

The Liberal Conservative Room is in the store lately occupied by Mr. George R. Strong, in J. D. McLeod's building, Queen St. Committee Room will be open every day and evening during the Campaign.

Local and Other Items.

MAILS arrived at half-past one to-day. Diphtheria is still prevalent in New Brunswick. Carnival in the Crystal Rink, Summerside, to-night. Senator Carvell arrived home from the Cape this forenoon. Senator Howland is at Cape Tormentine and will cross the Straits to-morrow. Band at the Citizens' Rink to-night. Admission to skate 15 cents. Valentines, nicely boxed, 3 cents and upwards, at the Diamond Bookstore. Don't hawk, and blow, and spit, but use Dr. Sage's catarrh remedy. Get your clothes cleaned and repaired at W. N. Riggs', Grafton Street. 3i eod—feb7 M. D. A. STARR, of the Royal Electric Light Co., returned from Halifax on Saturday evening. Dr. Jenkins' letter and editorial remarks on Hon. D. Davies letter, crowded out, will appear to-morrow. If you wish a good laugh till your sides would near split, A policy ask from some innocent Grit. Only a few of Chappell's Almanac and Directory for 1887 remain unsold. The demand for this issue is unprecedented. Old clothes look as good as new when cleaned and repaired by W. N. Riggs. feb7-3i eod Our City Fathers should attend the Lecture this evening, in the Y. M. C. A., and hear "Our Waterworks" discussed. The carnival trotting races at the Montreal Driving Park promise to be the most successful meeting ever held in Canada. Electors, beware of the tactics now used. The game is to have all the "Tories" abused. ONE HUNDRED AND TWENTY SCOTT Act cases have been disposed of at the Peterboro', Ont., Police Court since the 1st of May last. They seek "mesmerism" where humbugging fits, And use all devices well known to the Grits. To-night, Wm. Heard, Esq., lectures in the Y. M. C. A., on a subject of interest to all our citizens. We hope to see a full house. DETECTIVE McPHERSON, of Winnipeg, has been sentenced to two years and a half in the penitentiary for burglarizing the C. P. R. station at that place. THE City Firemen, Hook-and-Ladder Company, and Salvage Corps will attend the Lecture this evening, in uniform, and occupy the platform. They solicit their alms from each faithful Grit crank, And draw for the balance on "John Simpson's Bank." It is understood that the business of the Halifax sugar refinery was so successful last year that it will pay its shareholders a dividend of five per cent. Their prejudice narrow—they hold in their hand All the old Tory fossils and cranks in the land. THERE will be a meeting of all those interested in having a track bushed, and to arrange for a series of races, to be held on the Hillsborough this winter, at A. N. Large's, at 8 o'clock sharp. V COWARDLY but unsuccessful attempt was made to shoot Judge Fitzgerald, of the Cincinnati police court, one day last week. The judge is a terror to evil-doers, hence the shooting. We learn that the Hon. Joseph Wightman passed away on Saturday evening. He had been an invalid confined to his house for several years. In his prime he was one of the most active men of King's County. JUDGE ALLEY will deliver a Lecture in the Methodist Church at Pownal, on Wednesday next, 9th inst., commencing at 7 o'clock, p. m. Subject—Prince Edward Island one hundred years ago. A small admission fee will be charged, the proceeds to be applied in aid of the church funds. MR. A. C. BELL, ex-M. P. P., has made a vigorous speech at Peterboro' in favor of Sir Charles Tupper and the Dominion Government. The main significance of this is that Mr. Bell is the independent candidate in Pictou whom the Grit party have accepted as one of their men.—St. John Sun. THE Party of Progress—Canadians true—Deserve the support which our people renew. No civic question is occupying more attention at the present time than that of the Waterworks, which question will be discussed this evening by William Heard, Esq., in the Y. M. C. A. Hall. All who attend will be well repaid. The lecturer has given this question considerable study. By means of a map of the locality he will show clearly the difficulties and advantages of the different methods proposed to bring water into the city. ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little shrub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for their use, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup, and take no other kind.

Great Meeting at Dundas!

Enthusiastic Conservatives.

DEPRESSED GRITS.

DUNDAS VIA SOURIS, Feb. 7.

A large and enthusiastic meeting of electors was held here on Saturday evening. Three to four hundred persons, besides all the candidates, were present. Forcible speeches were delivered by the Government candidates and also by the Local representatives, Shaw and McDonald, and by George F. Owen, John Nichol and J. G. Sterns, all in support of the policy of Sir John's Administration. All the leading questions now at issue were fairly and freely discussed, and the Government policy was endorsed by fully three-fourths of the meeting. Such unbounded enthusiasm in the Conservative ranks, has not been experienced since the election of '78. The Grit speeches were very weak and stale—the candidates weakening as their prospects grow worse. Sugary George, of the Syndicate, Souris, made a feeble attempt to help the Grit candidates. He spoke a few words about sugar, which were scarcely audible. The electors were displeased at being imposed upon by such sham speakers.

CROOKED GRIT TACTICS.

The N. P. Endorsed by Board of Trade.

GRIT CANDIDATE IN HIS NIGHT SHIRT

Sir John Will Not Retire.

MONTREAL, Feb. 7. The Star, an independent paper, says the gruff, surly free trade is represented in Canada by opponents of the National Policy, while the kindly, sympathetic labor-helping protection is represented by the friends of the National Policy—witness Mr. Mercier's attempted removal of De Labreque, President of the Legislative Council, of the Order-in-Council, for which Mr. Masson refused to sign as unconstitutional. J. K. Ward, the Grit candidate for Montreal West, issued an address a week ago in which he stated publicly that he was an out and out free trader, but, to-day, he says that he favors complete protection for home industries. He, like Mr. Blaine, is now convinced that the manufacturers have nothing to fear from the triumph of the Liberal Party. But his "crooked tactics" will serve neither him nor his Party. The new French Board of Trade for this city, held their first meeting on Saturday, and came to a unanimous resolution that the fiscal policy of the present Government be retained intact.

Macdonald, in which he (Sir John) distinctly stated that he had not even the remotest intention of retiring in favor of Sir Charles Tupper. During the progress of the meeting—which was decidedly against the Grits—the Sutherland crowd started a row and a free fight took place on the platform.

HAMILTON, Ont., Feb. 6.

At the conclusion of the carnival last night the young men serenaded the pupils of the Wesleyan Ladies College, of which Rev. Dr. Burns is president. The Grit candidate, who thought the serenade was of a political character and gotten up in his honor, addressed the crowd in his night shirt. It is needless to say that both parties were disappointed.

Internal Machines.

New York, Feb. 6.

The Morning Journal publishes a letter signed "Disgusted Communists," saying that an infernal machine was yesterday shipped on board the steamship Erin. HORSESHOEING.

HAVING secured the services of MR. WILLIAM TUCKER, a native of this Island, who has had nine years' experience as a Horse-shoer in the United States, I am prepared to supply a long-felt want in this line. Mr. Tucker has reduced horse-shoeing to a science, and is prepared to perform all classes of work in a common-sense and scientific manner. I need not inform the intelligent horse-owner that the seat of the horse and condition of the feet must be understood to weight a horse properly and to successfully operate thereon. Numerous patrons already admit the merits of the work performed, and recommend his system of shoeing. Customers can always depend on prompt attention and entire satisfaction. W. J. FRASER.
