WINDSHIELDS all types sold and installed and Automobile glass of any type. Tanton Acc. Ltd.

PARENTS OF preschool children are invited to a film — "The Terrible Twos and The Trusting Threes" at Central Royalty Hall on Thursday, September 8th at 8 p.m.

WILL SEE EXHIBITS — For three consecutive days beginning today, the pupils of the Public Schools in grades VII to X will be privileged, in turn, to take part in a conducted tour of the historical exhibits on display at the Y.M.C.A. Two classes will be taken at a time and remain for one hour examining the various exhibits and receiving information as to their origin and antiquity. Hundreds of visitors have enjoyed looking over the exhibits during the summer and discussing the same with Mrs. W. M. Brehaut who has given outstanding service in this respect as representing the P. E. Island Historical Society.

## Personals

Miss Hilda Carcaran left Saturday morning to visit with friends in Toronto and St. Catharines, Ont.

Mr. Thomas Kiekham M. P. is a patient at the Charlotte Hospital undergoing a medical checkup.

# Minister Outlines Gov't Plans In Potato Industry

Speaking to approximately 50 persons attending the annual meeting of the Prince Edward Island Potato Producers Association in the Canadian Legion Hall in Summerside last evening, Hon. Eugene Cullen, Minister of Agriculture, told the meeting that the Government is making an effort to carry out the wishes of the people of the Province as expressed in the plebiscite taken last fall. He said that the wishes of the people as expressed in the plebiscite was that they should have a marketing board but that the board should not have unlimited power to control the sale of the entire crop. The government, he said, feels that it should have enough faith in the people of the province, in the potato producers, and in the dealers, that the Government could appoint a board composed of producers and dealers, and expect them to work together for the good of the industry. There are those, he stated, that would tell that it is impossible for dealers and producers to work together. There are those who would say that any board to be successful, must be composed entirely of producers, and also those who think that for any producer to have anything to say about the marketing of potatoes is ridiculous.

It was the government's view, said Mr. Cullen, that it could appoint a board of potato producers and dealers and expect that board to work harmoniously for the good of the potato industry. They believe that there is a great deal to be done in the protection

and development of the potato industry in this Province. The production of the potato industry from the ravages of serious diseases is in itself a serious job. The potato industry means too much to P. E. I. for anyone to be lax or lenient in the enforcement of laws or regulations for the control of disease.

**BEST SEED NEEDED**  
"Nothing but the best seed should be planted, and I believe that the regulations invoked about 1947 to control the planting of table stock as well as seed potatoes should be enforced strictly," Mr. Cullen said. "Because if diseases were allowed to spread throughout the Province it would be a very short time until we wouldn't have much worry about whether we had a Marketing Board."

"At the present time we have the potato promotion committee whose duty it is to deal with any disease outbreaks, and we have a Marketing Board," and in reference to a suggestion made earlier in the meeting for remarks from Mr. Lorne MacFarlane, a member of the newly appointed board, Mr. Cullen said that "I can appreciate the difficult spot Mr. MacFarlane was in when asked to speak for the board whose first meeting was today, and three resignations from the board over

greater number of immigrants from the British West Indies. MORE NEEDED  
The resolution said the synd is "firmly of the opinion that a continued generous policy of immigration is both wise and necessary."

The federal government was urged to strengthen the appeal to prospective settlers by "instituting more adequate planning" for their reception at ports of entry and their absorption in industry.

Canon W. W. Judd, retiring general secretary of the church's council for social services, introduced the motion, said "a great many immigrants are not adequately looked after by employment agencies."

The resolution also recommended that "specific measures of assistance be extended to help meet passage and settlement costs of settlers from the United Kingdom."

**Trailer Visitors**  
Mr. and Mrs. E. R. Bell, Parkview Cottage Wellington Station have as guests Mrs. Bell's Sister and husband, Prof. James G. Gass and Mrs. Gass, Vancouver, B.C. This is their first visit to P.E.I. in 13 years and the visitors are enjoying a pleasant time reminiscing and meeting old friends.

Prof. Gass who is the owner of Success Business College, Regina, Sask. and is kindly interested in the Kiwanis Organization, hails from Nova Scotia while Mrs. Gass is a native daughter of Prince Edward Island. They have covered many hundreds of miles in their trailer home and after a stop over on the island will go to Nova Scotia where they will spend some time with their friends and relatives. From Canada they will proceed down the coast of the United States to Florida where they will spend the winter.

**SEAWAY WILL REDUCE GRAIN SHIPMENT COSTS, CLUB TOLD**  
EDMONTON (CP)—Hon. Lionel Chevrier, president of the St. Lawrence Seaway Authority, Tuesday told a Canadian Club audience the St. Lawrence seaway project will reduce grain shipment costs.

"The advent of the St. Lawrence seaway will reduce shipment costs through the elimination of transfer of cargo and reduction in rates for the span now covered by rail on shallow draft canals," the former transport minister said. "The seaway will not completely obviate the need for transshipment," he said. Absence of navigation in the winter would necessitate rail shipments but the seaway's increased capacity would divert the spring and fall movement now carried by rail. The seaway would extend the zone from which grain could be gathered in the prairies and delivered abroad at competitive prices via St. Lawrence ports.

the weekend, and it would be impossible for him to speak for the board at this time."

Summing up, he said that as Minister of Agriculture he believed that it's possible for a board to function in a manner to carry out the wishes to the people of the Province and that if producers and dealers are willing to compromise and to work together they can make the potato industry bigger and better than it ever was but if there are producers or dealers who are willing to sabotage the potato industry for their own ends "then I believe the Marketing Board and the Government will have a rough time indeed trying to make a success of any improvement we want to make in the handling of our potatoes."

