

THE DAILY EXAMINER.

FEBRUARY 5, 1894.

A TEST OF SINCERITY.

It has been charged that temperance people are not always true to temperance against party politics. The coming election in this city, and particularly in Ward Four, will be a test of the truth of this charge. Unnecessarily and unfortunately, an attempt is being made to introduce the Grit party wedge into the two large wards which elect a majority of the City Council. The Patriot reveals that the political dodge was finally suggested by Councillor Crable. The Patriot's suggestion is to be noted, and particularly by Councillor Crable. The truth of this is readily seen on reference to the fact that the Grit party undoubtedly have a majority in the upper wards. No Conservative candidate for civic honors—least of all Councillor Crable—would be such a fool as to raise the party cry in a ward inhabited for the most part by Grit electors. Senator Ferguson's absolute denial of the Patriot's false charge that he was "trying to organize a political ticket for the several wards," dispose of that ingenious ruse of the Grits. The political cry of the man who seeks the defeat of Councillor Crable because he has been a leader in the temperance fight. It will be interesting to note the result. Shall we see the temperance man of Ward Four desert his temperance leader and follow his political leader, temperance being properly the main issue in the contest and party politics, properly, not an issue at all?

MR. McLEAN'S CANDIDATURE.

Mr. T. A. McLean has gone the length, this year, of publishing a "card to the electors," and it is presumed that he will not now retire upon any consideration. His candidature must, of course, be supported by all those who think that it is expedient to have a change in the Mayoralty, and who believe him to be qualified for the position. The other candidates have both enjoyed the honor attached to the Mayoralty; and Mr. McLean has earned it as well as, with one or two exceptions, any man in the city. Now that Mr. McLean has declared himself, it is presumed that Mr. Haviland will, in accordance with the understanding of two years ago, retire from the field. There can be no doubt that, apart from the general desire for a change, the fact that Mr. Haviland used his casting vote during the past two years in favor of but one of the two little parties into which the City Council was unfortunately divided, will operate against his success in the coming election.

FINANCES OF SUMMERSIDE.

We are indebted to the Chairman of the Town Council for the financial statement for the corporation of Summerside, as audited and published. It shows that the surplus of last year was \$98.83, and that the town is in a good position as the result of careful and economical management. The amount expended upon the repair of streets and sidewalks last year was \$2,375.69, and \$2,500 were paid to the Board of School Trustees. The fire department of the town cost \$1,190.53, and the police department \$847.45. We note that witness fees in connection with the Canada Temperance Act necessitated an outlay of \$1.50, and that the revenue from that source was \$50.00. The auditors of the accounts, in their report, say that "while the source of regret to the Council and taxpayers of the town that Mr. Goulet has, by illness, been obliged to retire, it must be a gratification to the Council that the successor, Mr. Walsh, is so well qualified to fill the position of Town Clerk."

NOTES AND COMMENTS.

A slight improvement of the business situation in the States is reported. Col. Vincent is now energetically at work in England advocating the principles of the United Empire Trade League. He is under the impression that, inasmuch as the Council of the Imperial Federation League has been dissolved, the branch in Canada would do well to change its name to bring it more in accordance with the principles which it is advocating, viz., British commercial union. It is not at all unlikely that this question will be discussed at Ottawa by members of the House who are in favor of preferential trade during the coming meeting of parliament.

GLADSTONE ALL RIGHT.

A newly published interview with His Physician in 1893. A British medical journal publishes notes of an interview in 1893, with the late Sir Andrew Clark, who was Mr. Gladstone's physician, with notes of the papers, says, were not hitherto desirable to disclose. The occasion of the interview was the former report that Mr. Gladstone was about to retire from office. Sir Andrew said Mr. Gladstone displayed no signs whatever of a break-down. He still had the freshness, elasticity and vigor of youth. His muscular and arterial system were extraordinary, and he possessed a well preserved store of energy and veracity of nervous powers far beyond the ordinary man in the prime of life. Above all, he had inestimable power, acquired partly by habit and partly the result of an admirable balance of his nervous system, and of sleeping long and well throughout the night. "However agitating the events of the day to Mr. Gladstone," Sir Andrew added, "the work was not exhaustive but restorative. It is his true stimulus that keeps him young and vigorous."

CHEESE FACTORY AT NEW GLASGOW.

A public meeting will be held in New Glasgow Hall, on Monday, the 12th inst. at 8 o'clock, p. m., for the purpose of discussing the advisability of erecting a cheese factory in that vicinity, so as to take in the adjoining settlements of North Ruston, South Ruston, Goulet River, Hunter River, Wheatley River, Cavendish, etc. Mr. Dillon, of the Island, will address the meeting. By way—pat gu her wat.

