(*Continued from first page.*)

conversation it was given him, and it appearing that the prisoner was informed that his sisters had told all the facts within their knowledge, Mr. Gregory objected to the reception of the proposed evidence of admission.

His Honor expressed some doubts of the admissibility of the evidence under the preliminary testimony given by the sheriff, and the attorney general did not press the evidence.

The evidence for the prosecution was here closed, and at the request of Mr. Gregory, Abraham Kupkey, one of the witnesses named on the back of the indictment, who had not been called, was put upon the stand for examination by the prisoners' counsel. Mr. Gregory then opened the case for the prisoners in a short speech, in which he pointed out the difference of the position of the land owners on the Tobique in the exercise of the privilege of fishing in former days where they pleased in front of crown lands without interference by the government, and the present restriction to their own land fronts by the system of stream leasing. He did not claim that this should affect the legal rights of the prisoners further than it should affect the jury in estimating the motives and intentions of the prisoners. He would refrain from mixing up, in so solemn an investigation, which involved the lives of the prisoners, question of politics, party or personal feeling. He then referred to some authorities, showing that the grand jury had a right, if they were so disposed, upon an indictment for murder, to find a true bill for manslaughter, and said that he had expected to defend the prisoners on a charge of manslaughter rather than murder, and the desire of the grand jury to find a bill for manslaughter, evidenced by the proceedings in court, and the imperfectly obliterated word manslaughter on the back of the indictment showed that his expectations were not unreasonable and were very nearly realized. He then called some witnesses to testify to the character of the prisoners. The depositions of Mr. Howes' son and Wm. Harrison were then put in contradiction of their evidence in court.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**
