On Christmas Eve, 1884, three children were murdered at Ashland, Ky., and three

men who were suspected of being the criminals were lynched. Developments about to be made, it is said, will demonstrate that Neal, Craft and Ellis, who were lynched, were innocent of the crime for which they suffered. It is believed that the arrest of the real criminals will soon follow. The suspected parties hold very respectable places in society.

It is a singular fact that the cheapness of an article should ever temporarily retard its sale, and yet that was the experience of Messrs. Tuckett & Son in the introduction of their now celebrated "Myrtle Navy" tobacco. People who had been in the habit of smoking the finest Virginia tobacco, could not for a time be made to believe that they were offered the same article at about one half the price, and it was only by slow degrees that they were induced to put the question to the test of an actual trial. When they did adopt that test, however, it never failed to satisfy them.

At a meeting of the Dominion Alliance, held on Saturday evening, the following resolution was carried:—

Resolved, That the Alliance has heard with satisfaction the City Council and Stipendiary Magistrate have expressed their willingness to use the means in their power to carry out the provisions of the C. T. Act.

Therefore Resolved, That the Alliance as representing the temperance people of this city, do respectfully request the Stipendiary Magistrate to convey to the City Marshal and Police, that in the event of their not using greater efforts to bring to justice violators of the Scott Act, this Alliance will feel themselves compelled to use every influence to have them replaced by men who will faithfully perform their duty.

Further Resolved, That the resident Clergy and Geo. Miller, Esq., be a deputation to convey the same to His Honor the Stipendiary Magistrate, this delegation to be present with His Worship the Mayor on Tuesday next, when His Honor shall deliver his charge to the Police.

As an evidence of the acceptability of the labors of Elder Ira C. Mitchell, and of the esteem in which he and his estimable partner are held by those amongst whom he labors, a large number of the members of the Church of Christ in Lot 48 and Charlottetown called at their residence last week, and presented them with several valuable and substantial expressions of their regard. To Mr. and Mrs. Mitchell, coming as they have done only a few months ago, personally entire strangers to this community, these acts of christian kindness and expressions of good will must be particularly pleasing, as they are assurances that their labors of love are appreciated by those with whom they are working.—COM.

CANADIANS IN COLORADO.—Canadians who go to Colorado for their health are often left without a friend in that far distant land, and die without a soul to minister to them. We have already referred to a society formed to benefit such persons, and to the members who have formed it. Its objects should commend it to those of our readers who go to Colorado, and it is to those we direct attention to the following paragraph in a circular sent us by Mr. W. C. O'Brien, Librarian of the Association:—"The Canadian Association of Colorado" is the name of the society, which has fitted up rooms at 294 Fifteenth Street, where all Canadians are welcomed. The society's objects are: 1st—The promotion of friendly intercourse amongst Canadians resident in Colorado, 2nd—The exercise of charity towards worthy Canadians in Colorado, 3rd—The maintenance of a meeting place and a reading room supplied with Canadian publications and periodicals, 4th—The exercise of hospitality toward Canadians visiting Colorado. Persons visiting Colorado for a short time may become temporary members on the payment of a small monthly fee.

LETTERS TO THE EDITOR.

Stipendiary Magistrate and Police.

MR. EDITOR.—Observing in a late issue of THE EXAMINER, that on Tuesday next, the Chief Magistrate of Charlottetown will deliver his charge to the police in reference to their sworn obligations to carry out the present laws of our city, the friends of temperance dare hope, that the Stipendiary may so emphasize his charge in reference to the Canada Temperance Act, as shall lead to very different results to those that have been the outcome of police efforts and conduct for years past.

Now, Sir, every citizen possessed of ordinary perception can see, that while the sole direction and control of the police are entrusted to the charge and responsibility of the Stipendiary, that upon the Stipendiary rests the responsibility of the carrying out of the duties of the police. If the police will not act, replace such by men that will.

