The Junior Red Cross at the Tignish Regional High School has completed its first step in the joint project of the West Prince area council to adopt a refugee child. The total cost of the project undertaken by Tignish, Alberton and O'Leary regional high schools is $300. Enforcement Sought Of Lord's Day Act Here

A request for enforcement of the Lord's Day Act and the taking of action for any violations of it has been made to Attorney-General Alban Farmer by the Charlottetown Ministerial Association.

The request was made over the signatures of Rev. J.H. Tye, Rev. T.W. Howard and Rev. M. F. Harlow, members and secretary of the association's Lord's Day Committee.

JUNIOR HOCKEY

In a resolution passed at a March 2 meeting, the association said it was clear the Act had been contravened in the charging for admission to junior hockey games at the Forum, as advertised in local papers.

The association said it felt it is detrimental to "the respect in which the whole judicial system is held especially by our youth, to have any law simply ignored."

The association felt that commercialization of sport on Sunday afternoon is a threat to the Lord's Day Act, that a day of rest and recreation is beneficial and necessary to the well-being of individual and community life."

Copies of the letter were sent to Premier Walter R. Shaw and Opposition Leader A. W. Matheson.

FIRE WRECKS HOMES

SAIGON (AP) — Fire raced through a crowded slum area in the Mekong River delta city of Can Tho Thursday night, claiming 50 or more lives and leaving 3,000 persons homeless. An area 100 by 250 yards was levelled.

Publishing Company Appeal Is Taken Under Advisement

The appeal by the Journal Publishing Co. Ltd., Summerside, from a decision by the Labor Relations Board was taken under advisement yesterday by Mr. Justice Mark R. MacGuigan, Mr. Justice G.J. Tweedy and Mr. Justice R.R. Bell and the case was adjourned with date to be fixed.

C.R. McQuaid, chairman and representative of the board, at the opening of the session, filed a copy of the proceedings during the hearing by the board of the application of certification of a union to include employees of the Journal Co., and Irwin Printing Ltd., Charlottetown. Allan K. Scales, represented the publishing company.

He did not feel, he said, that the Charlottetown Typographical Union, Local No. 963, is a trade union within the meaning of the province's Industrial Relations Act. If this is so, he contended, it could not be chartered under existing laws. He noted that not only did the group not have a constitution setting forth its objects and purposes, but its constitution failed to define the conditions under which one can be, and remain, a member of the union.

Mr. Scales also said he did not think it was a unit of employees appropriate for collective bargaining as is deemed necessary by the Labor Relations Act and that he had not been convinced that the majority of employees concerned were members in good standing of the local trade union as is called for by the act.

Gerald R. Foster, QC, representing the union, contended that as the Journal employees were all printers, employed by one company, and working under one roof there would be a community of interest making it a unit appropriate for collective bargaining.

He felt that the onus was on Mr. Scales to show that the board in reaching its decision had gone contrary to the meaning of the Labor Relations Act and recommended that the appeal be disallowed because he felt that Mr. Scales had not done this.

Alberton Tax Rates Unchanged

ALBERTON — Tax rates, assessments and licenses will remain the same as last year it was decided last night at the regular meeting of Alberton Town Council. Mayor Roy Leard presided and Councillors Gordon, McRae, Profit and Hardy were present.

Magistrate Howard Clark was re-appointed for another year and the amount of Insurance on the town's fire truck was increased to a $100,000.

In appreciation for a gift from the Western Hospital of a lot of land where the town's lagoon is situated the sum of $100 was donated to the hospital.

HALIFAX (CP) — The weather office says only in extreme southwestern Nova Scotia did the temperature manage to climb above the melting point Monday. By late Monday evening the snow and freezing precipitation had all but ended in all three provinces. Campbellton, N.B., reported the largest amount of new snow from Monday's storm with eight inches followed by Fredericton, Saint John and Truro with five inches.

A new low pressure area which formed just west of Yarmouth early Monday evening kept the milder air moving as far north as previously forecast. As this new low moves rapidly eastward it will leave all regions in an east to northeasterly flow of moist air.

A disturbance developing over the Mississippi valley is expected to move rapidly northeastward and bring snow mixed with rain to all except the most eastern part of the Maritimes this evening.

Regional forecasts:

Cape Breton, Prince Edward Island, Eastern N.B. Counties: Mostly cloudy and milder; light winds. Low-high at Sydney 18 and 30, Charlottetown and Moncton 15 and 30.
