Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

Mrs. PENNINGTON New Rockland, P.Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me. "In the spring of 1920, I started taking "Fruit-a-tives" and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about "Fruit-a-tives" for I know how they must suffer. Some thought the Asthma would come back on me as winter came on but it has not, thanks to "Fruit-a-tives" Mrs. J. M. PENNINGTON. 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Deceased was well and in his usual good health until about two weeks before he died, when he was stricken with pneumonia and despite all that loving care and kindness and the best of medical skill could do, it proved of no avail against the silent angel of death. Considerable property remains to be divided among his relations. "Mark the perfect man and behold the upright for the end of that man is peace."