USE SEBODA'S DISCOVERY, the great Blood and Nerve Tonic.

The Stanley, which left Georgetown on Friday morning, did not reach Pictou until noon on Saturday, having been out all night. She left Pictou for Georgetown this morning, but had not reached her destination up to half-past two this afternoon.

BREAK IN THE WATER PIPE

On Weymouth Street, Near the Corner of Fitzroy,

CAUSES A GREAT DEAL OF TROUBLE.

Three Cellars Flooded—The Damage Done—Engines Out Yesterday Afternoon.

SHORTLY before eight o'clock on Saturday evening, Mrs. Michael Malone, who keeps a grocery store on the corner of Weymouth and Fitzroy Streets, heard a noise as of rapidly flowing water in the cellar of her premises, and supposing that the service pipe had sprung a leak, she asked her husband, James Malone, who was at the time, to go down into the cellar and turn off the water. Mr. Malone took up a lighted lamp, and, opening the hatchway went down. The first thing that met his gaze was the water pouring into the cellar at a terrific rate through a hole in the wall, and barrels and boxes were floating about the cellar, in which there was already several feet of water. It did not take a second glance to see that the leak was not in the service pipe, but in the pipe outside, and of this he promptly apprised the people of the house.

The neighbors were informed of the condition of affairs, and similar information was sent by telephone and messengers to Mr. Dalziel, superintendent of the waterworks, and his chief assistant, Mr. Crehan. After their arrival they proceeded to investigate, and the conclusion was reached that the break was in the pipe leading from the main to the hydrant, probably close to the hydrant. The plan of the pipe service was consulted and measurements were taken to denote the location of the "gate" on the main pipe running along Weymouth street. After about an hour's digging through hard snow and ice and frozen clay, the "gate" was found and closed, and subsequently, after a good deal of digging, the "gate" at Mathew's corner and at Mark Wright's and Conductor Ryan's corner were also found and closed. Three other gates, in the neighborhood of the break were also closed to lessen the flow of water. All this, of course, took up considerable time, in fact it was after ten o'clock before the fourth "gate" was found and closed.

AN AGED LADY.

Mrs. Eccleston's Sufferings from Kidney Disease Cured by Dodd's Kidney Pills—A Medicine that Produces Good Results for both Old and Young.

St. Catharines, Feb. 5.—Mrs. F. E. Eccleston, aged 69, a well-known resident of this city, has for some time been afflicted with kidney disease, the symptoms of which were severe pain in the small of her back. She is now perfectly cured. This happy result is due to the use of Dodd's Kidney Pills, the famous and infallible remedy for all kidney disorders. Mrs. Eccleston says the pains have never returned since her recovery, and her happiness over her restoration to sound health is indescribable. These pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price: fifty cents per box, or six boxes for \$2.50.

A GREAT LOSS.—The Cambridge, Mass., Chronicle says: "Mr. and Mrs. James A. Maskell, of 264 Prospect Street, have the sympathy of many friends in their bereavement caused by the death of a son, Clarence W., who passed away Wednesday night at the age of 12 months. The child was sick about a month with cerebral meningitis. He was a precocious little fellow, in fact bright beyond his years, and by his many endearing ways had passionately endeared himself to his parents, who feel the loss greatly." The friends of Mr. Maskell at Souris and elsewhere in this Province will unite with those of Cambridge in sympathy for him in his great bereavement. We note by the East Boston Free Press that Dr. Muttart, son of Dr. Muttart, of Souris, was consulted in the case, together with Dr. Minot, one of the most eminent physicians in the States.

AN ISLANDER INJURED.—A St. John despatch states that James McKie, of Charlottetown, second engineer on the cruiser Cutler, while oiling some machinery at that place on Saturday, fell, and before he could be extricated, was badly cut about the neck, head and face by the machinery. He was unconscious for some time, but will have a chance of recovery. He is a son of Conductor McKie, of the P. E. Island Railway.

MASONRY.—The lecturers of Victoria Lodge, No. 2, F. & A. M., will please remember the regular meeting this evening. Business of importance. St. John's Lodge, No. 1, F. & A. M., will meet for practice on the 21st degree, at Victoria Street, on Tuesday evening at 8 o'clock. By order.

POLICE COURT.—The morning Charles Slate was fined \$20 or 60 days for drunkenness, and Peter McCabe was given \$2 or 10 days for a similar offence. WARD FIVE.—A meeting of Ward Five electors will be held to-morrow evening in the old Salvation Army barracks.

