QUEBEC LIBERAL IS SPONSOR

Plans New Language Bill

OTTAWA (CP) — A Liberal Commons member has taken action aimed at having English and French more specifically defined in the constitution as the official languages of Canada.

Bona Arsenault, French - speaking member for the Quebec constituency of Bonaventure, filed a motion to this effect Thursday with the clerk of the Commons. He said he will introduce it at the next session of Parliament.

His action follows a claim last week by the Ottawa branch of the Protestant Women's Federation of Canada that "the official use of the French language is illegal and a violation of the constitution."

The claim, said Mr. Arsenault in a statement, shows "disconcerting stupidity."

EQUAL FOOTING

"By the same reasoning, the same reasoning, the use of English for the same purpose would be equally illegal, since French and English are on an equal footing by virtue of the British North America Act of 1867."

He said Section 133 of the act gives equal recognition to both languages in Parliament, the federal courts, the Houses of Quebec's legislature and Quebec courts. Eminent jurists had affirmed that the act gives French no different status from English.

"But since Section 133 . . . can lend itself to confusion and such fantastic interpretations, in a country where the majority recognized the fact of bilingualism, it is time this section were amended in the interest of Canada."

"Section 133 specifies nothing on the subject of the status of either of the two languages, English or French, in any other province of the country, nor in any other field of Canadian activity."

ASKS AMENDMENTS

His resolution recommends that the French languages be more specifically and fully recognized as the two official languages of Canada."

The official status of Canada's two main languages — English and French — was called into question by the Protestant women's organization in a letter it sent to Ottawa board of control.

It said the branch protests plans to use bilingual street signs in parts of the capital and demanded that English be placed first on any such signs put up.

Tribute To John Myers

The following has been received from J. Angus MacLean, M.P.:

In common with his very wide circle of friends I was shocked to learn of the sudden passing of John Myers. I had known and admired Mr. Myers for many years and later had the privilege of his very close friendship.

Mr. Myers enjoyed a long and useful life in which he did much for his community and Province. He was devoted in his service to the pubic and always both as a private member of the legislature and later as a member of the government gave of his best. This he continued to do when he served with distinction in the House of Commons at Ottawa.

To his bereaved widow and family I extend my hearfelt sympathy.

In the federal election of 1940 he was elected to the Canadian House of Commons and has been successful in every election since.

Mr. Diefenbaker's prestige has been established beyond the bounds of his native country. In 1942 he was a Canadian delegate to the Empire Parliamentary Association's meeting in Bermuda. Some years later he visited Australia and New Zealand as a member of the Canadian delegation to the Commonwealth Parliamentary Association. He was adviser to the Progressive Conservative delegation at the founding meeting of the United Nations held in San Francisco in 1945. He has also served on UN delegations since. In 1955 he was a member of the Canadian delegation to NATO. He is widely travelled and has recently made an extensive tour of the Middle East. At the afternoon session provincial leader R.R. Bell, Q.C, M. L.A. will be the main speaker. Delegates are expected from all parts of the province. President Melvin McQuaid will preside and Mr. C. R. Fine Organization Is Term For C. N. I. For The Blind

"The Canadian National Institute for the Blind employs more blind people on its staff then any other agency in America, if not in the whole world", said Mr. M. A. Farmer, Chairman of the Provincial Campaign and member of the P.EI. Advisory Board to the organization but it is recognized by the Dominion Government and the Provincial Governments and given some financial support.

"The main bulk of the funds required by the Institute is provided by the public through their generous support of our annual campaign. The guidance of the program of the Institute is in the hands of elected boards, none of whose members are employees of the Institute. Some of the members of the National Council are blind, as it is the policy of the Institute to consult with men with the practical experience of blindness in the development of a program of social service for the blind of Canada.

"The managing director is blind. He is, as a matter of fact, one of the best known Canadians—Colonel E. A. Baker, O.B.E., M.C., Croix de Guerre. There are many other blind people employed by the Institute in executive positions. The guiding principle of the Canadian National Institute for the Blind is that, if a competent blind person is given some assistance and a measure of well-directed co-operation, he can take his place alongside his sighted fellows in many occupations and positions.

"In its thirty-eight years experience, it has proved that the principle is sound. When it is considered that there are more than twenty-one thousand blind people in Canada, the extent of the work undertaken by the Institute can be appreciated.

"To carry on its great task", concluded Mr. Farmer, "It needs funds, and this week the C.N.I.B. is asking the people of P.E.I. to subscribe $9,000.00 to ensure the carrying out of the program of services which has been approved by the P.EI. Advisory Board for the current year."
