Teachers Executive

And Salary Committee

Hold Joint Meeting

At a meeting in the Teachers' Federation Office on January 6, the Island Teachers' Federation executive sanctioned a plan of the salary committee to meet the Government regarding teachers' salaries. The general feeling of the meeting was that the initial salaries are reasonably satisfactory, but since so many teachers are yearly leaving the profession, something should be done to remedy this weakness and thereby hold the teacher in his profession. A scale of yearly increments, it is felt, if sufficiently attractive, will hold the teacher in his profession, thus remedying to a large extent the perennial shortage of teachers.

Meeting also with the executive of the city teachers, the provincial executive discussed plans for the pending C. T. F. conference in Charlottetown next August. At some length the meeting considered plans for the most appropriate checking of teachers at Easter convention. It may be recalled that following our last convention, the Department of Education expressed its deep concern over the attendance report. It is hoped that this year the Department because of its interest in the teaching profession will have all concern over attendance removed.

The general secretary gave a comprehensive report of the plans of the Education Week Committee as elsewhere reported in the press. The Island teachers' general secretary and their representative on the C. T. F. directorate were given instructions by their executive as to information desired and programme agenda for a National conference of general secretaries in Toronto and a directors' meeting in Ottawa early in the new year.

At their next meeting the middle of February the executive will finalize plans for the teachers' Eastern convention in March. All members of the executive were present, with Miss Mabel O'Brien of Morell in the chair.

P.E.I. Hospitals On Approved List

The list of 3,280 hospitals in the United States, Canada and other countries approved at the end of 1950 by the American College of Surgeons includes four hospitals in this Province.

The approved hospitals, which must have 25 beds and over, are divided into two classifications—fully approved and provisionally approved. The Prince Edward Island Hospital with 200 beds and 35 bassinets, the Charlottetown Hospital with 108 beds and 17 bassinets, the Provincial Sanatorium with 140 beds, and the Prince Edward Hospital at Summerside with 73 beds and 19 bassinets are among those fully approved.

The P. E. I., Charlottetown, and Prince County Hospitals are all approved for graduate training in surgery and/or a surgical specialty by the American College of Surgeons. The announcement which is made by Dr. Paul R. Hawley, Director of the American College of Surgeons, shows that six more hospitals appear on the list than in 1949.

Since its inauguration of the program in 1916, the College has expended more than \$2,000,000 in the improvement of patient care in the hospitals of the United States and Canada. A series of conferences is being held with the American Medical Association, the American College of Physicians and the American Hospital Association in the hope that a co-ordinated program may be developed.

The regents have every intention of continuing the Hospital Standardization Program upon an expanded scale and even with deficit financing until a solution is found which is agreeable to the majority of the profession, and which is, above all, in the best interests of the public.

Receives Sentence Of Two Years In Prison

Frank Harley, City, was sentenced to two years in Dorchester Penitentiary when he was convicted on a charge of breaking, entering and theft held before Stipendiary Magistrate K. M. Martin Saturday morning. The charge was laid in connection with a break into the E. M. Simpson and Co., local office equipment establishment located on Richmond Street, on the night of December 29th.

Other cases appearing in the City Police Court on Saturday morning included the case of a man charged with common assault who was fined \$20 and costs or 30 days, and a man charged with being drunk and incapable was remanded until January 13th.

City Police have also reported a break over another break and two attempted breaks during the latter part of last week and are carrying out intensive investigations concerning the incidents. The most recent of these was a break into the Cash and Carry grocery store on Great George Street during Friday night when someone gained entrance to the establishment through a second story window.

Describes Life As Missionary In Red China

The work of the Maryknoll Missionary Sisters and other Christianizing orders and societies in China was graphically described last night to a very large gathering of people in the Holy Name Hall by Sister Mary de Ricci, a Maryknoll Sister, home on a leave of absence after twenty three years in Hong Kong. She was formerly Miss Mary Cain, a sister of Mr. James Cain of New Perth.

