

LONG before the discovery of South America by the Spaniards, the aborigines used and highly valued the Coca Leaf as a medicinal agent, but it has not been until recent years that its true value has become universally known and appreciated.

CONVERSATION—NO. 2.

Come in! Ho, Dougal, is that yourself; and how you'll was tuis long time? Ah, well not very good at all, Donald, something queer on the inside of my head.

On the inside of you head, Dougal! Is it toothache or the rheumatism? Ah, no, Donald, its the tryin to stop the tobacco, and I don't know whether I am here or down at the corner. Ha, if I had a hold of the grits that put the duty on the tobacco I'd broke his nose.

Oh, Dougal, Dougal, don't get so cross. The grits do something; oh yes, they took a cent of the gallon kerosene. Of course it is not amount to much when you buy it by the quart. But it is so much, and they, and they, well, they might have done worse. Don't turn tory, at all, Dougal.

Turn! andeed I will, and turn other peoples, too, and turn Heckther inside out. What for they put the duty on tobacco.

Well Dougal you see peoples is getting rich; John herself is better than she was last year. Shonny Shusy said she only had a fine comb, and a pins, and a sale last year. Now she's got a tobacco, and a sugar, and a match. Of course she got a government office; she deserve it good anut; she keep her brother and two more peoples from voting for Red Sandy. She nearly put Sandy out, between herself and the blacksmith, they turn the Road Murray Harbor poll nearly all Grit. Oh yes, John and the blacksmith is got great fluency with the peoples, oh yes. Oh, don't turn tory Dougal. They are giving shops to the peoples of Road St. Mary and round there like sixty. Duncan and Donald and a lot of them, and big Dan on their head, went on the dredge. Dan only turn grit day before yesterday before the halaxion; and Johannathan went on the boat of the ice, I think they call her the "Standby." They were very good to Johannathan. They let her home on leave of absence for six months till Lochy would pay her bill to uncle Sandy. Prehaps next year yourself or myself will be on the dredge or somewhere; prehaps they will send a "Petrel" to Murray River next winter to look after MacKinnis.

I hard Daveiss is going to buy half a dozen Petrels for de Island. One of them will be looking after Cape Bear, and the one that was looking after Cape Tormantie last winter is going to be looking after Souris, and I'll spoke to Heckther perhaps she will get you on one of them. Well Donald, I'll not turn tory just now I am in a hurry. I'll see you soon again, good by.

McMillan & Hornsby's FOR WALL PAPER

Mr. George Anderson, of Toronto, the manager of the Royal Oil Co., has received the Dominion appointment as commissioner to Japan to report on the facilities for trade between the two countries. He goes to Japan in August.

THE LATE MR. JOHN HOLMAN.

In the death of Mr. John Holman Charlottetown loses a respected and well known citizen, who has passed away at the advanced age of 78 years. Mr. Holman was a native of England, and came to this Island over fifty years ago. Industrious and thrifty in business, he enjoyed leisure in his latter days. Until a few months ago he was to be seen almost daily on our streets, and appeared so active and so genial in manner that few would take him to be past middle life.

The funeral took place from Mr. Chappell's residence, Queen Street, to the People's cemetery this afternoon, and was attended by a very large number of persons from town and country. The Rev. G. M. Campbell and Rev. W. J. Kirby conducted the services. The pall bearers were Samuel McKee, J. T. Mellish, Alex. Horne, John Whear, W. C. Colwill and John Drake.

MR. PAYETTE REMEMBERED.

Yesterday was the fifty-fourth anniversary of the birth of Mr. Payette, the esteemed superintendent of the new Roman Catholic Cathedral, and his employees took advantage of the occasion to present him with a gold-headed cane and an address in commemoration of the event. The address was read by Mr. Edward J. Duffy, foreman. It reads as follows: Mr. J. B. A. Payette, Supt. New R. C. Cathedral, Charlottetown P. E. I.

DEAR SIR,—Fifty four years ago to-day you exchanged birthday greetings with nearer friends and kindred. How the years have flown by since then, sprinkling their heads with snow and finally covering them with white. But such is the will of Providence.

You will please accept this cane as an evidence of the fact, that time cannot dim the unchanging friendship of rising generations.

Signed on behalf of your employees. EDWARD J. DUFFY.

A COMPLAINT.

SIR,—Persons holding tickets for the Y. M. C. A. would like to know why, when they pay for all the privileges of that institution, they are debarred the use of the gym. I understand that the President has given orders that no person shall be allowed in the gym. Now, I would like to know why he has given this order, and also if he had the authority to do so without a meeting of the executive. Hoping that he will be able to give a reasonable explanation, I remain, TICKET HOLDER.
