Don't pass our tailor made suits—\$10, 12, 15 and 18 25 to 50 per cent saved. Just as well made and more stylish than any custom made coat in Canada.

Underclothing by the thousand—Men's Underclothing, all sizes 34 to 48; all cotton, half cotton, or all wool, just as you want, and at prices that cannot be touched in the city.

# LADIES — JACKETS

This department has been moved down stairs and is second to none in the provinces for style, fit and finish. We take the lead. You may be able to get what some people call jackets for less money in the city, but you cannot get better value on earth than what we are offering this fall.

We do not keep the kind that turns its color the first time it sees the light, or goes to pieces the first time you put it on; but each garment is guaranteed by the firm and if it does not turn out satisfactorily, your money back every time.

All wool, homemade blanketing, 36 or 72 inches wide, very cheap.

Ask to see our 5, 6, 7, 8, 9 or 10 lb blankets, bought direct from the manufacturers—prices are \$1 75, 2, 2 50, 3, 3 50, 4 5, 6 and 7 dollars. No excuse for being cold this winter.

You need not look for better value—there is none.

25 hands all waiting and anxious to show you our goods and give you our prices

## BEYOND COMPARISON

There is Nothing in the World to Compare in Curative Power with Dr. Von Stan's Pineapple Tablets for Dyspepsia.

Vegetable pepsin is the most valuable constituent in the pineapple. Barring the digestive juices of the human system, no other article or product has the power to digest all kinds of food, except vegetable pepsin. One's general health would be amazingly improved if he could eat a pineapple a day, but hardly one person in a thousand could do so because of the trouble and expense of getting them when out of season.

Dr. Von Stan's Pineapple Tablets have all the virtues of the ripe fruit—they are largely made up of the precious pineapple acid. They cure dyspepsia and all stomach troubles. Box of 60 Tablets 35c.

Sold by Dr. S. W. Dodd and Geo. E. Hughes.

It is said that the soldiers who had taken Hood's Sarsaparilla stood the long marches in Cuba much better than the others.

### Doing It by Halves.

"My wife went west the other day to visit her sister who lives in California," said Brown with a smile. "I was unable to go with her on account of being detained here on a matter of business that needed my attention; so I went with her as far as Chicago, saw her safely on an overland train and then came back. But before I left her I looked up the porter and gave him half of a \$5 bill that I had torn in two, saying that my wife had the other half and that he would get that at the end of the journey if he would see that she needed for nothing on the trip."

The porter's eyes stuck out, and he faithfully promised that my wife would receive the best of care; so I came away feeling that she would not lack for anything.

"When I returned home I discovered to my horror that I had neglected to give my wife the other half of the bill. Today I received a letter from her reminding me of that fact and saying that she had torn a dollar bill in two and given it to the porter.

"Somewhere along the line there must be a wild eyed dorky with the halves of two worthless bills in his possession and a firm conviction that he has been worked by some sort of a new flimflam game.

"I am very anxious to have my wife return so I can find out from her what sort of reasoning she used when she gave that porter a half instead of the whole of that \$1 bill."—Detroit Free Press.

### Staggered Them.

There's no art to tell how many languages a tongue can speak by looking its owner in the face. An American woman was met recently in a narrow hallway of the American embassy by four young attaches of foreign legations. They stepped aside to let her pass and, thinking she did not understand French, made a few audible observations.

"Look at her yellow dress. It's very pretty," said No. 1.

"Yes, but she has on white gloves," answered No. 2.

"She has good teeth," said No. 3.

"And an enormous mouth," added No. 4.

"And she understands French perfectly," said the owner of the enormous mouth, turning suddenly upon them, "and would like to say that her ears are even bigger than her mouth." This in French and with such an air of giving personal information to nobody in particular that it was quite as if she had been kindly helping strangers to information out of a guide book.

I do not think I have ever seen four limper looking young men. They had just enough presence of mind to flee the premises.—St. Louis Globe-Democrat.

### MEDICAL SCIENCE ADVANCES, Positive Cure for Asthma Discovered

It has long been recognized by medical scientists throughout the world that nature has supplied all creation with some remedy in the vegetable or mineral kingdom where with all forms of ailments can be cured, but it was not until the discovery by Stanley of the wonderful Kola plant along the Congo River in Africa that asthma was permanently curable. In fact, it was not until the investigations made by Dr. Clarke some years later that this disease was found curable: he found that by combining the extract of Kola Nut with other vegetable extracts that the compound obtained would permanently cure asthma. Clarke's Kola Compound was then tried on over 100 cases in different hospitals, with the marvelous result that over 95 per cent were permanently cured in less than 60 days' treatment. Clarke's Kola Compound is now recognized to be the only permanent cure for this dreaded disease. Sold by all druggists. Free sample bottle sent to any person. Mention this paper. Address The Griffiths & Macpherson Co., 121 Church street, Toronto, or Vancouver, B. C., sole Canadian agents.
