FOCUS

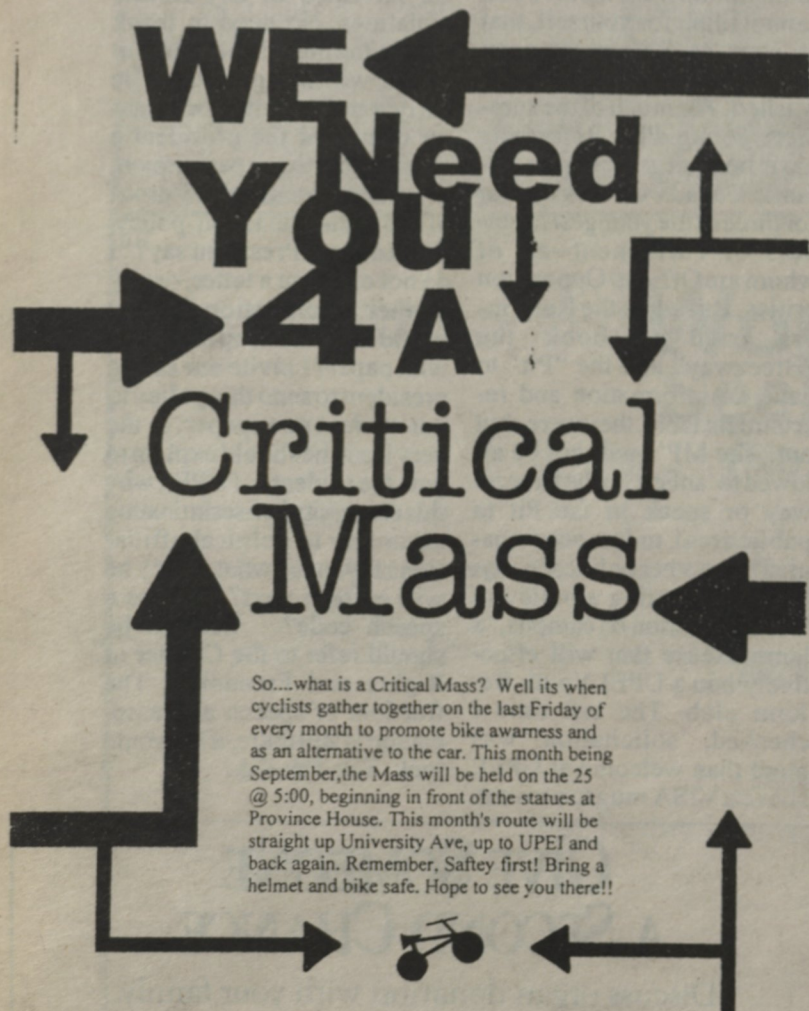

Fellowship
Of
Christian
University
Students

FOCUS is a student organization that seeks to help you grow in a relationship with Jesus Christ through Bible Study, personal discipleship, missions and outreach, and fellowship with other Christians.

We have a lot planned for this semester and encourage you to come and to check us out. Anyone is welcome!

For more information, please give us a call at 894-8465 or e-mail at amyroset@isn.net

Meetings are Thursdays at 7:30 in the Robertson 05.

The MAPUS Connection

By Janice Muir

Welcome back to UPEI. With the fun in the sun just about over for another year, it is time once agin to hit the books. If you are a first time student, you may feel a little overwhelmed. Don't worry. Before you know it, everything will become routine. The most important thing to remember is that there are many people at the University who are willing to help you.

One of these organizations is Mapus -- a campus group that assists and represents all Mature and Part time student son campus. If you are more than 24 years of age, then you are automatically a member and are entitled to certain student benefits.

Located in the Robertson Library building, the Mapus lounge offers a friendly atmosphere where you can meet other students like yourself. There is a telephone for making local calls and lockers are available at a nominal cost. It is also a place where you can find out about university life, student initiatives and upcoming events. Drop in when you have a moment, enjoy a fresh cup of coffee and some heartwarming conversation.

Be sure to meet our newly elected President, Wylie Hall. He and several other committee members have worked diligently over the summer promoting Mapus among the first time student population. We extend a special welcome to all of you and look forward to a happy and productive school year.

The second initiative that is new for Mapus is this newspaper column. It is hoped that the student body will find the information contained in it to be both meaningful and timely. At the same time, we are seeking your ideas about the type of article that you would like t see. Some of the students we asked wanted to see a help line or a "dear advice" type format. Give us your ideas and suggestions. What information would you like to see in a Mapus article?

Remember, the most important role that a students' association can play is that of providing valuable input into the decisions that affect our learning opportunities. We are in this thing together.

Janice Muir can be reached at (902) 853.4042 or by E-mail: jmuir@upei.ca

Welcome Back for Another School Year!

The Career Development Center (located in Student Development in the Robertson Library) is pleased to announce that the Graduate Placement Office has become part of the Center. The Career Development Center is staffed by two individuals- The Career Development Specialist and the Graduate Placement Officer.

The Career Development Specialist is available to assist all students with job search preparation and career counseling. This information will be presented in the form of regularly scheduled workshops and one to one consultation.

The Graduate Placement Officer coordinates on campus recruitment and assists graduates of UPEI with job search techniques. Students graduating in May of 1999 should be aware that companies from all over Canada will be conducting information sessions and interviews during the later part of 1998 and hiring upon graduation. In preparation for future employment opportunities, 4th year students are encouraged to forward a copy of their resume to the Graduate Placement Office. Employment and internship opportunities can be viewed on the Job Board (in the Robertson Library) or at www.upei.ca/~studev/cdc

The Career Development Center will be offering an information session on **Thursday, September 17 at 1:30 pm in AVC Lecture Theater 'A'**. Everyone is encouraged and welcome to attend.
