

New Telephone System inaugurated

THIS PICTURE was taken during the final hours of the old telephone switch board. No more of the switch board say "Give me Mrs. so-and-so, I forgot the number." Montague and district is today under the new dial system and many are making phone calls just to try it out and many are saying "Give me Mrs. so-and-so, well those operators sure were good to us" as they find it necessary to look up the numbers. The old switchboard in this picture was jokingly referred to as a "memory bank". However through the years it has served its time well. The friendly staff will be missed. Show above are three of the operators, left to right: Shirley MacLean, Isabel Dewar, and Mrs. Grace MacLean, all of Montague.

TO OFFICIALLY inaugurate the new telephone dialing system recently installed at Montague, Mayor Bruce H. Yeo made a special inauguration call to Charlottetown Deputy Mayor Walter Cox in his chambers at city hall at approximately 8:45 last night. Mr. Cox is shown receiving the call as city commissioner, John Butler looks on.

MAYOR YEO places the first official call from Montague to Charlottetown Deputy Mayor Walter Cox last evening to officially inaugurate the new telephone dialing system.
