The Morning Guardian.

JULY 19, 1892.

The shower baths in the Y. M. C. A. gymnasium are now open free to members. Comfortable individual dressing rooms are attached, and the new addition is, in our opinion, the best feature in the gymn. Mr. Maffit and the few who generously raised the amount necessary to secure the baths deserve great credit. A small additional sum is still required, and any who feel inclined to make a donation which will ensure them the satisfaction of seeing the benefits of their generosity would do well to consider the Young Men's Christian Association gymnasium.

"The Devil's Punch Bowl."

The writer being one of the party of visitors to the "Punch Bowl" to which reference was made in the report of Grand Division meeting in your issue of Friday, may be permitted to give your readers some idea of this wonderful spot. It is situated on the old Princetown Road, not far from Granville. It is simply a large hole with almost perpendicular walls on the brow of a small mountain, caused no doubt by the action of rain storms, for many hundreds of years. Having made fast our horses we began to descend one by one holding on to the branches of trees or pieces of rock. The further down we went the more dangerous and dark the place appeared until we arrived at the bottom, where everything is cold and damp. Mosses and ferns are in abundance and here we espied a beautiful stream of water flowing out of the rock. The day being hot, somewhat in the vicinity of 80 degrees, we all stooped down and slaked our thirst from the cooling draught. We could there most truthfully recite the following beautiful lines of our order:—

"This which you now behold is sparkling water—
The beverage prepared by God himself,
To nourish and invigorate his creatures,
And beautify his footstool.
As thus you see its countless drops unite
And blend in one, so may we blend together
In one unruffled stream,
Whose purity shall wash away the stains
Of black intemperance."

This is how the place received its name: It is related that over a hundred years ago a person was hauling a puncheon of rum on a sleigh from Charlottetown to Princetown and in the darkness of the night the sleigh took a slew and the puncheon of rum tumbled in and went to pieces and from that time it has been known by the name of "The Devil's Punch Bowl." It is well worth a visit. It is suggested that the Bycicle Club of Charlottetown organize a run and hold their first picnic at "The Devil's Punch Bowl."

The Out of Smallpox.

MONTREAL, July 15.—The provincial secretary has telegraphed to the provincial board of health here, to the effect that there are 48 cases of smallpox in Victoria, five in Vancouver and one in New Westminister. There is none elsewhere so far as is known, and all cases are under the supervision of the authorities. The provincial and local health officers here say they have no fear of infection.

The Order of Foresters.

NIAGARA, July 15.—The executive of the Foresters have made arrangements for registration of the order in Great Britain and Ireland.

THE LEGISLATURE

LEGISLATIVE COUNCIL DEBATES

Hon. Mr. LAIRD.—The Government are charged with insincerity in introducing a Bill contrary to their principles, and the proof adduced in support of the charge is that certain suggestions introduced in this Chamber are foreign to the Bill. This Bill regulates the franchise and the suggestions which have been made on that point are in accordance with the principles of the Bill. There have been no outside matters introduced, and those suggestions are framed with a due regard to the freedom of the people and in the interest of the electors. It is nothing like the mongrel Bill the late Government smuggled in, which was a Bill for appropriating certain moneys therein mentioned, and they added a clause to draw $250,000 from Ottawa. No more complete Bill than the one before the house has passed through the Legislature since I have had a seat in this House. Reference has been made to the Government giving twelve per cent discount in the Land Office. It is true we have passed a Bill to give twelve per cent discount to all who paid their accounts in full before a certain time, and it has worked admirably, it has been the means of drawing a large amount of money to the Land Office, and the discount has gone into the pockets of the poor people. It is a much cheaper and easier method of getting accounts settled than the one adopted by the late Government of issuing precepts and paying, in some cases, fifty per cent of the proceeds in sheriffs' fees and expenses, while the poor men on the farms had to pay the whole amount. Under the present system the money was saved to the poor man instead of going into the pockets of the officers of the law. There may be a few cases where it is necessary to enforce the law, and the present Government have introduced another Bill to enable the Commissioner of Public Lands to enforce payment in a summary manner, without the aid of the Sheriff and other officers of the law. The work will be done at much less expense than formerly. The Leader of the Opposition said the present Government had not sufficient brains to enact useful legislation, but I have yet to learn what laws were passed by the late Government which showed them to be possessed of superior intelligence. The Bug Act was the principle one they passed during the time they were in power. They issued precepts against poor men who were struggling for existence while they allowed the wealthy men to hold back the amount due by them for land, if we are to believe the story they tell now when they say it was the wealthy men who took advantage of the twelve per cent discount. They allowed some of their own wealthy supporters to hold their land without paying anything for years—one man who owed over $400 thought he could set the Government at defiance, but he found he had to pay when his friends had lost the reins of power. That is their policy contrasted with our's and I leave the public to judge. There are some of the supporters of the late Government who have been allowed to go scot free for a number of years, and we will have the pleasure of making them pay up during the present year. We have only been in power one year, we have lessened the cost of collecting amounts due the Land Office, we have reduced the cost of juries, while the ends of justice are just as well served as under the system retained by the late Government for twelve long years. From the way the hon member denounces the mortgage vote, you would imagine it was something dragged from Pandemonium, but that hon gentlemen was for seven long years enjoying the sweets of office and during that time he never thought of repealing the law which gave mortgagees a right to vote, so he was responsible for it all that time. That hon. member told us he had been associated with Liberals as well as Conservatives and he might get up and tell us why he left the Liberals and went to the Conservatives. I remember the time when he was elected to support the Liberal party, but it was an open secret that no Departmental office was available for William Campbell, and he went over to the Conservatives.

Mr. CAMPBELL.—While you turned Liberal.

Hon. Mr. LAIRD.—I was a Liberal under Coles and Whelan, I have always been a Liberal and I am proud to pass a Liberal measure to liberate the Dominion slaves in this Province.

Mr. Chas. N. Hauer

Of Frederick, Md., suffered terribly for over ten years with abscesses and running sores on his left leg. He wasted away, grew weak and thin, and was obliged to use a cane and crutch. Everything which could be thought of was done without good result, until he began taking

Hood's Sarsaparilla

which effected a perfect cure. Mr. Hauer is now in the best of health. Full particulars of his case will be sent all who address

The Telephone Co'y OF P. E. ISLAND.

PERSONS using the Telephone would find talking much more satisfactory if they would observe the following Rules:

1st. Speak with your mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the Telephone so as to cover the Ear, just as if you wished to shut out all other sounds. Do not press too hard on the Ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
