The Railway.

The work of repairing the railway, and making it safe and easy for summer tourists has begun.

It is pleasing to note that the old and broken fences along the line are being replaced by webbed wire fencing with a rail on top. This is the best fencing we have seen in the country.

A number of railway ties have already been laid this spring, and now sleepers have been placed all along the line, ready to replace those which have, in the lapse of years, become rotten.

We note that several of the shortest and sharpest curves on the Eastern section of the line have been considerably lessened, to the ease of the traveller and the saving of wear and tear on the rails and rolling stock.

The cars and locomotives for the express trains have been thoroughly repaired, and painted and furnished to compare favorably with the passenger trains of the Continent.

Notes and Comments.

—Mr. Erastus Wiman says that "Commercial Union is the only right road to Annexation." "Rastus is right."

—The statement of the Bank of Montreal shows that the net profits of that Bank for the year ended 30th April, amounted to \$1,377,476.01, and that after paying two dividends of five per cent., the balance of profit and loss carried forward was \$817,417.53.

—Talking about Arbor Day—what of the trees planted in former years? They remain unpruned—uncared for. Can't the Corporation afford a man to see after them?

—A proposition submitted by La Liberté has caused some comment in Paris. That journal urges President Carnot to mark the centennial year of the revolution by revoking the exile laws and by proclaiming a general amnesty.

—Some one has taken the trouble to compare the figures of Great Britain's liquor bill. The amount per head of the population is \$3.75; its amount per average family, \$16.55; its weight in sovereigns, 976 tons; its acreage, sovereigns laid edge to edge, fifteen acres; its length, sovereigns laid face to face, 115 1/2 miles; its time to count, one sovereign per second, four years; its amount, per each letter of the Bible, \$34 18s. 9d.

Personal.

Mr. G. A. Brown, of the Civil Engineering Department, St. John, is at the Hotel Davies. Mr. C. L. Baxter, of the Portland, Me., Packing Company, is registered at the Osborne.

Bishop Moreno has been arrested at Silas, Mexico, for wearing a cassock in the streets, and fined \$100.

Mr. C. C. Fickett, of the firm of Noyes, French & Fickett, Commission Merchants, Boston, is on a business trip to the Island. He is at the Osborne.

Mr. A. H. Holland, representing McMassters, Darling & Co., Toronto, one of the oldest travellers on this circuit, is visiting the city in the interests of his firm. He is at the Osborne.

We learn with much pleasure that the Rev. S. Weston-Jones, Rector of St. Paul's, in this city, is to be the new Archbishop of Prince Edward Island, and that the appointment will be made at an early date.

Remember the sale of Building Lots on Fitzroy and Euston Streets, on Thursday, 16th inst., at 11 o'clock.—G. M. Harris, Auctioneer.

Meeting of Presbytery.

The Presbytery of P. E. Island met in Summerside on the 8th inst. There were present eighteen ministers and three elders. An elder commission from the session of Long River and Kensington was read and sustained, appointing Mr. John Daughart to represent them in Presbytery and Synod during the ensuing year.

Rev. Mr. Carruthers submitted a carefully prepared report on Statistics. The report furnished a large amount of interesting information indicating progress in every department of church work, especially in contributions to the schemes of the church. The amount raised by this Presbytery for Foreign Missions alone being \$1,000 in excess of any previous year.

The report on Systematic Benevolence was submitted by Rev. W. M. Tufts, and was cordially received and approved, and its recommendations adopted, which are as follows: 1st. That the duty and privilege of giving be early and earnestly impressed on the mind of the young by parents, Sunday-school teachers and others; 2nd. The circulation amongst our people of a pamphlet on systematic giving, published by the Synod's Committee on that subject, and 3rd, that in appropriating moneys collected for the schemes of the church, the comparative necessities of the different schemes be taken into consideration.

Rev. George MacMillan submitted the report on Augmentation, from which it appeared that though one of our congregations had failed to contribute the full amount, yet more than the sum asked from this Presbytery had been raised.

Rev. W. H. Spencer submitted the report on Sabbath Schools. Owing to the neglect of superintendents to furnish the committee with the necessary information, this report, in consequence, failed to give a correct idea of our Sabbath School work, as well as of the number in attendance. The Presbytery received and approved the report and adopted its recommendations, which are as follows:—First, that sessions and S. S. superintendents be informed to furnish the committee with fuller statistics of the Sabbath School work within their bounds; secondly, that Sabbath Schools be supported by grants from the general funds of the congregation, so that the liberality of the scholars in giving to the schemes of the church may be early developed; and thirdly, that the Presbytery be divided into districts, and that Sabbath School conventions be held in the several sections, and when practicable that the schools be visited in groups, with a view of awakening a deeper interest in the Sabbath School work of the church.

