

The Liberal-Conservative Party have taken the room in the Market House, formerly used as the City Council Chamber. This room will be open throughout the campaign.

Local and Other Items.

POLICE COURT.—Three drunks were fined \$2 each this forenoon.

CITY SMALL DEBT COURT.—Intending suitors are requested to note that Monday next will be the last day for issuing summonses for the February term of the above court.

WHITE GOODS.—Ladies who have not yet taken advantage of the important sale of White Goods at Beer Bros., should do so at once while the assortment is unbroken.

PENNY READINGS.—By reference to our advertising columns, it will be seen that the second of the course is fixed for Wednesday next. The programme is promised for Monday.

ANOTHER CONCERT.—The next concert in connection with St. James's Church will take place on Tuesday evening the 18th February. Mr. Earle is preparing a fine programme for that evening.

WHAT'S IN A NAME?—A "Joseph Steele" denies in last evening's Patriot that he signed McLeod and Blake's nomination papers. He, as one of the same name, is perfectly right. But there is another Joseph Steele in the city, and it is he whose bona fide signature, in his own handwriting, appears on the list.

DOGS WITH THE GRIPPE.—An exchange reports that the dogs are being affected seriously by the grippe and the pet "pups" in Bangor, valued so highly, should be given attention at once. The dogs most exempt from it are pugs, and the terriers have it the hardest. Canines which have not settled their taxes are sure to die, it is stated.

PHILHARMONIC SOCIETY.—The musical scores of the "Creation" have been received, but owing to the prevailing illness in the city at present and other reasons it has been considered advisable not to hold the first reunion practice until the fourth of February, a week after next Tuesday. As it is very desirable for the first meeting to be a thoroughly successful one all members are specially requested to be in readiness to attend on that date.

HIS WORDS CAME TRUE.—A London, Ont., despatch of the 21st says: Daniel Macfie, President of the Ontario Investment Association, died suddenly last night. In connection with Mr. Macfie's death a sad incident happened this morning. John Burnett, a well-known stock broker, and one of the directors of the Ontario Investment Association, on reading the account of the death of Macfie remarked to a member of his family: "I suppose my turn will come next." A few minutes afterwards he dropped over in his chair dead.

CUSTOMS STATISTICS.—The last fiscal year was a profitable one for customs officers and informers in the province of Quebec. The total amount of fines and penalties imposed for smuggling was \$36,677, of which only \$17,380 was received by the department, the balance of \$20,597 going into the pockets of the informers and seizing officers. Montreal, as the largest port in the Dominion, naturally heads the list with \$29,218, but of this \$17,339 went to informers and officers.

GREAT RIFLE SCHEME.—An Ottawa despatch says: Another great rifle scheme is on the programme for next season, this being a series of telegraphic matches between teams representative of the chief cities of the United States and Canada. The proposition emanates from Capt. John S. Shepherd, Secretary of the National Rifle Association of America. He thinks such matches would do a great deal towards the development of shooting interest on both sides of the line, and the improvement of weapons and methods. It has also been suggested that a Canadian team should visit Creedmoor next season and an American team try conclusions at Rideau in return. New York riflemen are anxious to renew the great international contests such as were common some years ago.

THE COMING CONCERT.—We call the attention of the musical public to Mr. Vinnicombe's popular Orchestral Class Concert, to be held in the Philharmonic Hall, on Tuesday, the 18th February. He requests us to state that the material of the orchestra is excellent in regard to instrumentation, and that the pupils have improved wonderfully in their playing since the organization started some years ago, and are now capable of rendering really first-class music. The programme will contain varied selections for full orchestra, string quartets, duets and violin solos from some of the most distinguished composers. It will be interspersed with vocal solos by some of our best talent. Being assisted by the Rev. Mr. Lloyd, this certainly promises to be one of the best concerts of the season.

Religious Services.

Services in the Methodist Brick Church at 11 o'clock a. m., and 7 p. m. Preacher, Rev. D. D. Moore, M. A. The regular bible class meeting will be held in the Y. M. C. A. Parlor this evening from 8 to 9 o'clock, conducted by Rev. G. M. Gordon.

Services in Zion Church to-morrow, conducted by the pastor, at 11 a. m., and in the evening at 7 o'clock. Morning prayer meeting at 11.15. Sabbath school and Bible class at 2.30 p. m.

The regular Gospel meeting will be held to-morrow afternoon, in the Y. M. C. A., at 4 o'clock. Subject—"Joy over the child Jesus." Luke 2: 8 to 20. For the greater comfort of those attending, the meetings for the present will be held in the Upper Parlor. A cordial invitation is extended to all, especially to strangers and young men.

SPECIAL DISPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT

Summary of Proceedings.

OTTAWA, Jan. 24

In the House of Commons to-day Mr. Wallace presented a petition from the Grand Orange Lodge asking for incorporation.

Answering Mr. Jonaas Mr. Tupper said the Government intended continuing their present policy with respect to the fish hatcheries.

Mr. Carling, replying to Mr. Innes, said the Government considered the present quarantine regulations sufficient to prevent the importation of cattle diseases in Canada.

Mr. Marshall's motion proposing an increase of the duty on pork and other meats stood over, but Mr. Wood, of Westmoreland, in moving for a statement showing the quantity of fresh beef imported last year, argued that the duty on that article be doubled.

