

CURRENT NOTES.

Entire families are fleeing from Salt Lake City, being driven out by diphtheria.

The conference of London banks has rejected the proposition to close the banks at 1 p. m., on Saturdays.

The monetary conference has closed, all the powers represented except Belgium having arrived at an agreement.

The report that the Duke of Edinburgh will be appointed commander of the Mediterranean squadron is confirmed.

A marriage has been arranged between Princess Eulalie, youngest sister of King Alfonso, and Prince Antonio, son of the Duke of Montpensier.

It is generally believed that the conviction of Stead, editor of the Pall Mall Gazette, Bramwell Booth of the Salvation Army, and Mrs. Jarrett is certain.

Sir Wm. Hart Dyke, Chief Secretary for Ireland, speaking at Bexley last week, said that the Conservatives were determined to avoid coercing Ireland if possible.

Since the first of September last, there has been 153 cases of scarlet fever in Kingston, Ont., and thirteen deaths. The disease is now, however, on the wane.

The French Line steamship L'Amrique arrived at New York on the 4th inst., having among her passengers the sculptor Bartholdi. He was received by a number of prominent French residents.

With an insanity commission in view, Riel's manifestations continue. With regard to his execution, he said a few days ago that if hanged he would rise again from the dead after three days, but he added that he would prefer living, as he did not want God to go to the trouble of raising him from the dead.

The heroine of the Dublin elopement is Kathleen Maud Brooks, daughter of Sir Cornwallis Maude Viscount Hawarden, Irish representative peer, and wife of Gerald Richard Brooke, of Summerston, to whom she had been married ten years and by whom she has had four children. The companion of her flight is Seymour Bashe, and one of the oldest junior barristers in the Munster circuit.

The St. Paul, Minnesota, Free Press, contains a lengthy account of the execution at Grand Forks, Dakota, on the 30th ult., of one George Miller, for the murder of Mrs. C. Y. Snell and her ten-year-old son, belonging to Parsboro, N. S. The crime, which was committed January 23rd, 1885, is stated to be "one of the most horrible ever known outside of the brutal Indian massacres in the Northwest."

Cyrus Yandes, whose father, J. W. Yandes, died at St. Paul, Minn., a few days ago, leaving a colossal fortune, was found dead on his father's grave, on the 4th inst. He had blown the side of his head off with a shot-gun with suicidal intent. Grief for the death of his father and the responsibility of settling a million estate for himself and sister, in the absence of a will, is believed to have unsettled the young man's mind and to have led to his tragic end.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifling with the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trilling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured. "In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me six bottles of AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me." HORACE FAIRBROTHER, Rockingham, Vt., July 15, 1882.

Group.—A Mother's Tribute. "While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours, MRS. EMMA GEDNEY, 159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effective remedy for coughs and colds we have ever tried." A. J. CHANE, Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL." JOSEPH WALDEN, Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles." E. BRADDOCK, Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

WARREN LELAND, Largest Hotel Enterprises

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of Ayer's Sarsaparilla.

Since then Mr. LELAND has recommended AYER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failure to effect a radical cure. Some years ago one of Mr. LELAND'S farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND'S direction, was supplied with AYER'S SARSAPARILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayer's Sarsaparilla for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases.

We have Mr. LELAND'S permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.

Mr. LELAND'S extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.

New and Original Departure in Coal Cooking Stoves COMBINING DURABILITY, HEAT AND ECONOMY.

This Out represents my Patent Fire King Cooking Stove, with the oven, end and lining partially drawn out, as it appears while being cleaned, or when a new lining is being replaced.

THE above Stove I invented and patented in 1876, and at the present time HUNDREDS ARE IN USE, giving perfect satisfaction. A large number have been in constant use for eight years, and the repairs have been very trifling, in many instances none have been required. This valuable experience should be sufficient evidence of their durability, which is accounted for in the following:—It has, instead of a Lined Fire Box, two heavy Curved Cylinders, which obviate the expense connected with all Square Cooking Stoves of being compelled to renew Linings and Grates, at least once or twice every year. The heat being radiated from the Cylinders to the floor, where most needed, overcomes a serious objection to all kinds of ordinary Coal Cooking Stoves. The Cylinders are situated directly under the cover holes, and a fire may be made in one or both, thus adapting it for use either in winter or summer, with equal satisfaction, besides effecting a great saving of fuel. I have also attached the PATENT TELESCOPIQUE OVEN to all my Elevated Oven Wood Stoves, such as the Waterloo, Niagara, Star, &c., causing the thousands using them to exclaim—"My Stoves are worth TEN DOLLARS MORE than the same kind made by other foundries. The trade and retail purchasers will please bear in mind the fact that although a great advantage is claimed for my own Oven above all others, they cost no more, and being the sole manufacturer and patentee, no other foundry can supply. Enquire for Fawcett's Patent Telescope Oven, and it your dealer has none on hand send direct to the Sackville Stove Foundry. I am adding several new and handsome Patterns this season, which, with my former large variety of One Hundred Different Patterns and Sizes of Cooking, Parlor, Office and Hall Stoves, also Farmers Boilers, Hollowware, Ploughs, Stove Pipes and Tinware, comprise the most complete assortment offered by any manufacturer in the Lower Provinces. Terms and prices will be found as favorable as can be obtained elsewhere.

CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excesses. Price, in a sealed envelope, only 6 cts. or two postage stamps. The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This Lecture should be in the hands of every youth and every man in the land. ADDRESS: THE CULVERWELL MEDICAL CO., 41 ABIN St., New York. Post Office Box 450.