The following are the districts into which the Presbytery was divided: 1. Murray Harbor, Wood Islands, Caledonia, Valleyfield, Belfast, Orwell and Montague, Rev. Mr. Spencer, Convener. 2. Georgetown, Cardigan, Dundas, Bay Fortune, Souris, East St. Peters, Mount Stewart and West St. Peters, Rev. J. W. McKenzic, Convener. 3. Cove Head, St. Peters and Brackley Point Roads, Charlottetown, West and Clyde Rivers, Brookfield, Cavendish and New Glasgow, Rev. A. W. Mahon, Convener. 4. Strathalbyn, Tryon, Bonshaw, Clifton, Granville, Long River, Kensington, Bedouet, Summerfield, Princetown and Summerside, Rev. George McMillan, Convener. 5. Richmond East, Richmond Bay West, Alberton, Bloomfield, O'Leary, Brae, West Cape, Campbellton, Tignish, Montrose and Elmsdale, Rev. A. F. Carr, Convener. Rev. Mr. Mahon submitted a very interesting report on temperance, which was approved and adopted.

Rev. J. R. Coffin read an excellent report on the state of religion, showing that, so far as we are able to judge, never in any previous year was religion in a more hopeful and flourishing condition than at the present time. The report was received and adopted, and the Convener of this and of the other committees was instructed to furnish the Convener of the Synod and Assembly's committees each with a copy of their respective reports. J. M. Macleod submitted a report from the committee on the Book of Forms, suggesting a number of changes in the rules and forms of procedure. The report was approved, and ordered to be forwarded to the Clerk of the Assembly. The Rev. W. P. Archibald, B. D., was authorized to moderate in a call in Brookfield as soon as that congregation is prepared to proceed in calling a minister. Notices from Presbyteries were read, intimating their intention to apply to the General Assembly for leave to receive as ministers of the P. C. in Canada the Rev. W. M. Cruikshanks and Rev. W. H. Craig, of the Congregational Church; the Rev. W. Knowles, of the Methodist Church; Rev. George McKay and Rev. James Murray, of the Established Church of Scotland, and Rev. James H. Beatt, of the U. P. Church of Scotland.

The following appointments were made for the month of May:—Caledonia, Mr. J. M. McLennan on 19th and 26th; Brookfield, J. M. McLennan on 12th; West and Clyde River, Rev. D. Wright on 19th and 26th; West Cape, Rev. Wm. Scott on 19th and 26th; Tignish, Montrose and Elmsdale, 19th and 26th; Strathalbyn, Mr. Malcolm McLLeod, 19th and 26th; Richmond Bay East, Mr. J. K. Fraser, and Cardigan and Dundas, Mr. Angus McKay. Mr. Malcolm McLLeod was appointed to preach in Caledonia for the month of June.

The next quarterly meeting of Presbytery was appointed to be held in St. James' Hall, on the first Tuesday in August, at 11 a. m.

J. M. MACLEOD, Pby Clerk.

"George," said the beautiful girl, as the blushes chased each other over her eloquent face, "papa has ordered just the loveliest floral decorations for our wedding next week! There will be one piece representing a wedding party of six persons, the figures all life-size. The florist says they will be perfect, but he thinks the bride ought to be holding an emblem of some kind—an anchor, or a motto or a book. Can you think of something appropriate, George?" "An emblem to go with the six figures?" "Yes." "How would a dollar mark do?" suggested George, with a respectful cough.

Test Your Own Tea.

A Russian analyst, writing to the papers, gives the following as a test by which tea can be proved to be genuine or not:—Put a pinch of tea in a glass, pour upon it a little cold water and shake it up well. Pure tea will only slightly color the water, while a strong infusion is quickly got from the adulterated or painted leaf. Now boil both sorts separately and let them stand till cool and the difference between them will be most marked. The false tea will become still stronger after long standing, but will remain transparent, whereas the pure tea will become muddy or milky. This last appearance arises from the tannic acid, which is a neutral property in pure tea, but which in artificial tea is entirely absent.
