Write your address carefully.

According to the World Almanac there are 442 universities and colleges in the United States, with 9,326 teachers and professors, and 133,682 students. These colleges have a total income of $14,256,026 and possess productive funds to the extent of $56,698,333 in addition to grounds and buildings valued at $88,784,901.

The most palatable preparation of Cod Liver Oil in the world is Miller's Emulsion, and is now being taken by invalids with astonishing success. Miller's is "the kind that cures" coughs, colds, bronchitis and all throat and lung trouble. Every bottle warranted. No oily taste like others. In big bottles, 50 c. and $1.00, at druggists.

OVER ONE HUNDRED.—Probably the eldest living person today in Canada resides on Boularderie Island, C. B. The person referred to is Mrs. McAuley, widow of the late James McAuley. Mrs. McAuley, who is yet able to move about her house without assistance, has seen 109 winters. This is certainly an extraordinary old age for a person to live.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. Millers Emulsion is "the kind that cures" colds, coughs, bronchitis and lung disease generally. Every bottle warranted. No oily taste like others. In big bottles, 50 and $1.00, at druggists.
