

BUILDINGS OF THE FOREST NURSERY  
and  
COTTON TRUST MEMORIAL FOR RURAL BEAUTIFICATION

The Forest Nursery and the Cotton Trust Beautification go hand in hand to make possible the planting of windbreaks, landscape beautification as well as forest improvement planting. In addition shrubs are purchased and grown for distribution at cost to householders on P. E. I. These activities on the part of the government will assist in enriching and beautifying the houses of P. E. I. and furnish a background to the whole beautification movement.
