## A PROVINCIAL MUSEUM FOR P.E.I. ?

Many of you will undoubtedly have heard the recent rumors and discussions circulating in the province regarding the proposal to establish a provincial museum of man and nature in Prince Edward Island. Such an institution would be of immense benefit. Not only would it promote more scientific investigation into the natural and cultural history of P.E.I. but it would have tremendous educational value for Islanders and tourists alike.

The Natural History Society fully endorses the proposals to establish a provincial museum, and urges members to write to the Minister of Community Affairs, the Hon. Horace Carver (Box 2000, Charlottetown, P.E.I.) expressing support for the idea. It is only through a strong show of support that the minister will become convinced that Islanders are fully behind this effort. If you do not have time to write, clip and mail the coupon below. Also urge your friends and relatives to do likewise.

\* To: The Honourable Horace Carver \*  
 \* Minister of Community Affairs \*  
 \* Box 2000, Charlottetown, P.E.I. \*

\* Prince Edward Island would benefit greatly from the establishment of a \*  
 \* museum of man and nature. I urge you most strongly to make every effort to \*  
 \* see that one becomes established in this province soon. \*
