## Men's Intramurals

by Phillip Brown (H.A.)

### SOFTBALL

Towards the end of the week, the Intramural Softball League (ISL) saw lots of action. The turnout on Monday was slack with Mean Machine and Martian's Freshmen being the instigators. This has been the first time the Mighty M & M was missing in action. However, the Freshmen team is not turning out to be what anticipated and it may get worse because of undisclosed reasons. Lack of correspondence between the Director and his colleagues has put me in the position in giving you any knowledge about Tuesday's and Wednesday's games. For Thursday's games, I am well informed about one of those games - Mighty M & M versus 4 wins 0 losses Marian Hall.

Prior to the game, I was approached by Harold the Haymaker, who had told me without modesty about his team's 4 and 0 record. Well, immediately I informed him that he had not played the M & M. He took my serious comment as a joke, but, as the saying goes, "He who laughs first, laughs last", ha, ha. The first two and a half innings were dominated by the Mandrill's from Marian. At the bottom of the third M & M started hitting all over the field with the help of the Haymaker. It was tense at the top of the fifth, but not for long. Allen Hughes pitched very well, under the pressure from the yelling of Marian Hall players and his own teammates, and brought his team to another Victory.

It may be hard to get a team into the league, but anyone wishing to play for a team may do so.

### FOOTBALL

Again, I regret to say that the turnout in this sport is awful. Last Friday, the first game was not played because there were no teams. The second and third games only one team was present for each of the games. So, there is not much to report on this department. Next week games will be held on Thursday and Friday. Therefore, participating teams must take advantage of this new schedule.

## WOMEN'S INTRAMURALS

By Shelly Pepler (Runner up H.A.)

### BERNARDINE BOMBS DAY STUDENTS

A rough and tough soccer team from Second Floor Bernardine recently defeated a hapless and disorganized Day Student team by a score of 4-0. The Bernardine team were led in the onslaught by Denise Moore and Andre Campbell. Moore and Campbell using the game as a warm-up for the Pig and Whistle held later that night, were constantly on the move. On the other side of the leger, Day Student goalie Brigid Connolly was a bright light for most of the game. The Bernardine Team, however, soon turned that bright light into a rather dull one, with relentless pressure resulting in four well earned goals.

Despite the loss, the Day Students say they will not quit. If you are a Day Student and would like to play soccer, for heavens sake get out and help them. Last week the team looked like a cross between the "Bad News Bears" and the "Toronto Blue Jays". And we know, the world doesn't need anymore teams like the notorious Blue Jays.

Bad weather continued to play havoc with the softball schedule. For the second week in a row the Day Students were rained out. Their opponents this week were Bernardine 24. Blanchard Hall continues to roll along with a convincing win over Bernardine 13. Blanchard Hall, led by the "Up West Crew" of Donna Gaudet, Sharon Handrahan, and Bernadette Shea look like the team to beat in intramural softball this year. Strong bats and good gloves are the rule rather than the exception on this team.

The Flag Football Tournament is really beginning to shape up. If you or your team is interested in playing, get your name into me as soon as possible. A list of teams and team members will be published next week. Till then, see ya - or as we Orkans say NANOO, NANOO!!

PREDICTIONS OF THE WFEK - Sandra Drysdale to quit field hockey and become a professional oreo cookie thief.

Marie Bradley's Second Floor Bernardine to win an award for outstanding, participation in intramurals.

## INTRAMURAL SCHEDULE

### SOFTBALL

Monday Oct.1

4:00 - Engineers vs. Independents  
5:15 - Freshmen vs. Mean Machine

Tuesday Oct.2

4:00 - Freshmen vs. Marion
