Decorating Ideas by DORIS LOVE

We live in an age of colour... coloured fixtures, coloured tile, coloured curtains, coloured counter space and incooperative in the plan, it is beautifully decorated with pumpkin, peacock, or perhaps coral. It would be wise to select draperies, shower curtain, towels and tissue in a softly contrasting colour. For instance, a pale blue tissue is wonderful with a definite colour like Marigold or a soft pink tissue. It will blend with any lining and fabric colour—and it's so very workable.
