

Conference Held Sunday

Despite inclement weather AC WU conference was held in the parish hall at Alberton on Sunday, November 3. Sub-divisions from Tignish, Paisley, Glade, Bloomfield and Alberton were in attendance and there were representatives from the parishes of Lot 7 and Lot 1.

The meeting was opened at 2 p.m. with prayer by the director, Rev. George MacCormac, Mrs. J.A. Macdonald of Tignish, guest and chairman.

Father McKenna, pastor at Alberton, extended a welcome to all visitors and Mrs. Joseph Callaghan, president of the Alberton division, expressed pleasure in acting hostess to the visiting delegates.

Father MacCormac outlined the duties of members to the complete satisfaction of all. Questions concerning League work were dealt with at the afternoon meeting. At five o'clock the meeting adjourned for refreshments.

The delegates attended Benediction in the Sacred Heart church. After the sessions resumed. Discussion groups were formed and findings submitted on the following questions: (1) "What is Your Opinion Concerning Crusade for Catholic Press in general and for 'The Casket' publication in particular?" and (2) "What is Your Way Can I Make My Sub-Division a Better One for God and Canada?"

A vote of thanks, moved by Mrs. Felix Arsenault and seconded by Mrs. Anthony Doreste, was extended to Alberton pastor and for the inspirational address here he adds to the meetings.

The meeting was presided over by Mr. Stewart with the rank of major.

Local Man Heads Legal Department In Hamilton

On January 2, 1958, Alan R. Stewart, Q.C. M.B.E., a former Islander, will take his duties as head of Hamilton's six-man legal department.

His appointment as chief of the big Ontario industrial city's legal department was announced recently by the Hamilton City Council.

A former Mayor, 1938-30 and City Alderman (1935-36-37), Mr. Stewart has been city clerk at Owen Sound since November 1949. In addition to his other duties he was named city comptroller in 1951.

The 49 year old Ontario lawyer was born in Charlottetown, where his parents, Mr. and Mrs. W. Stewart still reside. He obtained his Bachelor of Arts degree at University of Toronto and after his graduation from Osgoode Hall law school, he was called to the bar in mid-September, 1932. He established a practice in Owen Sound a few days later.

MR. STEWART HEADS

He practiced law in Owen Sound until June 1940 when he joined the Grey and Simcoe Foresters with the rank of lieutenant. Shortly after the outbreak of war in 1939 he had enrolled in the first officers' training course organized by the Grey and Simcoe Foresters and under the direction of Lt-Col. A. A. Kennedy.

In 1942 Mr. Stewart was over seas for three months, and then returned to Canada for a staff course at Royal Military College, Kingston. He returned overseas in August 1943. He came home to Canada late in 1945, and was retired from the service at the end of October with the rank of major.

Mr. Stewart maintained his interest in the Army after the war, and in 1946 and 1947 was officer commanding the Owen Sound history of the 5th Tank Regiment, now the 28th Armoured Regiment, Grey and Simcoe Foresters.

AWARDED M.B.E.
In July 6, 1945, Mr. Stewart was invested as a Member of the Order of the British Empire at an investiture held by the late King George VI at Buckingham Palace. On January 1, 1953, he was appointed a Queen's Counsel.

Mr. Stewart is married to the former Catherine Cameron, a daughter of the late Mr. and Mrs. C.S. Cameron of Owen Sound. They have two children, Donald, a student at the OSUVC, and Heather, a student at Dufferin School.

Service Is Inspirational

Despite the decidedly unpleasant weather, a good attendance marked the Sunday afternoon service in North River Baptist Church.

The pastor, Rev. Owen Cochran, gave a thoughtful and inspiring message taking as his text...

subject "The Mills of God". His discourse was followed with rapid attention by the congregation. Mr. Bell also sang in a duet with Mrs. Leigh Warren of Charlottetown. This number and a ladies trio by Mrs. MacIntyre, Mrs. Molyneux and Mrs. Warren were a greatly appreciated addition to the service of worship.

WARM AREA
Average yearly temperature range at Brisbane, Australia, is between 27 and 86 degrees.

Amalgamation

Charlotte town Metropolitan Area INFORMATION CORNER

By The Board of Trade

Some doubt still exists in the minds of many about the status of the City of Charlottetown proposed by-law with regard to the proposed amalgamation of the City and the Villages of Parkdale and Spring Park and a small section of Central Royalty, which proposed by-law has been appearing in this newspaper from time to time this past few weeks.

Let us explain firstly that the whole procedure of Amalgamation is not something that is set up and then carried out as a cooked plan. It is all laid down in detail in the Municipal Extension Act, Chapter 23 of the 1957 Provincial Statutes of this Province. Thus the City Council has no more to say over this procedure than have the residents of Parkdale or Spring Park.

That Provincial Statute sets out that where Amalgamation is being considered between the City or any Town with areas outside the City or any such Town in this case between Charlottetown and Parkdale, Spring Park and a small section of Central Royalty, the City Council must first draw up a proposed by-law covering same and containing a description of the area to be annexed, and merely reads it at a first time.

