ATTENTION LAMB PRODUCERS

For the past four years back lambs have been discounted
 1.00 per head, and lambs with 100 lbs per head. It is
 his intention to continue these regulations and they will be in
 effect again this year beginning August 1, 1962.

A marked improvement has been noted in the quality of
 lambs marketed over the last two years and it is the opinion
 that these regulations have a lot to do with this improvement.

The continued cooperation of lamb buyers and producers
 is requested in the improvement of lamb quality.