The House then adjourned. A number of bankers have arrived here to interview the Government to-morrow regarding the proposed changes in the Banking Act. They held a conference to-night to agree on a plan of procedure.

At a Tory caucus held to-day, Sir John Macdonald announced that the Government proposed inserting in their new Banking Act a provision requiring all chartered banks to accept at par the notes of other banks, and if the banks did not agree to that, the Government would adopt a national currency scheme. He cautioned his supporters to keep their own counsel as to Mr. McCarthy's dual language bill, and promised to call another meeting after the bill is printed to consider what course the party should take regarding it.

Unrestricted Reciprocity.

WASHINGTON, Jan. 24

S. J. Ritchie, of Ohio, appeared before the Ways and Means Committee to-day to argue in favor of the free importation of Canadian mineral ores and in favor of unrestricted reciprocity with Canada.

Hon. Benj. Butterworth, of Ohio, addressed the committee in support of his bill for reciprocity with Canada. The object of the measure was to bring about unrestricted trade between Canada and the United States and incidentally to settle all disputes growing out of the Atlantic fisheries question. In Canada the United States had a vast storehouse of supplies, and also a splendid market. Canada purchases vastly more from the United States than from any other country in the western hemisphere. He said it was inconceivable why the United States should not offer as broad and liberal trade measures to Canada as it was seeking to thrust upon all of South and Central America and Mexico by a most hospitable diplomacy.

Geography and destiny had decreed that the two peoples should be one, and nothing but parsimonious statesmanship could prevent them to continue as two countries. The trouble with the question of reciprocity was that politics entered into it and not statesmanship. He did not appeal to politics but to that statesmanship which would give to our people the opportunity to have the benefit of the broad domain north of the St. Lawrence.

A Big Failure.

NEW YORK, Jan. 24

H. S. Hughes states this afternoon that his house had received word from correspondents at Buenos Ayres that Repetto, Paeziglioni & Co. had failed for \$6,000,000. The firm did an immense business in jobbing in the Argentine Republic and has considerable shipping interests in Europe. It has large warehouses throughout the Republic and carried a heavy stock of hardware.

Diplomatically Settled.

LONDON, Jan. 24

Glynn Petre, British Minister at Lisbon, has wired the Admiralty that the steam yacht Enchantress is no longer required at Lisbon. This vessel was held at his disposal in the Lagos, to communicate with ironclads held in readiness for an offensive demonstration. Petre's communication is consequently interpreted as indicating that the difficulty has received a diplomatic solution, and the fleet will not be called up.

Their Wages Increased.

OTTAWA, Jan. 24

The pressmen employed in the Printing Bureau have had their wages increased to \$13 per week.

Imperial Federation.

OTTAWA, Jan. 24

The annual meeting of the Imperial Federation League of Canada will be held here next Thursday.

GEO. CARTER & CO.,

Market Square, Queen Street.

AMERICAN BALDWIN APPLES are now at their best, and, as everyone knows, this Apple is of the finest flavor, good baked, stewed, made into pies, or for eating when raw.

We need not remind you how beneficial to health it is to eat Apples with your meals, nor how much the children's health will be promoted by a generous supply of Apples. Everyone knows or ought to know.

Fruit is cheaper than medicine (and tastes nicer). The next point is to get good Apples. WE HAVE THEM (Choice Maine Baldwins) and we sell by the dozen, peck, bushel or barrel, as you may desire.

About price. This depends on how good they are. We have them for \$2.00 per barrel,—good for the price. Our best stock of No. 1 Fruit is \$3.50, \$3.75 and \$4.00 per barrel. We claim that our \$4.00 Apples beat anything in the city.

This is all we have to say. It is for you to do your part. We can only offer the goods. It takes two to make a bargain.

To the Electors of Charlottetown, Common and Royalty.

GENTLEMEN,—Thanking you for the liberal support you have given me in the last three General Elections, and having again been nominated a candidate for the representation of your interests in the House of Assembly, I now seek your suffrages.

After the promotion of the Hon. W. W. Sullivan to a seat on the Supreme Court Bench of this Province, His Honor the Lieutenant-Governor entrusted me with the formation of a Government.

Having accomplished the formation of a Government, it was deemed proper, in view of the number of partial elections required to be held in consequence of the vacancies created and the necessity of the completion of the term of the present Parliament, to consult the electors by means of a General Election before entering on new legislation.

Agriculture being the main industry of the Province, measures will be adopted which will best render the labor of the husbandman remunerative, by increasing the aid given to the Annual Exhibitions, by the importation of improved stock, and by providing instruction on Agricultural Chemistry and a course of popular lectures on agricultural subjects.

In order to give greater shipping facilities, and until the Dominion Government shall have taken over all the wharves that became the property of the Dominion Government at the time of Confederation, it is our policy to keep in repair such of them as are essential to the trade of the locality where they are respectively built.

As in the past, our policy is to vigorously press to a settlement our claims against the Federal Government. Rigorous economy will be practiced in the expenditure of public money, while at the same time liberal provision will be made for the public service.

Pending the adjustment of our claims against the Federal Government, our annual resources may not be sufficient to carry out the proposals indicated, and at the same time provide for the large expenditure required for our educational system. In that case, such measures to supplement our revenue will be adopted as will bear the least heavily on the people, and will at the same time be just and equitable. Changes will be made in the public service in order to secure efficiency and greater security to the public interests.

I have the honor to be, Gentlemen, Your obedient servant,

NEIL McLEOD.