All City of Charlottetown proposed by-laws have to be read three times and the vote is taken only after the 3rd reading, if passed, only then becomes a CALLS FOR PLEBISCITE.

Then the Municipal Extension Act goes on to set out that before any such proposed By-Law is read a third time and a vote is taken on the same, a Plebiscite must be held in the area to be annexed which requires a three-fifths 60 per cent majority of the voters thereof to pass. That's where we are at here in the matter of the proposed by-law. For some years now there has been talk of Amalgamation between Charlottetown and the urban Villages of Parkdale and Spring Park. A Metropolitan Committee consisting of representatives of all three areas was set up 2 years ago and has been studying the whole question obtaining the facts. It filed its report last week. To bring the matter to a head, the City therefore under such Municipal Extension Act has drawn up a proposed By-law and has read the same at City Council. Final discussion on it however has not yet been held by the City Council on such proposed By-Law.

First comes the plebiscite on November 27th in the areas to

Queen Opens New Session Of British Parliament Today

LONDON (NCP) — The Queen opens a new session of Parliament today in an atmosphere lacking the bitterness of the Suez crisis that attended last year's opening but promising new and vigorous political conflicts in the months ahead.

But while last year's ceremony passed almost unnoticed amid the acrimony of Suez, the Queen's speech takes her rightful place in the limelight as she enters the House of Lords to read the traditional speech from the throne.

It her first major public appearance since she returned from a triumphant visit to Canada and the United States, a visit hailed here as clear and convincing rebuttal of recent criticism as to the function of royalty and personal attacks on the Queen herself.

FORECAST HIGHER PENSIONS
Few forecasts are expected to rise from the outline of government legislation contained in the Queen's speech itself. An increase in retirement and war service pensions has been freely forecast and another likely measure proposes a series of amendments to the structure of local government.

While considerable discussion will arise on details, both these measures are supported in principle by the Opposition. The real battle will be joined in the debate on the government's handling of the problems of inflation.

With a general election due in the barely 2 1/2 years away and a steady succession of by-election reverses casting an ominous shadow, the Conservative government faces its most severe test in coping with the rising cost of living.

LABOR PARTY CRITICAL
Initial steps already have been taken. It has raised the bank rate to seven per cent, announced cuts in government spending and served notice on trade unions that a new round of wage increases cannot be granted without a corresponding increase in productivity.

Labour's response has not been forthcoming. The Opposition position financial critic, has de-

Queen Opens New Session Of British Parliament Today

announced the government's policy as tending to stifle production and increase prices at the same time as it attempts to hold down wages.

Union leaders were embittered when the health ministry put the policy into effect by voting a three-per-cent increase awarded by an arbitration board to white-collar workers in the national health service.

Mayor Of St. John's Returned

ST. JOHN'S, Nfld. (CP) — Mayor H. G. R. Rowe, 55, said Monday he is happy to serve the citizens of this Newfoundland capital for a third, four-year term.

The mayor was elected by acclamation at his second inauguration Saturday. In addition, 12 men were nominated to contest the council seats in a Nov. 12 election.

All the present councillors are seeking re-election except J. Warren, who resigned to take a new post as high sheriff.

MT. HERBERT SCHOOL

The following is the report for the month of October:

Grade VIII 1. Romie Raynor, 2. Margaret Morrison.

Grade VII 1. Robert Wood, Lowell Parquharson and David Raynor.

Grade VI 1. Charles Mutch, 2. Sandra Morrison.

Grade V 1. Dianne Wood, 2. David Raynor, 3. Margaret Mutch.

Grade IV 1. Anne Burbee, 2. Francis Driscoll, 3. Beatrice Jenkins.

Grade III A 1. Gloria Wood, 2. Maids Wood.

Grade III B 1. Anne Marie Driscoll.

Grade II 1. Sandy Jenkins, 2. Margaret Burbee, 3. Gladys Park.

quarson

Grade I 1. Debbie Jenkins, 2. Roddie Morrison, 3. Bobby Burbee.

Highest average in the senior grades, Ronnie Raynor 88 per cent.

Highest average in the junior grades, Debbie Jenkins 96 3/4 per cent.

Teacher, Edna Walker.

BEEF PACKERS

Large scale beef packing in eastern Canada began with the establishment of an abattoir at Toronto in 1968.

Expect U.S. Steel Demand Will Continue

CLEVELAND (AP) — Steel magazine says many observers expect demand for steel will continue to rise through the year.

It has been around 80 per cent of rated capacity, although in the last week it edged off half a point to 79 per cent.

The trade journal says that if operating rate continues near 80, steel production for the year could total between 11,500,000 and 12,000,000 net tons.

That compares with the record 17,000,000 in 1955 and 11,500,000 last year.

This line of thinking is reflected in the scrap market, says steel, as prices of steelmaking scrap are dropping at a time when normally they would be rising.