The meeting was presided over by Major Moase of St. Eleanor's one of the directors of the organization, and Ralph Monkley of South West Lot 16 acted as secretary.

During the business part of the meeting, which preceded the address by Mr. Cullen, two new members were elected to the board of directors. They are Keir Ramsay of Wilmet Valley, who replaces the two retiring directors Frank B. Ryan of Alberton and Brent Clarke of Augustine Cove.

**Voices Criticism Of Immigration Policy**  
(By David Oancia, Canadian Press Staff Writer)  
EDMONTON, (CP)—Canada's immigration policy was described Tuesday at the general synod of the Anglican Church of Canada as "anti-Protestant, anti-British and pro-Roman Catholic."

The statement was made in a discussion of immigration policy by lay delegate Col. T. A. Kidd of Kingston, Ont. He said two every three persons who come to Canada are not British. Col. Kidd said about 250,000 persons leave Britain annually, an of these only 50,000 came to Canada. The balance goes to South Africa, New Zealand and Australia. He urged an assistance policy to induce more Britons to come to this country.

The synod adopted a resolution requesting the federal government to provide financial assistance and more adequate planning for immigrants, and to allow a

EDMONTON (CP)—Hon. Lionel Chevrier, president of the St. Lawrence Seaway Authority, Tuesday told a Canadian Club audience the St. Lawrence seaway project will reduce grain shipment costs.

"The advent of the St. Lawrence seaway will reduce shipment costs through the elimination of transfer of cargo and reduction in rates for the span now covered by rail on shallow draft canals," the former transport minister said. "The seaway will not completely obviate the need for transshipment," he said. Absence of navigation in the winter would necessitate rail shipments but the seaway's increased capacity would divert the spring and fall movement now carried by rail. The seaway would extend the zone from which grain could be gathered in the prairies and delivered abroad at competitive prices via St. Lawrence ports.

**DOUBLE AS ORE CARRIERS**  
Vessels carrying Labrador iron ore from the lower St. Lawrence to Great Lakes ports would be able to carry grain on their return trips. "This reduction in rates will be substantial, especially in view of the fact that the Labrador iron ore carriers will provide a large volume of bulk capacity on their return to the loading and trading dock on the lower St. Lawrence."

intermediate grades. He divided the teachers into four groups to study the following questions: (1) Social studies and what they are? (2) Intermediate grades; (3) Programme of studies; (4) Text books; (5) Methods and procedure.

At the close of the discussion the secretary of each group brought in his or her report. The afternoon session was opened by the president, Mr. J. J. Leary, first speaker of the afternoon was Mr. Merritt E. Callaghan, Supervisor of Schools, who stressed the teaching of spelling and urged the teachers to check all written work for misspelled words. The speaker reviewed the course of studies and explained the new attendance form in use this year.

The next speaker, Mr. Wendell Phillips, who had represented the Prince County teachers at the recent seminar in Ottawa, gave an excellent description of the City of Ottawa. He outlined the seminar which was held in the Chateau Laurier Hotel.

Mrs. Earle Atkinson led in a sing-song which was enjoyed. The meetings conclude today.

**Teachers' Convention For West Prince Gets Started**  
The opening day's sessions of the West Prince Teachers' Convention at O'Leary yesterday was presided over by the president, Mr. Earle J. Leary. There was an enrollment of fifty-four teachers. The following committees were appointed: Resolutions—Robert Grindley, Mrs. Everett Shea, Mrs. Velda Wells; Press—Mrs. Frank Dunn, Mrs. Blanche Warren, Mrs. Albert MacIsaac, nominations; Mrs. Pearl Duncan, Mrs. John Profit, Mrs. Kenneth Campbell; Question Box—Betty MacKinnon and Eileen Saunders.

The president, Mr. J. J. Leary then delivered a splendid address, the theme of which was "Why am I teaching?" and "Making the right use of this year."

Miss Estelle Bowness of the P.E.I.T.F. outlined the activities of the Federation during the past year. She reminded the teachers that the address of the Teachers' Federation is 98 Prince Street. She also named a number of available teaching aids.

The next speaker was Dr. L. W. Shaw, Director of Education who spoke on social studies in the

Over 2,700 pupils are expected to register in the five Charlottetown schools before the end of the week. Yesterday 2,671 registered with an anticipated additional 40 to return before next Monday. This makes an increase over last year of 165 when the total was 2,506.

The largest increases are noted in Queen Square and Rochford Square schools where 103 and 61 additional pupils have registered, respectively. Queen Charlotte High school shows a smaller increase of 20 and Prince Street an increase of three. West Kent's registration is down by 13 pupils and the kindergartens of both small decreases.

The following are the figures compiled yesterday with last year's figures in brackets: Queen Charlotte High — 377 (374) Queen Square — 824 (731); Prince Street — 377 (374); Rochford Square — 621 (560); West Kent 326 (338); P. S. S. Kindergarten — 36 (42); W. K. S. Kindergarten — 38 (42).

Yesterday 2,671 registered with an anticipated additional 40 to return before next Monday. This makes an increase over last year of 165 when the total was 2,506.

The largest increases are noted in Queen Square and Rochford Square schools where 103 and 61 additional pupils have registered, respectively. Queen Charlotte High school shows a smaller increase of 20 and Prince Street an increase of three. West Kent's registration is down by 13 pupils and the kindergartens of both small decreases.

The following are the figures compiled yesterday with last year's figures in brackets: Queen Charlotte High — 377 (374) Queen Square — 824 (731); Prince Street — 377 (374); Rochford Square — 621 (560); West Kent 326 (338); P. S. S. Kindergarten — 36 (42); W. K. S. Kindergarten — 38 (42).