Back from a country torn by years of war and strife and now under Communist rule, Sister de Ricci recounted the works of conversion being performed and the determination of the missionary workers to carry on despite the ever increasing restrictions of the Reds. Sister de Ricci left Hong Kong in July at which time the Missionary sisters received letters after they were censored by the Communists. Nevertheless the Sisters were able to carry on their work in cheerful and hopeful manner, she said.

"Since that time more and more obstructions have been placed in the way of the sisters," she continued. "The week before Christmas two Maryknoll sisters were imprisoned and the Communists had threatened to Catholic bishop."

"The latest rule of the Communists is that no one can go out and preach the doctrine. The people may come to the missionary quarters and receive instruction if they wish," she stated.

Sister de Ricci pointed out how much she meant to the Christians to have the sisters with them during these perilous times. She stated that there were many Communists in Hong Kong but they did not interfere with their work.

"The Chinese appreciate holiness and charity among the missionaries. They expect you to live by what you preach and if you do the converts become ardent Christians," she stated.

Many Conversions - "Numerous educated adult Chinese were being converted," she continued. "They understand the situation in the east now and know that Communism is the enemy of the Catholic religion."

"A number of the younger Chinese become Christians in order to receive material aid, while the others join the church because they know it is the means of salvation," she stated. She recounted several personal experiences of converting whole Chinese families as well as converting university teachers and the some of the very poor in Hong Kong.

She explained in detail the order of the Maryknoll Missionary Sisters and told of the areas in which they worked. These areas included Ceylon, Japan, Philippines, Bolivia, Chile, Panama and Africa.

A vote of thanks was tendered Sister de Ricci by Mr. Ivan Dowling and seconded by Dr. W. J. P. MacMillan. The talk was arranged by the Basilica and Holy Redeemer Youth Clubs.

Today Sister de Ricci is to speak to the Sisters and nurses of the Charlottetown Hospital. Tuesday morning she will speak to St. Joseph's Convent school and in the evening, to Note Dame Academy. Students of Prince of Wales College will attend this talk.

On Wednesday and Thursday she is scheduled to appear at Mount St. Mary's, the Orphanage, St. Dunstan's University and the Precious Blood Monastery. Other talks at Kinkora and Summerside are dependent on weather conditions. Later, if roads are open, she may speak at St. Francis Xavier's University, Antigonish and at Mt. St. Vincent, Halifax.

Graduate of P. W. C. - Sister de Ricci is a graduate of Prince of Wales College and Provincial Normal School, from which she graduated with high honors. She also attended St. Francis Xavier College of Antigonish and graduated from Mt. Vincent College, New York St. Vincent's College, C.S.S.R.

The Rev. Robert Cain, C.S.S.R., of William's Lake, British Columbia, Dr. E. F. Cain and Miss Catherine Cain of Anaheim, California are her brothers and sister.

Sister Mary de Ricci entered Maryknoll in 1923 and pronounced her vows in 1926. The next year she went to Hong Kong and was appointed headmistress at Holy Spirit School, Hong Kong, in 1928.

During the war she was interned at Hong Kong for six months but later was able to get to the interior of China at Kowloon and Chungking. When conditions grew worse in China, Sister de Ricci went to India where she taught with Tara Hall in Simla with the Loreto Sisters.

Regular Meeting Gulf Garden Lodge

Gulf Garden Lodge No. 952 Ladies' Auxiliary to the B. of R. T. held their regular December meeting in the Lodge hall.

A gaily decorated Christmas tree and candle light made a beautiful setting for the installation of officers for 1951.

The installation was conducted by Past President Florence Lavers, assisted by Christine Corry, E. P. Lynds, past-president, Florence Davey, president, Lauretta Dayle; vice-president, Helen Lavers; secretary, Susie Coffin; treasurer, Gladys MacAusland; chaplain, Helen Herring; conductress, Mary Whitlock; warden, Zita MacDonald; inner guard, Louisa Stewart; outer guard, Blanche Arbing; legislative representative, Ruby Lynds; delegate, Florence Lavers.

Routine business was carried out. Committee reported flowers and fruit had been sent to sick members. It was decided to postpone card party until January.

