JULY 26, 1879.

The Letellier Matter.

HON. WM. McDUGGALL, writing to the *Free Press*, of the 24th, concerning the Letellier matter, says:—

"The Administration of Sir John A. McDonald was constitutionally bound to act upon instructions of the representatives of the people, or resign. The resolutions adopted by the Legislative Assembly of Quebec, in which it is more than suggested that the removal of Mr. Letellier by the Federal Parliament and Government would be an encroachment on the rights of the Province, have, in my opinion, rendered it impossible for Parliament or Government to recede. It would be treason to the Constitution to admit such a doctrine; and as it has been boldly proclaimed and solemnly recorded, I see but one way to contradict it, and maintain the rights of the Dominion."

Our exchanges confirm the news that Letellier has been dismissed, and that the Hon. Dr. Robitaille, M. P., is to be Lieutenant-Governor of Quebec in his stead. Of the latter, an exchange says he is a gentleman of education, and refinement and most courteous manners, he has also the advantage of a wide range of acquaintances among the public and professional men of Quebec Province, an extended political experience and a most satisfactory political education. The Joly Ministry will have little room for complaint in their relations with the new Governor, who is probably one of the most high-minded gentlemen in Canada. The *Parliamentary Companion* contains the following sketch of the honorable gentleman, whom we most heartily congratulate on his merited elevation:—

ROBITAILLE, Hon. THEODORE, M. D. (*Bona-venture*), P. Q.

Descended from one of the oldest French families in Can.; one of his grand-uncles, Messire Robitaille, was chaplain to the Active Militia force of L. C., during the war of 1812, in which all the family took an active part on the loyal side; a second grand-uncle, the Rev. Louis Brodeur, after spending seven years as a missionary in N. B., was appt. a curate of the parish of St. Roch des Aulnais, where he died, bequeathing his wealth to the St. Anne College, of which he was one of the founders; another grand-uncle, Jean Robitaille, Esq., was a mem. of the Can. Legislature for twenty years, viz: from 1809 to 1829. S. of the late Louis Adolphe Robitaille, Esq., N. P. B. at Ver-enne, P. Q., 29 Jan., 1834. Ed. at the Model Sch. of that place, in the United States, at the Seminary of St. Therese, the Laval University, and the University of McGill College, Montreal, at the latter of which he graduated M. D., May, 1858. M. Nov. 1867, Marie Josephine Charlotte Emma, dau. of P. A. Quesnel, Esq., and grand-dau. of the late Hon. F. A. Quesnel, for many years an M. L. C. of Can. Is President of the Baie des Chaleurs Railway. Sworn in of the Privy Council, and was Receiver-Gen. of Can., from 30 Jan., 1873, until 5th Nov. same year, when he resigned with his chief, Sir John McDonald, on the Pacific Railway matter. Sat for present seat in Can. Assembly from g. e., 1861, until the Union returned to Commons at g. e., 1867; re-elected at the g. e., 1872; returned, by acclamation, on his appt. to office, and again returned at g. e. of 1874 and 1879. Represented Bona-venture in Quebec Assembly g. e., 1871, until Jan., 1874, when he retired in order to confine himself to Commons. A Conservative.—*New Carlisle, P. Q.; Rideau Club.*

The Brazilian Trade.

THE *New York Herald* publishes a letter from its correspondent at Rio Janeiro, a paragraph of which contains something interesting to the people of this Island:—

"It seems that the Canadian Government has offered a subsidy of \$50,000 to a direct line between Canada and Rio, in addition to the discriminating duties in favor of coffee and sugar imported direct from the producing countries. These measures of Canada have aroused much attention of late, as being decidedly favorable to Brazilian trade, and it is probable that the Legislature would vote a subsidy of \$50,000 more (\$100,000) to a Canadian line, if proposed. The Minister of Agriculture is disposed toward measures to take advantage of the provisions of the Canadian tariff, but hitherto no official communication thereupon has been made to the Brazilian Government for it to act upon. It is said, however, that a Canadian agent is expected here very soon to negotiate arrangements for establishing direct trade in coffee and sugar from Brazil and flour from Canada."

