

Masses for Riel.

Several Roman Catholic residents of Sorel are much chagrined at the refusal of their cure—under the orders of his Bishop—to say mass for the repose of Riel's soul.

Past and Present.

How much less the present depression is felt in Orillia than were the hard times of 1878-9 may be judged from the difference from the demand in houses, says the Barrie Ee.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attacks as those affecting the throat and lungs; none so trifled with by the majority of sufferers. The ordinary cough of cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness.

"A Terrible Cough Cured." "In 1871 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up, I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength.

"Croup.—A Mother's Tribute." "While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude?"

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried." A. J. CRANE, Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL." JOSEPH WALDEN, Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles." E. BRADDOCK, Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