An address of appreciation was read by Lauretta Dayle and Florence Lavers presented a lovely Christmas gift to past-president Florence Davey, who expressed her thanks to Lodge members for their cooperation through the past year.

A delicious lunch and exchange of Christmas gifts concluded the meeting.

Rate Hearings At Ottawa This Month

Prince Edward Island will be represented, along with the other Maritime Provinces, at the Board of Transport Commissioners' general freight-rate hearing at Ottawa on Jan. 15 through counsel of the Maritime Transportation Commission, it was learned yesterday.

This hearing is distinct from the Board's January 19 hearing on the railways' application for a five per cent interim increase, in connection with which opposition is expected to come from several provinces. According to Mr. A. A. MacPherson, K.C., counsel for the Saskatchewan Government, the Prairie representatives will take the position that the railways do not need and are not entitled to the requested increase.

According to the Winnipeg Free Press, the Prairie Provinces will not be represented at the Board's general freight rate hearing on Jan. 15, but will inform the Board privately of their position, which is to the effect that a general inquiry would be of little value until the report of the Turgeon Royal Commission on Transportation is received.

WESTON, Mass., Jan. 3 - (AP) - The Boston College seismograph today recorded two distinct earthquakes, "very small and possibly on the west coast."

Church men of the United Church of Canada, Mr. Young was appointed to this position by the General Council of the United Church, in September.

Whitney Dalrymple, Boys' Work Secretary of the M.R.E.C., has been appointed as Acting General Secretary, and will serve in the dual capacity of General and Boys' Work Secretary until a successor to Mr. Young has been appointed.

A personnel committee has been appointed by the M.R.E.C. to find a new General Secretary. Major G. Raymond Smith, Halifax, is chairman of this committee, which will report to the annual meeting of the M.R.E.C., which will be held in Sackville on January 30 and 31.

Five Young Men Take Diesel Course

Five young men from various parts of the Maritimes are undergoing a course of instruction in diesel locomotion at Charlottetown railway school. The school is the first of its kind in Canada to provide training for electrical and mechanical apprentices in the operation and maintenance of diesels and has been in operation one week, opening on New Year's Day.

The trainees, all with some previous diesel instruction, are taking the six months course under Mr. Murray Mellich, assistant foreman of the C. N. R. mechanical plant at Charlottetown. The Charlottetown school will serve as the nucleus for the training of highly qualified diesel men for the C. N. R. in other parts of Canada.

The boys, between the ages of 19 and 21, who are now taking the course are George Watling, machinist apprentice, Black River, N. B.; Colin Pierce, machinist apprentice, Halifax, N. S.; Ivon Levesque, machinist apprentice, Campbellton, N. B.; Harold Bauer, electrical apprentice, Moncton, N. B.; and Douglas Parker, electrical apprentice, Moncton.

Former Ch'town Woman Elected

MONTREAL, Jan. 6 - (CP) - The first woman alderman of suburban town of Mount Royal believes "women with outside interests are more appealing to their husbands and children than women whose interests are bounded by the walls of home."

Mrs. Joan Storey, charming 29-year-old Charlottetown-born housewife and mother of a two-year-old daughter, yesterday won the council seat by defeating the town's prosecutor Aime Lacroix. It was the first time a woman had sought election in Mount Royal.

A total of 1,377 of the 3,948 eligible voters cast their ballots, with Mrs. Storey getting 958 against 401 for the lawyer. Her opposition failed to win any of the 11 polls.

It was Mrs. Storey's first attempt to gain public office. But she said she is not at present interested in carrying her success any further than "expressing the voice of women to the council."

She maintains women are better acquainted than men with community problems. "After all husbands are at the office all day," she feels qualified for the aldermanic post "not only because I will bring the feminine point of view to the council, but because of my years of experience in economics, business and finance."

It was in December that Mrs. Storey took definite interest in the town council. She was one of a group of women who attended a council meeting to protest the violation of building regulations in her area. In jest, the mayor had suggested that "one of these charming ladies" contest the post left vacant by the recent death of Cecil Russell.

Both she and her husband were graduated from McGill University in 1942. She worked with the for-