POSTPONED.—Owing to the evangelistic services, the entertainment in Z on Church has been postponed until further notice. REAL MERIT IS THE characteristic of Hood's Sarsaparilla. It cures even after other preparations fail. Get Hood's and ONLY HOOD'S.

LOCAL NOTICES.

Carter & Co., Stationers, &c. 1w—fel5 Cash for boots wanted at Goff Bros. On our news counter will be found the latest magazines and newspapers, Canadian, English and American, received daily, at Carter's Bookstore. fel5 1wk. Pay your debts at Goff Bros. Anxious to sell for cash, boots, shoes, felt and kid. Reduced 20 per cent to half price.—Goff Bros.

That meerschau's your pride? Then don't ruin it with inferior tobacco. Use MASTIFF PLUG CUT. It will color your pipe in a manner that will make it an art treasure. And do it better than any other brand.

J. B. Pace Tobacco Co., Richmond Virginia and Montreal, Canada.

considered by citizens. The other statement that Rollo was unreliable and could not be depended upon for more than half an hour or so, should also be noted. They were made by a person who is supposed to know. Were a break to occur in the main pipe between the reservoir and the city which would necessitate shutting off the water from the whole city, what would become of the town if one of the fire engines could not be got out, and if, after being out for half an hour or so, the other would have to cease work, as was the case yesterday? But perhaps in the event of a fire under such circumstances there would not be so much hesitation about taking the engine out. Silby worked all right after getting on the scene, but Rollo evidently needs looking after at once if it is intended to use her again.

To-day we hear that the water pumped out yesterday by the engines has worked its way into several of the cellars on Weymouth Street, some distance from where the break occurred. During Saturday night, yesterday and this evening, a great many citizens visited the scene of the accident. Yesterday things have quieted down considerably, there being few people about. The weather was very cold throughout the whole trouble, and this made the work of the men all the more difficult. The men who were kept out all night battling and pumping had an especially hard time of it. Chief-Engineer Large and Councillors Beer and Crabbe were very busy all day yesterday, and Councillor Beer was also on hand on Saturday night doing what he could to help.

Mr. Dalziel, Mr. Crehan and the other men in the employ of the Water Commissioners worked hard, as has already been stated. It was Mr. Dalziel who telephoned for the steam engine on Saturday night, and subsequently, we understand, Councillor Beer backed up his request. The result of their united efforts has already been noted.

It will take some time for the flooded cellars to dry up as before. They will likely be damp all winter.

CARD.

Gentlemen Electors of the City of Charlottetown

In compliance with the wishes of a large number of citizens, I offer myself as a candidate for the office of Mayor at the forthcoming election; and promise, if elected, to act impartially in all matters before the Council.

I shall endeavor to guard the interests of the citizens in the expenditure of all public money. The sewerage question, so far as I am concerned, shall remain in abeyance until decided by a vote at some future time.

Having served the city as Councillor for Ward Five under Mayors Dawson, Hooper, Beer and Haviland, during the past four years, the introduction of electric light, the construction of water works and the erection of the new City Hall, I claim some little experience in civic matters; and trust that my past record in connection with all questions of civic reform will warrant my expectation of being returned by a handsome majority.

T. A. McLEAN
Charlottetown, Feb. 5, 1894—td te

GRAND CARNIVAL VICTORIA.

A GRAND FANCY DRESS CARNIVAL will be held in the Bank at Victoria, on THURSDAY, the 16th inst. The Directors are determined to make this Carnival the best ever held in Victoria.

Admission, 25 cents; Skaters in costume free. Artillery Band in attendance. T. N. STORDY, Secretary. fel5 col'day

To the Electors of Charlottetown. GENTLEMEN.—In response to the vote of the Public Meeting on the 21st ult., it is my intention to nominate for the office of Mayor for the ensuing term, and if elected the following matters shall have my especial attention:—

Strict economy in administering the affairs of the city. Necessary and permanent street improvements, commensurate with the ability to afford them. No expenditure for sewerage until the question by a separate vote is settled at the polls. Enforcement of all laws now enacted or that may be enacted. As I shall not be able to make a personal canvass, I take this means of soliciting your votes on election day.

W. E. DAWSON. fel5 THE SOCIETY OF ARTS of Canada (Limited), MONTREAL. CAPITAL STOCK, - - \$100,000. A Society established with a view to disseminate the taste for arts, to encourage and help artists. Incorporated by Letters Patent of the Government of Canada, the 27th February, 1893.
