

"King" Quality

We are often asked, what is King Quality? It is the name given to the finest line of ladies' one price shoes made in Canada. They are

Made of Kangaroo Kid

which is the finest, lightest and most expensive leather known. They have the Cuban and military heels, which give elegance and style to the shoe. They are thick in the sole, yet

Soft and Flexible

They have the King Quality toe-cap, which distinguishes the shoe from all others. The price is stamped on the sole—\$3.00.

THE ELECTIONS.

Some Comments of the Press.

Remarking upon the defeat of Sir Charles Tupper, the St. John Sun says:

"It will not be forgotten that in a great crisis of his country's history Sir Charles Tupper, backed by the loyal sentiment of the people, was able to dictate a course which went far to save this part of the Empire from disgrace. We cannot believe that this is quite the end of his public career, long and eminent as that has been. But whether it should be so or not, Sir Charles Tupper will be remembered with gratitude by this country when the ministers who now enjoy their triumph shall be forgotten.

Many explanations will be given of the success of the government at the polls, and of the defeat of leading Conservatives. That of Mr. Lawrence A. Wilson of the licensed victualler's association is already before us. We commend this note of triumph to the attention of thoughtful readers.

It is hardly necessary for the Sun to express the opinion that the people of the St. John constituencies have made a mistake in electing Mr. Blair and Colonel Tucker. On the ground of personal merit, and of capacity for useful public service, their opponents were more worthy of choice. As representatives of more correct principles of public conduct, and of a wiser and more patriotic Canadian policy the Liberal Conservative candidates should have been preferred. Moreover, we greatly fear that the electors by endorsing Mr. Blair's line of action in regard to the winter port have done the city great damage. As to the methods by which Mr. Blair obtained his large majority something may be said later.

The Halifax Herald says:—The result in this province is, we believe, a great surprise to the Conservative party, and not much less so to the Grits. It is, however, generally less of a surprise to the Grits, because they knew two great grounds upon which they were building, and they knew these grounds to be large enough to build on extensively. The two grounds were the Grit-prepared electoral lists and the corrupt use of money. The people of the Dominion at large would seem to like humbug, bad faith, deception, extravagance, corruption, French race cries, and misgovernment generally.

The Moncton Times remarks:—What causes have contributed to the Conservative disaster, for disaster it is, need not be discussed. Doubtless the government party had an enormous fund, but if the electorate of the whole people can be bought up at the polls with their own money, the fact is more portentous of evil for the country than for any party. The issues were fully and ably discussed and the great weight of argument was on the Conservative side. The government was thoroughly discredited and the honest sentiment of the country seemed to be unmistakably with the Conservative party; yet when the votes are counted we find the majority decidedly the other way.

The following is a fair sample of letters being received by that most progressive Canadian Life Assurance Company.

Geo. Gooderham,
49 Wellington Street, East. TORONTO, Dec. 28th, 1899.
To the North American Life Assurance Company, Toronto.

Gentlemen,—I am in receipt of your cheque for \$27,381.40, in settlement of my 15 year Endowment Policy, No. 2651, issued by you on Dec. 20th, 1884, for \$20,000.

The result is highly satisfactory to me, and furnishes the strongest proof of the careful and excellent management of the North American Life.

Personally, I have been a strong advocate of Endowment Insurance, having carried over \$500,000 on my life.
Yours truly,
GEO. GOODERHAM.
