ROSES AND THORNS

I always look forward to Thursday afternoons and the circulation of the SUN. One of those features in the SUN which I look forward to reading is the Engineers' VIEW FROM THE TOP. I usually find "THE VIEW" quite entertaining if at times a bit distasteful, however, some of us, I guess, enjoy the distasteful comments, and I am sure many students find "THE VIEW" quite entertaining.

Although, I must congratulate you people on the consistency of the appearance of "THE VIEW" in the SUN (too many columns fall by the wayside after one or two issues). I and I'm sure many others found some of Cranston Snord's idle remarks last week rather offensive. Who are you to label the thoughts of the CRITIC as miniscule, or call "SCAR WARS" garbage, or call certain poets, imposters and tell them their works belong in a garbage can? Many people who read the SUN are entertained by the above mentioned, just as many are entertained by "THE VIEW".
You have an entertaining and well read column, Cranston Snord, you don't need to resort to such tactics as you did last week.

Bouquet of Thorns:
You've all pleased me this week. Keep up the good work.

Bouquet of Roses

The Sophomore Class for recognizing the guys on campus of allowing them into a pub free. Everyone always tries to attract the ladies in ways such as this. This is something new for the guys.

PANTHER NOTES

- Panther Lounge is "the place to be" on Friday afternoon. Go and see for yourself.
- Hockey Panthers lost a close one and a not so close one to Dal. last week.
- Lady Panthers basketball tema did very well, winning their games on the weekend.
-"Spice" is at the Barn next week.
