

The London Times, after showing the utility of many of the assigned reasons for the haste peace, insists that the following is something like the truth of the matter: "History tells us what passed at Tilsit, and some French memoir will doubtless at a future day relate what was the conversation at Villafranca. It is not necessary, however, to wait for the authentic report, the results suggest what the conversation must have said. 'Surely,' we can imagine Francis Joseph to have said, 'my Imperial brother cannot intend to revolutionize Hungary and to establish a focus of insurrection in Italy? Not the least in the world. I care no more for these Italians than you do. This matter has gone quite far enough for my purpose. You see now that France is necessary to Austria. We will settle this affair, and I will leave you stronger in Italy than you ever were. I will also make everything straight between you and Russia. You shall be one of us, and we three together will impose law on Europe.' Is it to be wondered at that Francis Joseph, with a beaten army and a bankrupt exchequer, was not proof against such temptations?"

Mr. D. Parry, staff surgeon at Aldershot, gives a very interesting account of a case of sudden whitening of the hair. On the 19th of February, 1858, after an engagement with the rebel force, in the south of Oude, a captured Sepoy of the Bengal army was brought before the authorities for examination. Apparently aware from the first of the danger of his position, he trembled violently, intense horror and despair were depicted on his countenance, and he seemed almost stupefied by fear. While under examination, within the space of half an hour, his hair, from the glossy jet black of the Bengalee, became grey on every portion of his head. The statement is given in the Medical Times over the signature of Mr. Parry.

THE HARPERS PROSPERING.—A New York correspondent of the Philadelphia Press thus communicates the following: Talking of books while lounging in the spacious rail-off reception place of Harper & Brothers, a day or two since, one of the brothers remarked that from the 1st of Jan. to the 1st of July last, they had printed and sold more books than they had ever printed and sold in any other six months since their concern was organized. So great is the demand for their publications that they have been obliged to put up more Adams' presses, and the whole force of the establishment, numbering nearly fifty presses, is daily occupied to its fullest capacity. Their expenditure for labor and white paper alone amounts to three thousand dollars per day.

Letters by the steamer Africa, received at Boston, state that Mr. F. Gishorne, the projector of a submarine Telegraph between Boston and Nova Scotia, has organized a company in England for manufacturing telegraph cable. Their works are at Millwall, and two hundred workmen are now employed in the manufacture of cable for the line from Toulon to Algiers, the contracts for which are ratified to Mr. F. N. Gishorne by the Emperor of France. They are also manufacturing the Atlantic cable for the British Transatlantic Telegraph Company, to be laid down between Scotland and the Straits of Belle Isle to Canada.

A returned Californian reached home a week or two ago, with between \$15,000 and \$16,000 in gold coin. Feeling it unsafe to keep so much money about him, and suspicious of the honesty of banking institutions, he determined to bury it, which he accordingly did, without informing any one of the locality. A few days afterwards he went out riding, when he was thrown from his horse and instantly killed. Of course no one knows where the money is, although it has been searched for carefully.

TO CORRESPONDENTS.

Some portion of the second part of "Mentor's" letter is in type, but finding that it would occupy a great deal more space than we could devote to it in the present No., and not wishing to make a further division of it, we are reluctantly compelled to reserve it for our next publication.

Mr. Cooper's letter is likewise again omitted for want of space.

Every family should be supplied with Perry Davis' Vegetable Pain Killer. Its magic effect in removing pain from all parts of the body, has given it a world wide reputation. No family having once used this medicine would willingly be without it. It is what its name purports, a Pain Killer.

Holloway's Ointment and Pills.—A most erroneous idea prevails in this country in relation to hemorrhoids, or piles. They are suffered to drain the system of its life-blood, because, forsooth, it is deemed dangerous to meddle with them. Now we undertake to say that every form of the disease can be expeditiously cured (not merely suppressed), by the simultaneous use of Holloway's Pills and Ointment. The former expel the acrid irritating matter which produces the hemorrhage while the Ointment, acting as a balsamic styptic, closes the mouths of the relaxed blood-vessels near the terminus of the intestinal canal, and thus a safe, complete, and permanent cure is achieved. 10

SARZA.—We have long supposed this celebrated drug had come to be an exploded humbug, but we are assured by those skilled in the healing art, that not the Sarsaparilla itself is to be blamed for this conclusion, but the miserable worthless preparations of it, that have been palmed off upon the community—preparations which contain about as much of its virtues as they do of gold dust. It is a commercial fact that almost all the Sarsaparilla gathered in the world is consumed in the old countries of Europe, where the science of medicine has reached its highest perfection, and where they know the best way to employ for the mastery of disease. Hence we are glad to find that we are now to have a compound of this excellent alterative, which can be relied on, and our community will not need be assured, that anything DOCT. AYER makes, is worthy of their confidence. He has been for years engaged in eliminating this remedy (see adv'g cols.) designing to make it his "chef d'oeuvre," which should add the crowning glory to his already enviable reputation.—American Celt.

Pain Killer.

We clip the following from the Providence General Advertiser, Sept. 12, 1857:— At this season of the year, when cholera, cholera morbus, dysentery, and other kindred complaints are sure to prevail, everybody should be liberally supplied with Perry Davis' Vegetable Pain Killer. Persons leaving home, whether it be for a day's excursion or a trip to Europe, should have in a condition to place their hands on it at a moment's warning. Many diseases incident to the summer months, which will prove fatal if not immediately checked, can be promptly cured by one or two doses of the Pain Killer. On more than one occasion have we been relieved of intense suffering by the timely use of the above-named preparations.

AYER'S CATHARTIC PILLS.

The sciences of Chemistry and Medicine have taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unappreciatedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, simulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in civilized doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of anath. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men. The Agent is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:— Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a full stomach, Nausea, Indigestion, Morbid Function of the Bowels and Pains arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions. Do not be put off by some unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best and there is for them, and they should have it. Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Globe Hotel—Notice.

THE Subscriber, having been absent for three or four weeks in one of the neighboring Provinces, where he had been detained longer than he expected by very severe illness, and by unavoidable delay in settling the business on which he had gone there—some evil and malicious persons circulated a false report to the effect that he had absconded from his creditors, leaving his business entirely unsettled, and a large amount of property undisposed of. And the said report, proving highly injurious to his business with the travelling public, the Subscriber deems it his duty to state that he is again at his post—that the business of the Globe Hotel has been conducted uninterruptedly in his absence, and will be continued so; and that his facilities are the same as usual for affording the best accommodation to his old customers and travellers generally. J. W. CAIRNS. Charlottetown, September 19. Mon. & Isl. 1m.

Notice.

THE Subscriber hereby notifies all persons who are indebted to him, to come forward without delay and settle their respective accounts, otherwise proceedings will be instituted against them, as the steps taken by many of those who have claims against him have left him no other alternative. He begs also to notify those of his creditors with whom he can transact business, that he will meet them at the Globe Hotel on Tuesday next, 27th inst., at three o'clock, p. m., with the view of making an arrangement for the adjustment of their several claims. J. W. CAIRNS. Globe Hotel, Sept. 19. Isl. & Mon. 1w.

Ayer's Sarsaparilla.

A compound remedy, in which we have labored to produce the most effectual alternative that can be had. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:— SCROFULA and SCROFULOUS COMPLAINTS, ERUPTIONS and ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS and SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OF THE DOUGLORNEK, DEBILITY, DYSPEPSIA AND INDIGESTION, EARACHE, LAS, ROSE OF ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are ripped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this purgation of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla, which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY DR. J. C. AYER & CO. LOWELL, MASS. Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever been found to do.
