More than 2000 Families in Halifax and Dartmouth use Sunlight and Lifebuoy Soaps exclusively in their homes, and all say they would not have any other kinds.

This information is correct having been gained by competent and trust-worthy advertisers, leaving samples at every house and making careful enquiries.

These families never knew what pure SOAPS meant, until they tried SUNLIGHT and LIFEBOUY.

Why should not others learn and be healthier and happier for the learning.

Price is only 5c for large twin bar.

DOCTORS IN LINE.

Prejudices all Vanish, and They Prescribe Dr Agnew's Ointment Because its virtues Demand Recognition.

Dr M Barkman, of Binghampton, N Y, writes: "Send me 12 dozen more of Dr Agnew's Ointment. I prescribe large quantities of it in my practice. It is a grand remedy for tetter, salt rheum, eczema and all skin diseases, and a never-failing cure for piles." The strongest evidence of its virtue is that doctors can so highly recommend it. One application relieves. Sold by Dr S W Dodd and Geo E Hughes.

Luther's Lighter Side.

That Luther's life was not without its lighter side is attested by many of his letters, especially those addressed to his wife. A writer in Good Words points out such expressions with which he addresses her as "My Lord Catherine" or "My sweet wife, Catherine Luther von Bora," or "The very learned and deeply profound dame, Catherine Luther," or "Emperor Kate," jesting at the love of rule common to the sex.

In the year of his death he wrote to his "heart loved housewife, Catherine Lutherin Doctress Zeilsdorffers, Low-marketress and whatever more she may be. Grace and peace in Christ, and my old poor love in the first place." At one time he says: "Catherine, you have a pious husband who loves you. You are an empress, thank God for it." His conjugal meditations were often in a gayer mood, as, for example, "If I were going to make love again, I would carve an obedient woman out of marble, in despair of finding one in any other way."

JURY AN CO.

They Were Poorly Raised.

In the train sat a queer old Quakeress. She wore a silver gray dress, snowy collar and such a sweet gray hat. She was a big, handsome woman, and her large, Madonna face beamed with benevolence and love. A ruby or a diamond ornament would have marred her beauty. Two smart commercial travelers stepped into the same carriage with the old lady. After they had discussed the spirit and tobacco trade awhile they looked around at the Quakeress. Then they looked at each other, smiled, and one remarked in an undertone, "Billy, I guess the old lady is inflated with Quaker yeast."

Without lifting her eyes the old lady remarked, so low that the passengers could not hear it, "If thy father and mother had consumed more sweet Quaker yeast and less bad beer and tobacco, thee would have been better raised and better bred." Then it was so still that you could hear the engine pump.—Christian Advocate.

Artificial Teeth on Metal Plates

A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate.

PROF. MELVILLE B. BUCKLEY, Instructor Boston Dental College, Boston Mass

In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat, owing to the non conductivity of rubber, and as aluminum is now so cheaply produced, and making as it does a rigid, light, clean, unobjectionable plate there seems no reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber.

L. P. E. D. D. S. Chicagog Ill Dental School

The above quotations are from hundreds of eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber.

Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, shrinkage of the gums, etc., finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate.

We recommend a metal plate either of Gold, Platinum, Aluminum.

It is a conductor of heat and cold, it is non-irritating, and is thinner, lighter, and stronger than any other plate.

We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day, fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work.

Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office.

See our artificial teeth without plates.
