WE ARE

often asked, "How close will your Watches run?" We answer by stating how close they have run and are running in the hands of those who carry a Rockford.

New Castle, Pa., March 10, 1886.

Rockford Watch Co.:

Gentlemen,—Mr. S. J. Frisbie, telegraph operator at Youngstown, O., to whom we sold one of your eleven Jewels a little over two years ago, is frequently in our store rating his watch. The greatest variation we have been able to observe in this watch was thirteen seconds fast in two months.

Yours truly, J. C. HANNA & SON.

U. S. COAST AND GEODETIC SURVEY OFFICE, WASHINGTON, D. C., Feb. 5, 1886.

Mr. J. KERR, 629 Penn. Ave., Washington, D. C.

Sir—The silver watch I purchased from you in March, 1885, after being regulated by you, has not varied more than two seconds a month. I therefore take pleasure in testifying to the excellence of the Rockford Watch for which you are agent.

Yours respectfully, RICH. M. HARVEY.

Hundreds of other testimonials can be shown at our store. The Watches we have sold are doing very well and our customers are well pleased with them.

ABSOLUTE PURITY.

THE following analyses (made by the Dominion Analyst) of three different brands of Woodill's Starch should put a stop to the unjust efforts of the Royal to mislead the public as to its being the only pure Powder. These impartial tests show that other Powders are as pure and wholesome:

W. SAUNDERS, Dom. Analyst, St. John, N. B. reports:

Royal—Contains Alkaline Carbonates—a mixture consisting mainly of Bicarbonate of Soda and Cream of Tartar—adulterated with about 20 per cent. of Starch.

W. F. BEST, Dom. Analyst, St. John, N. B. reports:

Pure Gold—Contains Cream of Tartar, Carbonate of Soda—fresh and pure.

Nov. 19, 1882—Not adulterated; same as usual.

April 7, 1883—Not adulterated; same as usual.

June 4, 1884—Fresh and pure; same composition as usual.

MAYNARD BOWMAN, Dom. Analyst, Halifax N. S., reports:

WOODILL'S (3) Of good quality; contains nothing injurious.

WOODILL'S (3) German Baking Powder has a reputation for purity and wholesomeness now nearly 30 years.

CLOTH AND WOOL.

TO OUR CUSTOMERS.

It is just twelve years since we re-built the Woolen Mill. We then resolved to manufacture the best cloth that could be produced from

P. E. Island Wool.

That our efforts have been successful and appreciated we are warranted in concluding from the fact that hundreds of the same people who patronized us in 1874 are our customers in 1886. During the past year we have added many improvements, particularly in the dyeing and finishing departments, and we have not only reached perfection, yet we feel justified in saying that no better tweeds or greater variety of patterns are made in any other establishment in the Lower Provinces. We do not propose to compete against the cheap, shoddy and cotton mixtures that are sold as ALL-WOOL goods, but quality and durability considered we claim ours to be the CHEAPEST CLOTHS in the market. If you want good value for your

It is a well-known fact that most of the Horse and Cattle Powder sold in this country is worthless; that Sheridan's Compound Powder is absolutely pure and very valuable. Nothing on Earth will make hens lay like Sheridan's Compound Powder. It will also positively prevent and cure CHICKEN CHOLERA.