In the notice referred to it is intimated that suchlike charges have usually been given to the police. Are we to have simply a repetition of the charge, and nothing further and more effective? If so, then we may readily conclude, that at the same cause lever has and ever will produce the same effect, under the same circumstances, the same results must inevitably follow. We hope for better things. We ask for them. We are determined to work for them. Our citizens have been called upon—several times called upon, to assist us with their contributions, in carrying out the laws. To the call the citizens readily responded; and hundreds of dollars have been expended in fighting the very evils which have been the outgrowth of neglect of duty somewhere—most surely on the part of those who are paid and sworn to carry it out. With such, sir, patience is ceasing to be a virtue. We wait a little longer, and watch!

SCOTT ACT.

Scott and Indian Act Convictions.

SIR.—On the 6th inst., Edmund Wallace, of Alberton, was brought up on a warrant before John T. Weeks and Henry Gordon, Esqrs. J. P.'s for Prince County, for violating the Scott Act. Before he went to bed that night he was convicted for two offences against the Scott Act, and fined \$100 and costs or five months' imprisonment, and also convicted for selling intoxicants to Indians and fined \$50 and costs or three months' imprisonment. He took a free trip to Summerside on the following Monday, to inspect the Summerside jail and perfect his appeal papers.

One evening, last week, while the vendor was attending the County Court, some of his customers wanted medicine, but getting impatient of his delay, and the case of sickness being a very urgent one, they enlarged the bolt-hole in the shutter, took it off and gained an entrance. It is said they took two cases and some bottles—but did not leave a certificate. This is looked upon as a mean act, as the vendor has been very generous in giving medicine to the poor.

ALLIANCE.

Sad Drowning Accident,

WITHIN A STONE'S THROW OF THE SHORE. (From the Digby Courier, March 5.)

A most painful accident happened here on Monday, which has filled two houses with sadness, and cast a gloom over the entire community. Between the hours of twelve and one on Monday afternoon, John Walker, a young man of seventeen years of age, cousin of the Rev. J. S. Brown, while standing on the shore shot a duck, and being anxious to get it, asked Huestis Burnham, a friend of about the same age, and eldest son of Edmund Burnham, Esq., to go with him. They launched a small punt and pushed off on their fatal errand. The day was very cold, and the weather set in so thick and blustry that objects a short distance from the shore could not be seen, and in a little while they were lost to sight. As the young men did not return, within a reasonable time, fears began to be entertained for their safety, and towards evening boats started out in search of them, but no traces of their whereabouts could be discovered. Early on the following morning the tug boat David Duncan continued the search, coasting the shores of the Joggin and Bear Island, but with the same fruitless results. All hope of their being alive was now given up, and a boat with apparatus for grappling, manned by Messrs. Daley, Rice and Hains, proceeded to the place where they had been last seen—directly opposite the spot where young Walker's gun was found resting against a rock on Hawkesworth's Point—and in a short time recovered the body of Huestis Burnham.

As soon as the state of the tide permitted, several boats continued the search for the other body which has, up to the present time, proved fruitless. The punt was subsequently found among the ice at the Raquette, where it had drifted with the tide.

Few events so sad as this have occurred among us. John Walker was, about a month since, received into the Baptist church, and was intending, during the present spring, to go to his father in California. Huestis Burnham had but recently returned home from the United States, where he had been during the winter. Both were just on the verge of manhood and had apparently before them many years of active life.

The body of John Walker has since been recovered. [The John Walker referred to above was a native of this city, and grandson of the late Rev. John Davis. He left here for Digby, N. S., about five years ago, where he resided until he met his untimely death.]

BIRTH. On the 11th inst., the wife of Rev. D. G. Macdonald, of Pictou, of a son.

DEATH. At Charlottetown, on the 12th March, of scarlet fever, James Ivan, dearly beloved child of Alexander and Annie McDonald, aged 3 years and 3 months.
