

THE PROVINCIAL EXHIBITION.

1894. Best Show Yet. 1894.

THE THIRD DAY.

Great Racing on the Trotting Park.

BICYCLE BOYS ON THE TRACK.

Addition to the List of Prizes.

A very fine, bright morning was followed by an afternoon somewhat cloudy and rather too windy for fast time in the races, but wholesome for the pleasure-seeking multitude.

The trains today added largely to the crowd in Charlotteville. East and west the cars were well filled, and thousands came in by carriages. We are informed by the president that a larger number entered the exhibition grounds today than upon any previous occasions. The failure of Professor Craig to come to time caused considerable annoying delay in the judging of live stock. The following are all the prizes that were awarded and entered in the books up to three o'clock today:

RACES THIS AFTERNOON.

The second day's races were called about half-past one, in the presence of upwards of three thousand people. The Arrivert race was present and discoursed good music. The track was in good condition. The officials were the same as yesterday.

THE THREE-YEAR-OLD CLASS.

was the first rung up. There were three starters: Hatasu, owned by Milford Farm, and driven by P. S. Brown. Provider, owned by A. B. S. Brown, and driven by W. A. Coglan; Brighton Boy, owned and driven by R. J. Steele. They drew positions in the order named.

First Heat—They were sent off on the tenth score. Hatasu took the lead at the first turn and Brighton Boy dropped into second place, with Provider third. Throughout the race Hatasu kept in front, crossing her lead and at the finish was about six lengths ahead of Brighton Boy, second, with Provider about half a length behind. Time, 2:37.

Second Heat—On the seventh score the horses were sent off. Hatasu took the lead at the first turn, with Brighton Boy second, and Provider third. At the half the three were well bunched, Hatasu having a slight lead. Shortly after passing the half Brighton Boy made a bad break, and was passed by Provider, who pushed the leading horse hard for first place, and on the stretch was neck and neck with him. The crowd cheered and Provider broke just before coming under the wire, and he only got second place. Hatasu was first, and Brighton Boy third. Hatasu trotted splendidly, not making a skip or a break. Time, 2:55.

Third Heat—On the sixth score the word was given. Hatasu took first place at the turn, with Brighton Boy second and Provider third. The judges passing the quarter Brighton Boy broke and was passed by Provider, who at the half was neck and neck with Hatasu. To the three-quarters the struggle for first position was exciting. Provider struck the quarter, and just before rounding the last turn Provider took the lead, which he held to the finish, coming in about three lengths ahead of Hatasu, with Brighton Boy in the rear. Time, 2:55.

Brown, the Driver of Hatasu, entered a protest against Provider, claiming that the latter was pulled in front of him on the back stretch, throwing Hatasu into the lead. The judges, however, after reviewing the race, and just before rounding the last turn Provider took the lead, which he held to the finish, coming in about three lengths ahead of Hatasu, with Brighton Boy in the rear. Time, 2:55.

TEACHERS' CONVENTION.

At 10 o'clock this forenoon the Teachers' Convention opened in the Philharmonic Hall, with a fair attendance, which increased almost to the overflowing of the seats before 11 was chimed.

The President, Mr. R. H. Campbell, opened the Convention with a few remarks, which were all he proposed to furnish in place of an exhaustive address of predecessors. With the teachers themselves the success of the meeting depended, and he hoped that a successful and profitable one it would be.

Mr. F. C. McLean, the Secretary, then very intelligently read the minutes of the last Convention which were adopted. Mr. Seaman would like to have seen the resolution incorporated therein, but the President explained it was not generally possible to do this.

Committees were next appointed as follows: On Credentials: Messrs Stevenson, Trainor and Arsenault. On Resolutions, and order of business: Messrs McSwain, Fraser, Kieley. On nominations: Messrs McIntyre, Miller, McSwain, McKinnon and Miss Scott. On Audit: Inspector Murphy and M. Robertson.

On behalf of the Executive Committee (existing or non-existing) Mr. Seaman offered a few details in report. He stated that a real grievance existed in this matter regarding the distribution of books, which was most faulted. The Library was being referred to the past. The practice had been to loan a book on deposit of \$1; later the volumes were promiscuously dispersed. In this connection the president explained the value and importance of the library; and a committee on library was scheduled, to report at to-morrow's session, as follows: President Campbell, and Messrs McIntyre and McDonald.
