Local and Other Items.

TEMPERANCE.—Meeting of Victoria Division to-night.

SHUT OFF.—The water was shut off on a part of Pownal Street to-day, while a broken pipe was being repaired.

ARRIVAL OF THE CORSICAN.—The brigt. Corsican arrived here from New York on Saturday last with a cargo of coal for C. Lyons.

I. O. O. F.—Regular session of St. Lawrence Lodge this evening, at 8 o'clock. Initiation of candidates. The degree team will please attend punctually.

A STORMY PASSAGE.—A cable despatch of the 20th inst., from Mr. James Paton, of the firm of James Paton & Co., states that the steamer Sardinian has arrived at Moville after a stormy passage.

PROMENADE CONCERT.—We learn that Prof. Logan and Mr. Sobieski are making arrangements for a grand Promenade Concert, to be help in the Hillsborough Rink about the middle of next month.

CALEDONIAN CLUB.—A special meeting of the Caledonian Club of P. E. Island will be held to-morrow (Tuesday) evening, at eight o'clock, to complete arrangements for the annual Gathering of the Clans.

LOST HIS WATCH.—A drunken countryman lost a valuable watch in the city some time during Saturday night last. He has reported his loss at the police station, and the officers are endeavoring to locate the missing timepiece.

ARRIVAL OF THE SERVIA.—By cable from Liverpool, we learn that the steamer Servia arrived at that port this morning—all well. L. E. Prowse and wife, G. F. Beer and sister, and George Stanley, all of Charlottetown, were among the passengers.

A SCAFFOLD FALLS.—A scaffold upon which a number of bricklayers and laborers were at work, gave way in Toronto on Friday last, precipitating the occupants to the ground. One of the laborers was killed and several others were severely injured.

THE COAL TRADE.—It is said that twenty steamers of a tonnage of 18,742 tons, are being continuously engaged bringing coal from Pictou and Cape Breton mines to Montreal. This number does not comprise all steamers which call at Nova Scotia ports and bring coal to Montreal.

HORSES AND LAMBS.—The *Agriculturist* says:—Mr. James B. Donalds, a popular horse buyer of Addison, Me., who has been here for several days, left for home on Saturday with seven horses which he purchased during his stay here. Thomas Drummond shipped seventy lambs by the same boat to St. John.

THE RESERVOIR.—The reservoir on Mt. Edward was filled, or nearly filled, on Saturday, and the water was "run off" again this forenoon. On enquiry, we learn that a leak was again discovered. The engineer states that the leak is much smaller than heretofore, and hopes that the work now going on will make it quite tight. We hope so, too.

BROKEN INTO.—Two young lads broke one of the panes of glass in a rear window of Mark Wright & Co's. furniture show rooms yesterday afternoon, and through the opening thus made effected an entrance into the building. A woman living in the neighborhood frightened them off before they had time to do any further damage. Mr. Wright does not miss anything from the premises.

STEAM COMMUNICATION.—The St. John *Sun* says: A steamer now makes regular trips between Pugwash and Prince Edwaad Island. It is stated on the opening of the Short Line to Oxford, and the Springhill and Oxford Railway, thus giving direct communication with Parrsboro, steamers will also make connections at Parrsboro for Boston. Messrs. Churchill of Hantsport have the matter under consideration.

SCOTTISH GATHERING.—We learn that the Caledonia Club Gathering, which is expected to take place about the middle of August next, will be held on the beautifully situated grounds of the Charlottetown Driving Park and Exhibition Company, at the eastern end of the city. The fence now being erected around the grounds, will be completed within a few days, and will, it is thought, add very materially to the success of the Gathering.

THE CRAPAUD TEA.—As was anticipated, the tea at Crapaud on Saturday was a great success. The attendance was very large. Some persons present estimate that by the middle of the afternoon there were between two thousand and three thousand people on the grounds. The order throughout the proceedings was excellent. It is needless to say the tables were all that could be desired, while the streams of people who patronized them must have swelled the receipts beyond the most sanguine expectations of the committee.

