Municipalities Make Plea For Sales Tax Exemption

OTTAWA (CP)—Nine mayors pleaded with Finance Minister Gordon Thursday to exempt municipalities from the sales tax on building materials.

They already have some concessions. But they want all their purchases to be free of the federal tax.

The mayors also pressed for early parliamentary action on the government bill to create the municipal loan fund, rather than waiting until after next fall's Dominion-provincial conference.

Meeting Mr. Gordon were Mayor I. W. Akerley of Dartmouth, N.S., president of the Canadian Federation of Mayors and Municipalities, and others representing the organization.

They were Mayor John E. Lloyd of Halifax—also a Liberal MP; Mayor J. A. Mongrain of Trois-Rivieres, Que.; Mayor P. H. Boivin, Granby, Que.; Mayor Donald Summerville, Toronto; Mayor Michael J. Patrick, Windsor, Ont.; Mayor C. N. Kushner, West Kildonan, Man.; Mayor S. L. Buckwold of Saskatoon; and Mayor Elmer E. Roper, Edmonton.

Their brief said that even without any tax on building materials, the municipalities are financially strained because they have access to only one major revenue source—property tax.

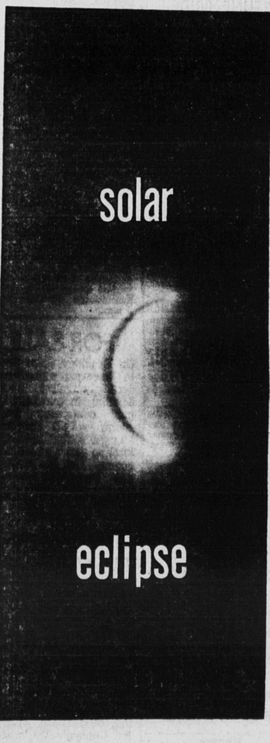
The immediate four-per-cent tax—rising to eight per cent next spring—would cramp municipal projects. Some projects would be jeopardized by higher costs, because they are dependent on approval by a local vote of taxpayers.

Regarding the proposed municipal development and loan fund, the federation said many municipalities already are mapping out programs and "a large number of requests for loans will be ready for submission by September."

Parliamentary approval of the fund legislation right away is not inconsistent with the federation's call for an early review of federal - provincial financial relations, the brief said.

GET MANY TORNADOES

Texas averages 28 tornadoes every year while Kansas has 26.



Through the exact discipline known as the science of astronomy, astronomers can predict with certitude and accuracy certain natural occurrences and they now anticipate a solar eclipse on Saturday, July 20. The eclipse will pass over 3,000 miles of Canada from Snag, in the Yukon Territory, to Three Rivers, Que., in 1½ hours. The wondrous natural phenomenon of the moon passing between the earth and the sun is discussed this week by writer Patrick Nagle in your Weekend Magazine.

THE EVENING PATRIOT

Alcohol Seized At Bell Island

ST. JOHN'S, Nfld. (CP) — RCMP officers have seized 15 gallons of alcohol landed on nearby Bell Island from a light aircraft that apparently came directly from the French island of St. Pierre, it was learned Thursday.

The seizure was made July 6 after a small plane touched down on the Bell Island airstrip and unloaded what turned out to be enough alcohol to make at least 500 26-ounce bottles of liquor.

The pilot handed the alcohol in a package to two men with instructions for delivering it to a Bell Island address. They were wheeling it down the road on a crude handcart when the RCMP stopped them.

On St. Pierre, about 10 miles off Newfoundland's south coast, the alcohol would cost about $4 a gallon or $60 the plane load.

Bootleggers would water it down, then sell it for about $4 a 26-ouncer. Some 500 bottles would be worth $2,000. According to the figures given in the Customs Act, the duty on 15 gallons would be about $6,000.

An RCMP spokesman said no arrests have been made yet.

Order Is Given For Hopper Cars

MONTREAL (CP) — Two Canadian rail car manufacturers will build 250 aluminum covered hopper cars for the CPR, it was announced Thursday.

National Steel Car Corp. will build 150 and Marine Industries 100 of the cars.

Total value of the order was estimated at $4,500,000.

The rapid development of potash resources in Western Canada was cited as the reason for the order. The tank cars will also be used for transporting sugar and cement.

TESTS SUCCEED

LONDON (Reuters) — Russia has carried out successful launchings of improved types of carrier rockets for space purposes, Tass news agency said Wednesday. The rockets were launched in the central Pacific this month and in June, Tass said.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAXR
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
