SUMMERSIDE BUREAU OF THE GUARDIAN

Two Tignish and one LeVelle youths appeared before Magistrate W. Chester S. MacDonald in Prince County magistrates' court on charges of prison break.

The young men, Edward Joseph Perry, LeVelle, and Edgar Joseph Gaudet and Benny Joseph Gaudet, of Tignish, had appeared before the magistrate last Tuesday and pleaded guilty to the charge of breaking out of Lecky's Hill, where several accidents happened last fall. The pavement became very slippery on this hill in damp weather and last evening's mishap appalled the dealers.

A second resolution proposes that the government provide statutory feed freight assistance toward the lowest-cost movement of Western feed grains to Eastern markets.

Other resolutions propose:

1. Erection of public storage facilities at strategic points in Eastern Ontario, Quebec and the Maritimes for farm products, and incentives to encourage farm storage facilities in Eastern Canada.
2. Establishment of a system of credit for the purchase of feed grains.
3. Extension of the Maritime Marshland Rehabilitation Act to aid in the drainage of marshes in the eastern provinces.
4. Federal agreement with the provinces to share the cost of free distribution of milk in the schools.
5. Action to give dairy producers a greater voice in policy decisions to ensure a balanced and thriving dairy industry.
6. Promotion of a comprehensive crop insurance program in all provinces, with the government giving consideration to making available a reinsurance program to interested provinces.

FEDERATION OF AGRIC. NEWSLETTER

500,000 Farm Families Are United through CFA

Over the years one of the highlights of the CFA annual meeting has been the report of the president, Dr. H. H. Hanblum.

From this year's report the following extracts are reproduced:

"For 27 years up to 450,000 farm families in 15 countries have been pulling together through the Canadian Federation of Agriculture and English speaking farm people in Canada. We are united through CFA."

"Concerning coverage for employees in agriculture and in domestic service, we are impressed with the administrative difficulties that such coverage would present. We cannot, therefore, recommend immediate coverage for these groups. Instead, we believe that coverage should be followed of extending coverage as broadly as possible so long as the necessary administrative procedures may be carried out to see to it that the rules of the plan are adhered to in a satisfactory fashion."

Representatives of employers in agriculture have expressed the view that coverage should be made available to employees in agriculture on a voluntary basis. We do not favour the adoption of the concept of voluntary coverage in any respect. We believe that to do so would not only create financial problems, through the tendency for coverage to be elected only in respect of groups that would profit from it, but would also make it difficult and perhaps impossible to justify the philosophy of compulsory coverage in other occupations."

RESOLUTIONS

Federal legislation to permit Canada's eastern provinces to create a single authority for the purchase of western feed grain was proposed at the annual meeting of the Progressive Conservative Association in Ottawa last week.