THE FOUNTAIN.—The basin of the fountain on Queen Square was filled on Saturday afternoon for the purpose of testing the work. The test, so far as the basin was concerned, was satisfactory. But several feet of the sewer adjoining the northern side of the basin became undermined by the unusual flow of water, and caved in yesterday afternoon. As a result of the disaster the basin was soon cleared of its water. However, workmen are to-day engaged repairing the damage to the sewer, and everything will be all right again by this evening or to-morrow.

CRICKET.—The cricket match between "Seniors" and "Juniors," played at Victoria Park on Saturday afternoon last, was won by the "Seniors." The score was 93 to 33. For the "Seniors" W. Murray made 26, K. J. Martin 22, and W. Matheson 12. For the "Juniors" R. H. Macdonald made 12. These were the only double figures made. The bowling of R. V. Longworth, of the "Seniors," was exceptionally good, he having taken three wickets in three successive balls—which entitles him to a cricket cap from the club.

FIRE.—We learn that a barn and dwelling house at Covehead Road, occupied by Mr. James Hughes, were destroyed by fire on Saturday night last. The barn was filled with this year's hay crop, which had only been stored there that evening, and was burnt to the ground, while the dwelling house was only partially burnt. The origin of the fire is unknown. There was no insurance on the crop, but the house and barn were insured in the Royal Insurance Company.

SPECIAL DESPATCHES TO THE EXAMINER.

The St. John Carnival.

St. John, N. B., July 21.

The city has been all bustle and stir to-day, and to-night the street are crowded with people from all parts to attend the carnival which opens to-morrow. The influx of visitors is totally unexpected at so early a date. The Canadian Pacific express on Saturday from Montreal was nine hours overdue, owing to the heavy train having five extra sleepers attached some of which were occupied by the Canadian Press Association. The International Steamship Co's. direct boat arrived this evening with nearly five hundred, and all trains arriving in the city on Saturday and this morning were late, owing to the heavy passenger traffic. There are several thousand people already here. H. M. S. Tourmaline arrived this afternoon. The weather has been divided between sunshine and showers to-day, but the prospects for fine weather are good.

Rumored Changes.

OTTAWA July 21.

A Conservative paper prints the statement that an Act creating a department of trade and commerce, and abolishing the portfolios of Customs and Inland Revenue, is shortly to be put into effect, and that Mr. Abbott will be made Minister of Trade and Commerce, while Messrs. Bowell and Costigan will get fat Government offices. The fact that Mr. Chapleau has resigned his position as director of several local railways, is regarded as evidence that he is about to assume the position of Minister of Railway and Canals.

French Political Matters.

PARIS, July 21.

The *Temps* says that the dismissal of the officials who sympathize with the Boulangist movement continues. Thirty clerks employed in the Finance Department and a large number employed in the office of the Minister of War and Interior will be discharged. The *Nationale* says the government proposes to warn the electors that Boulanger is ineligible as a candidate for the Council General.

Ocean Steamer Ashore.

ST. JOHN, N. B., July 21.

The steamer Cumberland from Boston to-night reports that off Little River she sighted an ocean steamer ashore on Old Man Island, with bow under water and stern out of water. Could see boats and some vessels around her, but could not distingnish name. Her smoke stack is painted yellow.

In Favor of Salisbury.

LONDON, July 21.

In the case of William O'Brien against Lord Salisbury for damages for slander, the jury yesterday returned a verdict in favor of Salisbury.

NOTHING TO LIVE FOR.—Two maiden sisters, named Anita and Miriam Boggs, living near Point Pleasant, Va., committed suicide one day last week by taking arsenic. They left a letter signed jointly, saying there was nothing in life for old maids, and they were tired of it. They were in fair circumstances, but had no relatives living.

BOSTON PRICES.—Circnlars at hand this morning report the egg market has been extremely dull the past week, with P. E. Island stock dragging at 14 cents. There is not much doing in potatoes, and the tendency is to lower prices. Mackerel are arriving a little more freely, and receipts meet with a ready sale at the prices last quoted.

HIS ARM BROKEN.—On Friday evening last, says the *Agriculturist*, while Mr. D. C. Ramsay of Port Hill was driving home, his horse was frightened by a dog between St. Eleanors and Miscouche, and bolted, throwing Mr. Ramsay to the ground, breaking his left arm about midway between the shoulder and elbow. He was at once brought to Summerside, where the broken arm was set by Dr. Beairsto.
