GREAT ENGLISH REMEDY!

The most valuable Spring and Summer Medicine in the World: Dr. Halsey's Forest Wine. Patronized by the nobility and medical faculty of England, and esteemed the most extraordinary medicine in the World.

MEDICINE containing molasses or liquorice—like the boasted Sarsaparilla, require many large bottles to produce the slightest change in health. The Forest Wine is altogether a different article. It contains no syrup to give it consistency, but acquires its excellent flavor and powerful medicinal properties from the vegetable plants of which it is composed. The Forest wine combines the virtues of the WILD CHERRY, DANDELION, YELLOW DOCK and SASSAPARILLA, with other valuable plants whose properties are all most effective. Its high concentration renders it one of the most efficient medicines now in use. Sometimes less than a single bottle restores the lingering patient from weakness, debility and sickness to strong and vigorous health. Every dose shews its good effects on the constitution, and improves the state of the health. The Forest Wine is recommended in the strongest terms for all complaints of the stomach, Liver, Kidneys, Nervous Disorders, Billious Affections, Dropsy, Dyspepsia, Loss of Appetite, Jaundice, Female Complaints, Scrofula, and all Disorders arising from bad blood and impure habit of the system.

Testimony of Mr. Nathan Mathews, a highly respectable and wealthy citizen of Newark, N. J. Dr G W Halsey—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them I laid at the point of death with dropsy, piles and asthma. My physician had given me up as past cure, and my family had lost all hopes of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine and box of Pills, I experienced great relief; my body and limbs which were greatly swollen became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicine for about a month, the Piles and Asthma were completely cured. The Dropsy, through which my life was placed in such great danger, was also nearly gone. I have continued the use of your medicines until the present time, and I enjoy as perfect health as ever I did in my life, although I am more than sixty years of age.

NEW CURE OF LIVER COMPLAINT OF TEN YEARS' STANDING. New York, January 9, 1848. Dr Halsey—Dear Sir,—Having taken your Forest Wine and Pills to remove a disease of the Liver which I have suffered severely for upwards of ten years; and having adhered closely to the directions which accompany the medicines I have recovered my health, notwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke disparagingly of my case, and tried to persuade me from making use of any advertised remedies; and I doubt not, that there are hundreds who are dissuaded from taking your excellent medicines in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men in flaming advertisements. But, what a pity it is that the deception used by others should be the means of dissuading many labouring under disease from making trial and being cured by your excellent remedies. Humanely speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and in six weeks from the time I purchased the medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having taken one box of Pills, and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies.

Are diseases of the mind as well as of the body, usually brought on by troubles and affliction, and are most common to persons of delicate constitutions and sensitive minds. Low spirits, melancholy, frightful dreams, and fearful anticipations of evil from the slightest causes, generally accompany nervous disorder. The Forest Wine and Pills are an energetic remedy in these complaints. Extracts of a letter from Mr. Joseph C. Paulding, dated Philadelphia, September 7, 1848. Mr G W Halsey—Dear Sir,—Your Forest Wine and Pills have cured my wife of a dreadful nervous disorder with which she had been affected for many years. Her body was almost wasted away. She was frequently disturbed in her sleep by frightful dreams, awakening quite exhausted and covered with perspiration, and at times labouring under the delusion that something dreadful was about to happen her. By the use of four bottles of the Wine, and a box of the Pills—she is now in perfect health. She has regained her flesh and color, and enjoys society as well as ever. J C PAULDING. Dr David Marcin, a celebrated practitioner of New York, declared publicly that one bottle of Halsey's Forest Wine contained more virtue than fifty of the large bottles of Sarsaparilla. Messrs S S Lippman & Co., one of the largest and most respectable Druggists in Syracuse—in a letter says:—"From what they have heard and seen of Halsey's Forest Wine it is an excellent and good medicine, and will undoubtedly be the leading medicine of the day."

The Forest Wine is put up in large square bottles, with Dr Halsey's name blown in the glass, 81 per bottle, or six bottles for \$5. Gum coated Pills, 25 cents per box. Agents are authorized to retail, as well as wholesale, on as favorable conditions as the proprietor, No. 161 Duane St, Corner of Hudson New York. W R WATSON, General Agent. May 28, 1855.

A Marvellous Remedy! for a Marvellous age!!

HOLLOWAY'S OINTMENT.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, RHEUMATISM AND SCORBUTIC HUMOURS.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. Scoury, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has despatched to the East large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 year's standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by afterwards following the printed directions around each part.

