My Dear Sir, As my official duties will prevent my attending the meeting of the Pewholders, &c. on Tuesday, the 6th June next, I am desirous of conveying, through you, my warm thanks to my brethren of the Church of England, and others of this community, for their cordial support of the proposition I had the honor of submitting to them last year, respecting an Infant School-house.

WHEREAS some person or persons did, sometime during the night of Sunday last, or early on Monday morning, break open the Stable-door of the Subscriber, situate in Grafton street, near the North-east corner of Queen Square, and put therein a Dark Bay Horse, which did some damage, by destroying a quantity of Potatoes, besides devouring some Hay:

JAMES WEBBER, jun. Queen's Square, corner of Prince and Grafton Streets, 15th June, 1843.

WHEREAS JAMES BARRETT, my indentured Apprentice, has left my employment, and if rightly informed, through the persuasion of some unprincipled person, desirous of obtaining his services, knowing him to be an apprentice: Therefore, this is to caution all persons not to harbour or employ the said Apprentice, as they will be dealt with according to law—the said Apprentice having Nineteen Months more to serve.

PROSPECTUS OF A LIBERAL NEWSPAPER, To be published in Charlottetown Twice a Week.

To the People of Prince Edward Island. GENTLEMEN; The subject upon which we have to address you is one that so closely concerns the common interests of us all, that we do not hesitate to approach you with all the familiarity of a friend—all the boldness and manliness of spirit inseparable from an integrity of purpose and firm attachment to the truth.

To assert that you have no such Press, is to assert that which you all know. It is notorious that the whole population of this Island—save a miserable, arrogant and purse-proud faction, draining the life-blood of the country, and insulting its emaciated form—have not the power of proclaiming their injuries and degradation, and establishing the tyranny and infamy of their rulers.

The Palladium.

To this step we are encouraged by your friends—the People's friends—whose solicitations and assurances of support are too urgent and flattering to be disregarded or unacknowledged. The object of this paper will be, emphatically, the defence of your rights, and the promotion of your interests.

To the Government, as at present constituted, THE PALLADIUM will present an opposing front, because it is unconstitutional and un-British—because it is the Government of an Oligarchy, and not that of a FREE PEOPLE, subsisting rather on the exercise of Military power than on the affections of the Colonists.

AGRICULTURE AND THE FISHERIES. We are aware that the full development of the Agricultural and Fishing Resources of the Island is essential to its wealth and prosperity; and, in the discharge of our Editorial duties, these subjects shall often occupy our consideration.

LITERATURE, &c. The lovers of les Belles Lettres shall ever find an amusing and instructive Miscellany in those columns usually devoted to such matters.

EDWARD WHELAN & CO. Charlottetown, June 12, 1843.
