

Cool Living

By Dr. I L Coolbreeze

Helpful hints for household problems

1) The most common complaint I heard this year on New Year's Eve was, "My nice clothes are ruined because of all these blood stains." When someone would ask me what to do, I would reply by telling them to put down the bat and relax. A little salt and club soda will remove any bodily fluid you happen to get sprayed with.

2) Here's some advice for anyone who finds vacuuming difficult. Put a large, plastic tarp on your carpet. It will protect your floor from nasty spills and it feels nice against your naked body when you roll around on it with some melted butter.

3) To save money on crafts this spring, take funny looking branches off some trees and put them on your coffee table. It doesn't cost a cent, and it will brighten up the dreariest living room.

4) Candles are getting more and more popular. My favourites are the scented ones. I love the natural smell of pine, berries, or cabbage. I once burned myself trying to eat a scented candle. Be careful. They may look tempting but candles are not as tasty as mom's cooking.

5) Painting your den can be a chore, but not if you use paint with really strong fumes. Drink heavily too.

This is the ONLY Student Newspaper for FEMININE HYGIENE

.. that can make ALL these claims!

The Cadre assures hygienic protection for hours.

The Cadre is powerfully effective yet harmless.

The Cadre is daintier, more convenient.

As a means of hygienic protection in feminine hygiene, a student paper is unequalled for convenience and ease. The Cadre offers so many extra advantages:

1. The Cadre is greaseless, stainless. It requires no extra equipment. Young wives are delighted with its ease of use, compactness and ease of concealment.
2. The Cadre contains the same powerful germicidal and deodorizing type of medication as world-famous Zonite liquid.
3. When inserted, The Cadre forms a protective hygienic coating which lasts for hours. It's not the old-fashioned greasy type which quickly melts away.
4. Positively non-poisonous, non-irritating. Safe to the most delicate body tissues.
5. The Cadre completely deodorizes. It keeps you so dainty. A blessing to fastidious young wives.

Information Technology Professional Program at UNB

Hang on. You are about to embark on a new career path.

You are on the cusp of completing your degree. There are good jobs now and in the future for IT experts. Consider the possibilities.

Take your fortune into your own hands by choosing a 12-month, full-time program designed to get results. University of New Brunswick and the Software Human Resource Council of Canada have created an intensive, one-year Information Technology Professional Program, which gives you the specific skills needed to get a good job. ITP is an intensive training environment with a three-

month work term, providing real-world experience and adding specific skills to your resumé. Skills like project management that industry is crying out for. Skills that command top price in the marketplace. ITP prepares you for Microsoft, Cisco, Novell, and A+ certification exams. At other sites, where the ITP program is already running, many grads are recruited before their year is even complete.

TUITION: \$15,000;
(INCLUDES BOOKS AND MICROSOFT EXAM VOUCHERS).

NEXT INTAKE — ITP 2 — STARTS MARCH 13, 2000

PUBLIC INFORMATION SESSIONS:

THURSDAY, JANUARY 20, 2000 7:00 PM

— ITP LABS, D'AVRAY HALL, UNB, FREDERICTON.

THURSDAY, FEBRUARY 17, 2000 7:00 PM

— HILTON HOTEL, DOWNTOWN SAINT JOHN.

THURSDAY, FEBRUARY 24, 2000 7:00 PM

— ITP LABS, D'AVRAY HALL, UNB, FREDERICTON.