If the Brazilian market were but opened up, as proposed by the Government, we should be able advantageously to send many articles there besides flour; and the more directly sugar and coffee can be brought here, and the larger our sources of supply, the more cheaply it will be obtained—and, consequently, the better for the consumer.

His Grace Archbishop Lynch will leave Toronto for Rome on Monday next. He will be absent for five months.

The Meat Scandal.

ADMITTING, for the nonce, that there may have been room for a difference of opinion as to the quality of the meat supplied last year, yet there cannot be the slightest doubt in the mind of any fair-minded man that the Government were right in awarding the contract as they did. In fact they would have been censurable had they not heeded the representations of the Superintendent of the Asylum and the Master of the Poor House. Last year, according to these officials, the meat supplied at \$6.80 per hundred pounds was "inferior." How then could the Government suppose that meat, of the best quality, would this year be supplied, by the same contractor, for \$5.50? Had they done so they would have laid themselves open to a most damaging attack from the *Patriot*; and every one who believes in feeding the insane and poor with wholesome food, would justly consider them guilty of an offence against charity—an offence rank and smelling to heaven. "Udders," "bones" and "scraps," in "half pound" parcels, to the poor and the helpless! While the rich and the strong luxuriate in a plentiful supply of choice cuts!! On such representations, no Government but the most heartless and the most regardless of the good name of the Province, would have permitted the contract to remain as before. How, then, can the present Government be blamed for securing good meat at a price 30 cents per pound cheaper than the meat reported to be inferior was supplied?

It is worthy of note that, in 1875, the Trustees of the Lunatic Asylum accepted the tender of Messrs. Blake for the supply of meat to the Lunatic Asylum, although it was not the lowest tender.

Faction.

It would be well if all our politicians studied the course approved of by Sir Stafford Northcote's [recent Tower Hamlets] speech:—

"I have said that I like party spirit and party associations; but let me say, on the other hand, that while I like party spirit, I dislike faction more. Don't for a moment suppose that party spirit and faction mean anything like the same thing. There is just as much difference between a healthy party spirit and the mean and base spirit of faction as there is between the noble passion of emulation and the base passion of envy. We all desire to do the best we can for our country—we all desire to play the first part if we can in doing good service to the country. If it falls to our lot, we desire to surpass our rivals and opponents in doing that good; but if, on the other hand, it should fall into their hands to discharge the duties which are now assigned to us, be sure that we should feel that it was our duty to our country and to ourselves to cooperate with, and not thwart, the Ministers of the country."

Expulsion of the Jews.

REVIVAL OF THE HOTEL MOVEMENT AGAINST JEWISH VISITORS.

War against the Jews which was carried on at Saratoga two years ago is apparently to be revived at Coney Island; this time it is in the quarter where the Jewish residents of New York city are particularly aimed at. Austin Corbin, President of the Manhattan Beach Company, has taken an open stand against admitting Jews to the beach or hotel. Gilmore, leader of the Manhattan Beach band said Corbin told him he was going to oppose the Jews, and that he would rather sink the two millions invested in the railway and hotel than have a single Israelite take advantage of its attractions. Corbin says the Jews are detestable, vulgar and pretentious people.

There is considerable excitement in New York over the announcement that the Jews will be excluded from Manhattan Beach. Austin Corbin, President of the Company, owning the hotel and railroad, was waited on by many prominent Hebrews on Tuesday, but would not retract. Levy, the cornetist at Manhattan Beach, is a Jew. In an interview, he is emphatic in opposing prohibitory regulations, and says all the great composers were Jews, and that nothing should be done to keep Beaconsfield away from the Beach. Many prominent Hebrews were interviewed, and denounce bitterly the action of the Beach Company, as a revival of the prejudice excited by similar action by Judge Hilton at the Grand Union Hotel, Saratoga.

Sir A. T. Galt.

