Why you take Cold and Cough.

Generally caused by exposure to cold, wet feet, sitting in a draught, coming from hot and crowded places, in thin dress, or wearing damp clothes, stockings, or any other cause tending to check suddenly the perspiration. The result produces inflammation of the lining membrane of the lungs or throat, and this causes phlegm or matter which nature tries to throw off by expectoration. In many cases she is unable to do so without assistance, and this is

KEPT T ME FOR NAPOLEON.

A Watch That Has a Remarkable and Interesting History.

The watch, of which the cut is a representation, is one of the cases in the Swiss exhibit in Manufactures Building. Its history is vouched for by the Geneva concern which displays it.

It was once owned by the first Napoleon. In 1812 Napoleon was traveling in a coach through Holland to the Hague. He had reached the Fortress of Nimwegen and the inhabitants gave him a reception. Many of his old soldiers of former campaigns had turned out to do him honor. He was approaching the quay on the River Waal when the horses attached to his carriage became unmanageable. The vehicle careened on the edge of a precipice. A citizen, Wilhelm

A WATCH WITH A HISTORY.

Behnen, stopped the horses and a catastrophe was averted. The story is that Napoleon, in his carriage and asked the name of his rescuer, and offered him then and there a commission, which was declined.

The Emperor then asked him why he had taken the risk, to which Behnen is said to have replied (there is always a shorthand man around on such occasions): "Sire, the loss of my life would have been nothing compared with that of your majesty. The breaking of my neck would amount to nothing, while your loss would have been an irreparable one to the country."

This tickled Napoleon's vanity, and he gave the man the watch. It seems that Behnen was postmaster at Elten at the time, and before his death he gave the watch to Theodore Goris, his uncle, and it remained in that family until Mrs. Klarenaar, mother of the present owner, R. Klarenaar, who is a relative of Goris, while visiting Germany in 1872 got the watch. She has loaned it to the present exhibitors. That the watch was once owned by Napoleon there is no doubt. One is not obliged to believe the other part of the story unless he wants to indulge one's romantic tendencies.

UNSAFE SAFES.

How Not to Save Money by Old-Time Ideas of Hiding It.

Don't waste your money. Even if you do not desire to use it yourself, let it be of service somewhere. There are various methods of disposing of it that are distinctly unselfish.

You can put it under the corner of the carpet for the roaches to play with, and when the roaches get tired of it some industrious mouse with domestic cares on her mind can use it for upholstery purposes. There is nothing that tickles a refined mouse more than a few hundred dollars turned into bedroom furniture.

Or you might put it in a teapot on the top shelf of the cupboard. And when the hired girl wants to go to a picnic she may stumble across it and forever bless you for your forehandedness.

Another way is to put it in an old stocking and hang it up into a clothes press. When some other member of the family concludes to get rid of some of the accumulated trash this will make the ragman very happy.

You might carry it around in your pocket, and by so doing draw it out while looking for a letter, and leave it for some pedestrian who was careless and did not save his money.

There are other ways to be unselfish, but these rules are simple, direct and sufficient.—Washington Star.

An Idea in Drapery.

This pretty idea from The Upholsterer gives a hint to those who have square windows or doors that they wish to make oval in appearance. The fretwork in oak and the silk drapery in dull blue make a most harmonious combination.

Snake and Dog.

While Mr. L. T. Mercer, of Irwintown, Ga., was at work in the field his little pet dog bayed a large rattlesnake near by. The dog kept barking and playing with his snakeship until he decided there was no harm in his newly made acquaintance. Upon this decision the little creature rushed forward. The snake struck the dog fairly between the eyes and held to him until shot to pieces. When the rattler struck the dog the animal set up a howl for relief. Mr. Mercer seized his gun and hurried to the scene. On his arrival he found the dog in a very embarrassing position, and shot the snake loose from his hold. After killing the reptile he picked up his dog and hurried to the house. There he drenched his little pet with alum water, and says that so thoroughly did the water kill the poison that the animal suffered no pain, nor was the slightest swelling visible.

The Poetry of Life.

He was waiting for her at the corner of a street. Presently she came tripping along, and stopping held out her hand.

"How are you?" he asked.

"I'm lovely," she replied.

"Lovely!" he exclaimed. "I should think you are, and you grow lovelier every day."

She smiled and blushed, then taking his arm with a caressing gesture she suffered him to lead her away.—New York Press.

Deservedly Popular.

Our readers have no doubt read with interest the despatches almost weekly appearing in this and other Canadian journals regarding cures of a most startling nature made by Dodd's Kidney Pills. These pills have proven themselves to be a certain cure for all diseases of the kidneys and blood, such as backache, rheumatism, Bright's disease, diabetes, dropsy, etc.

Enquiry amongst local druggists elicits the facts that they have a very large sale and are an infallible cure for kidney disorders.

Dodd's Kidney Pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold everywhere, or by mail on receipt of price, 50 cents a box, or 6 boxes for $2.50. .....

He Was Convinced.

A man in Nova Scotia was in doubt as to the genuineness of the reported cure of Mrs. Bernard Maguire and ex-Councillor Lingley, of Petersville, Queen's Co., by a course of Hawker's Nerve and Stomach Tonic and Hawker's Liver Pills. He wrote to Squire Lingley, and that gentleman promptly assured him that the testimonials were genuine. .....

W. H. ROGERS.

AMHERST, N. S., May 27, 1893.

THE GRODER DYSPEPSIA CURE CO.

GENTLEMEN:—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvment.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.

(Signed) W. H. ROGERS,
Late inspector of Fisheries for Nova Scotia.
