

Moderate Expansion Guess Made For Business In '62

By FORBES RHUDE
Canadian Press Business Editor
Canadian business activity in 1962 will show a moderate rather than a vigorous expansion, says J. Herbert Smith, president of Canadian General Electric Co. Ltd.

he adds, business levels in electrical manufacturing expand or contract somewhat later than any over-all expansion or contraction in the total economy.
He estimated that factory shipments by Canadian electrical manufacturers in 1961 were at about the same level as the \$1,165,000,000 of 1960 and \$1,106,000,000 of 1959.

Gov't Ready To Prosecute In Price Case

OTTAWA (CP) — The federal government has made two investigations of allegedly trumped-up "regular" prices in retail advertising and is ready to prosecute in one case, sources said Thursday.
Charges already have been laid in Toronto against Eddie Black's Limited, a large store selling photographic equipment, alleging that it misrepresented the "normal" or "regular" prices listed alongside its "sale" prices in newspaper ads.

Industrial representatives on the committee include W. N. Hall, president, Dominion Tar and Chemical Company Limited, Montreal; E. H. Higgins, vice-president (engineering), Canada Ltd., Montreal; Dr. Hugh S. Sutherland, president, Shawinigan Chemicals Limited, Montreal; and Dr. J. H. Shipley, vice-president, Canadian Industries Limited, Montreal.

American team, the bidding went as shown. Kay didn't have much of an opening bid, but it was his turn to bid, and being not vulnerable against vulnerable opponents, he started hostilities with a diamond.
Silodor responded two clubs — with plenty to spare — and the Italian South came in with two spades. Kay doubled despite his light opening bid, since he now had excellent defensive values against spades and Silodor had made an affirmative response.

Opening lead — two of clubs. This hand occurred in the match between Italy and the United States played in Buenos Aires last year.