It is rumored in Ottawa that Sir A. T. Galt's mission to England is with the object of establishing a national banking system. The rumor obtains some credence from the fact that the bank charters expire next year. In this connection it might be stated that Sir A. T. Galt, while in Montreal lately, said that his visit to England was in connection with financial matters, and in no way relating to the Letellier business. It is supposed that a part of his mission will be to endeavor to complete the trade negotiations with France and Spain.

The Horse Trade.

Thirty-two American horses arrived at Havre on Sunday, for the French cavalry. They were all accepted at prices ranging from \$220 to \$270. The horses were in splendid condition. The success of the experiment is complete. As soon as transportation can be had as cheaply from New York to Havre as to Liverpool, large shipments of American horses for the French army will be made. This shipment is considered as the entering wedge of another element of export from the United States.

The Meat Scandal.

Mr. E. Waller, Keeper of Lunatic Asylum.
DEAR SIR:—Be kind enough to certify whether or not the contract to furnish meat to the Lunatic Asylum for the past year was performed to your satisfaction.
Yours truly,
R. BRIDGES.

LUNATIC ASYLUM,
Charlottetown, 16th July, 1879.

Robert Bridges, Esq.
SIR,—In reply to your note of this day's date, I have to state that the meat supplied by you to the above institution, during the past year, was of a good quality and to my satisfaction.

E. WALLER,
Supervisor.

Mr. R. Bridges.
DEAR SIR,—In answer to your communication, asking a statement from me regarding the quality of the meat supplied by you to the Poor House, I have to say that I frequently inspected the meat and regularly inquired of the cook if there were any complaints. I saw no reason to find fault; and the cook but once said there had been a complaint, and that was, "that the meat was too fat."
I remain, Yours, &c.,
FRANK D. BEER,
Late Medical Officer Govt. Poor House,
Charlottetown, July 24, 1879.

The Fishing Fleet.

The mackerel fishery is looking up a little, and as the quality of the fish improves more are salted. Eleven arrivals have been reported since our last issue, 7 of them with fares aggregating 1,450 bbls. Sales have been made by the trip at \$5.00 per bbl out of pickle without bbl. The number of Bank arrivals for the week has been 5 from Western Bank, with 415,000 lbs. codfish, and 9 from Grand Bank, with 415,000 lbs. halibut; 22 George's arrivals have been reported, bringing 300,000 lbs. codfish and 134,000 lbs. halibut. The inshore codfish fleet are troubled by a scarcity of bait and depredations of the dogfish. Only 6 arrivals have been reported in the last week, bringing 34,000 codfish. Total number of fishing arrivals for the week, 49.—*Cape Ann Advertiser.*

A Point du Chene correspondent of the *St. John Sun*, writing on Thursday, says:—"Schooners are now arriving with cargoes of mackerel from P. E. Island for the United States market. They are daily increasing in size, and some good catches are reported from the North Side of the Island."

HAYING has now commenced in this Province. It was thought at first that the crop would only be an average one. But judging from the fields in the Royalty of this city, we should say that the hay crop will be larger than for the last three or four years. At any rate it is a splendid one.

FLOODS in the Eastern counties of England have caused immense destruction to growing crops, and produced a very depressing feeling in agricultural and financial circles.

SIGNOR FRANCESCO GRIMALDI is a remarkable Italian orator. He is said, during his speeches, to utter from 176 to 200 words per minute, and in the recent railway debate in Monte Citorio he made a speech containing enough words to make a volume of 600 pages.

OVERRUN WITH WILD BEASTS.—Says an Alberton, P. E. I., correspondent of the *Summerside Journal*:—"Mr. G. Peters, formerly a resident of this town, and now in the employ of John A. Matheson, Esq., Mimingash, killed (with stones) a very large wild cat near Bloomfield Station, on Saturday last, which was presented to Mr. Andrew Doyle, Jr. Wild cats and bears are, we believe, very numerous about that section of the country this year, and unless some monetary inducement is offered by the Government to men of Mr. Peters' intrepidity and skill, the Western end of the Island is likely to be overrun by wild beasts of the forest."
