Re-Chlorophyll Preparations Specially prepared chlorophyll has proved to be effective in stopping body odor and bad breath, but do not be misled by confusing advertising. Chlorophyll candy mints and chewing gum will not stop body odor or bad breath arising from the stomach. VOIDS Tablets, Canada's first low-priced and leading chlorophyll deodorant tablet, may be taken in two ways: (1) Chewed, to neutralize the odor of food and drink and (2) swallowed to stop body odor head to toe and bad breath of stomach origin. Void's FLURADENE, the Fluorinated Toothpaste with Chlorophyll, is another important "first" in Canada. Sold only by registered druggists, it contains not one but the two most talked about ingredients for oral hygiene in the world—Chlorophyll and Fluoride. It is not a soap product. Both VOIDS Tablets and FLURADENE are sold by your druggist under an unconditional money-back offer."