Both the Ointment and Pills should be used in the following cases:

Table with 4 columns: Bad legs, Bad Breasts, Burns, Bunions, Bite of Moschetoes and Sand Flies, Coco-bay, Chicago foot, Chlubbains, Chapped hands, Corns (Soft), Cancers, Contracted and Stiff Joints, Elephantiasis, Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore Nipples, Sore-throats, Skin disease, Scoury, Sore-heads, Tumours, Ulcers, Wounds, Yaws.

Sold at the Establishments of Professor Holloway, 244, Strand, (near Temple Bar), London, and 80, Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s 3d.; 3s 3d.; and 5s. each Pot.

There is a considerable saving by making the larger sizes. N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. General Agents for Prince Edward Island—Messrs Haszard & Owen, Charlottetown.

Cheap and safe Light!

Newell's Patent Safety Lamp and Lamp Feeder!

WARRANTED to prevent all accidents from the use of Burning Fluid, Patent Oil, Rosin Oil, Camphene, and all other explosive compounds used for production of light. This invention is applied to common Fluid, Solar and Camphene Lamps, Lamp Feeders, Fluid Holders, Lanterns, &c. &c. We respectfully invite the attention of the public to Newell's IMPROVED SOLAR FLUID LAMP, which gives a steady, brilliant flame, nearest to Gas that has ever been produced. The cost of burning being only one cent an hour! These Lamps are particularly adapted for Churches, Hotels, Factories, Stores and Parks. Oil Solar can be altered, using the same shade. Common Fluid Lamps can be changed to Safety Fluid Lamps.

Porter's Patent Burning Fluid and Camphene, as cheap and good as can be bought in the market. Also,—Shades, Globes, Lamp Wicking, Entry Hall Lanterns, Fluid Chandeliers, &c.—For sale, wholesale and retail, by NEWELL, WILLARD & Co., No. 28 Bronnfield Street, Boston. N. B.—A large deduction will be made from the former prices of Newell's Safety Lamps, &c.

The following certificates are a sufficient guarantee of the entire safety and efficiency of the Safety Lamp and Feeder:— We have had an opportunity to test the Patent Safety Lamp and Lamp Feeder of Mr. John Newell, of this city, in regard to the measure of protection their construction affords. In the trials to which we subjected them, we endeavoured, without effect, to produce explosions of the vapor of the fluid mixed with air, and to burst them by the pressure of the vapor alone. The principle adopted by Mr. Newell is that of the well known Davy Lamp. He has so combined the parts, that we are satisfied that all risk of explosive action is removed. CHARLES T. JACKSON, M. D., Assayers to the State AUG. A. HAYES, M. D., of Massachusetts. Boston, August 30, 1852. Mr. John Newell, of Boston, has exhibited to me a Lamp, and also containing vessels, furnished with wire gauze protectors, upon the principle of Davy's Safety Lamp for miners. He has used both those instruments before me with inflammable fluids, and in both, when set on fire, the flame was arrested by the wire gauze, which is coated with silver. If the instruments are faithfully constructed, and carefully attended to, so that the wire gauze do not suffer injury from corrosion, wear, or violence, I am of opinion that the protection will prove effectual against explosion. Nothing short of this conviction would induce me to commence the continued use of the burning fluids, so called, as I have thought they ought to be entirely discarded, if not prohibited from use: so frequent and dreadful are the accidents occasioned by ignorance and carelessness. In every case, glass lamps should be given up, and those of metal substituted, on account of the danger of fracture. New Haven, Oct. 16, 1853. B. SILLIMAN, senior. I have examined Newell's Patent Safety Lamp and Lamp Feeder. They are constructed upon strictly philosophical principles, having a tube of silvered wire gauze, with a small perforation in the cap. If well made, they cannot fail to insure protection against those dangerous explosions to which the vapors of burning fluids and camphene are subject, when mixed with air. Their general introduction, I have no doubt, would prevent many distressing and fatal accidents. E. S. CARR, M. D., Professor of Chemistry, Albany Medical College, and of Applied Chemistry in the University of Albany.

Beer & Son, T. Desbrisay & Co. and W. B. Dawson, are our authorized Agents for the sale of the above in P. E. Island. 3m Dec. 17. Notice. MANY BOOKS belonging to the Legislative Library are missing. The Librarian requests that they may be returned with as little delay as possible, in order to prevent the trouble and expense of advertising them. Charlottetown, Nov. 12, 1855. R. Gaz.
