All the Protestants and several of the Roman Catholics about Souris assisted in getting up the Tea party last summer. Some gave as much as 40s., none less than 3s. 9d. to purchase flour, sugar, &c., to start with. And although we don't approve of the begging plan of Tea parties, yet as it appeared the readiest way to pay off the debt on the church we adopted it; and after all the trouble and expense we have been at about the church, a few senseless bigots, led by a waspish individual, appear to think that they can kick us out. They'll see. The resolution passed by the Presbytery, at its meeting at Summerside, condemnatory of our Tea party, applies equally to every Protestant here; and if the Synod do not order that resolution to be rescinded or expunged from the records of the Presbytery, they need not send any of their clergy here to preach, for he would have few hearers and still fewer subscribers toward paying his stipend.

The Presbytery, in stating in their resolution that certain proceedings inconsistant with Christian propriety had taken place at a public Tea at Souris, stated a gross falsehood, and offered a premeditated insult to all who were at the Tea party. And as David repudiated or left his wife Michal, although a king's daughter, and although he had paid her father 200 scalps of the Philistine warriors for her, yet because she found fault with him for dancing, he left her in solitude. Surely, then, we, the few Protestants about Souris, cannot be blamed for leaving a religious body or Presbytery who have so wilfully belied and insulted us.

I have been nearly a month laid up unwell, otherwise you would have had this or something like it long ago.

Yours, &c.,

AL. LESLIE.

NEWS BY TELEGRAPH FROM EUROPE.

PARIS, Dec. 1.

The *Journal Debats* says Rome will be evacuated on the 12th inst.

LONDON, Dec. 2.

All the regular troops in this city will be strictly confined to the precincts of their barracks during the Reform meeting, which takes place here on Monday.....Lieut. Maury, late Confederate naval commander, has arrived in London.....It is quite probable that troops will be sent to Liverpool and Glasgow on account of the bad feeling that prevails among the Irish in those cities.....Many arrests have been made by the Government in Ireland.

NEW YORK, Dec. 3, p. m.

Secretary Seward has received the following despatch:—

"I have arrested John H. Surratt, one of President Lincoln's assassins; no doubt about identity. (*Signed*) HALE,

U. S. Consul Gen., Alexandria, Egypt."

LONDON, Dec. 3.

A grand Reform demonstration took place to day. It was participated in by the Trade Societies. It was the most important affair of the kind ever held in this city—fully 50,000 people marched in procession to the place of the meeting, and there would have been thousands more had the weather been fair. There were 49 Societies in line that marched, together with various branch societies of the Reform League, all divided into four grand divisions, with bands of music, banners, mottoes, &c. At noon the multitude stretched from St. James' Park along Pall-Mall, Picadilly and other principal streets, to the grounds of the Beaufort House, in the suburbs of the city, where an immense meeting is now in progress. Several platforms have been erected, from which more than fifty speakers have addresed the masses. The stores all along the line of march were closed, but the streets were alive with people, and the windows filled with spectators. Great enthusiasm was manifested, but the immense crowds were orderly, and no disturbance occurred. The Stars and Stripes (!!) were borne in the procession, and among the airs played by the various bands was the "Wearing of the Green."....The Fenian senator, Meany, was arrested this morning and taken to Dublin. No evidence of treason was found upon him.....It is said that the United States authorities in Italy had telegraphed to Malta to arrest John H. Surratt, one of President Lincoln's assassins, on the steamer's touching there, but the attempt failed. They expect, however, to effect the arrest when the steamer reaches Alexandria.

LONDON, Tuesday evening, Dec. 4.

The *Morning Herald* declares the rumors that have been circulating dissensions in the British Cabinet of the probable retirement of D'Israeli are without foundation. The same paper announces that the Royal Commission upon the Neutralty Laws has been formed, and consists of thirteen members, the most eminent of whom have already been announced.

BY TELEGRAPH FROM CANADA.

OTTAWA, Dec. 3.

The whole of the Volunteer Battalion in Canada have been supplied with new and complete equipments of gun carriages, stores, ammunition and harness, which has given great satisfaction to the officers and men as placing them in a condition to take the field with effect at a moment's notice. Among those who have thus been newly equipped are the field batteries at London, Welland, Hamilton, Toronto, Kingston, Ottawa, Montreal and Quebec.

HAMILTON, C. W., Dec. 5.

The Provisional Government has purchased in this city, to be forwarded to the Paris Exhibition, a collection of native stuffed birds, said to be the best of the kind on the continent. The Government has also purchased a splendid set of furniture for the same destination.... Extensive improvements are being made in the military buildings to acommodate the new artillery equipments. In addition to guns and harnesses of a new pattern, field batteries have been supplied with the Spencer rifle.

MONTREAL, Dec. 5.

A private letter states that the only remaining descendant of Columbus will shortly visit America.....A large number of French Canadians are returning from the States, for want of employment.....It is reported that a secret Fenian meeting has been held at St. Alban's, but nothing serious is anticipated.

TORONTO, C. W., Dec. 5.

A man named James McDevitt hailing from New Brunswick, has been arrested here for using seditious language, daring the Government to hang the Fenians, etc. He will be examined to-day.

LATEST BY TELEGRAPH TO *EXAMINER*

CHARLOTTETOWN, Dec. 10, forenoon.

Toronto, Dec. 7.—In the matter of the condemned Fenians, the Sheriff received instructions from the Government to make no preparations. Respite granted till 10th March..... Montreal *Transcript* learns from a reliable source that from fifteen to seventeen thousand rifles have been sold in that city on Fenians account within a few days.

LONDON, 6th Dec.

Maximilian telegraphs by the Atlantic cable that he will soon land at Gibraltar. Gold 137⅞.

We regret to learn that a fatal accident occurred at Waverley on Friday last, among a party of men who were blasting at the German Company's works. A spark was struck, while tamping the charge with a steel rod, when an explosion took place, by which three men were seriously injured One man, named Livingston, died in two hours after. Another, named Shaw, whose head was fearfully bruised by the tamping rod, expired on Friday night. Wilson, the third party, will likely survive. It is said that Wilson belongs to Colchester county, and the other two are reported as from P. E. Island.—*Halifax Express.*

The Hon. JAMES MCLAREN died, after a short illness, at New Perth, on Monday last. Mr. McLaren was elected a Member of the Legislative Council, at the General Election in 1863, and appointed a Member of the Executive Council the same year. By the death of this highly respected gentleman the second district of King's county is unrepresented in the Legislative Council. Mr. McLaren was 62 years of age.—*Isl.*

We regret to learn that a telegraph despatch has been received by B. Wier & Co., announcing the total loss of the steamer *Baltimore*, from Portland, Me., for this port, at Stag Harbor, between Seal Island and Cape Sable. She sprung a leak at sea whilst in the late storm, and the Captain deemed it the safest plan to run her ashore. The gale is said to have been furious, and we may expect to hear of other disasters before the end of the week. At last accounts the steamer was fast breaking up.—*Halifax paper.*

His Excellency the Lieutenant Governor in Council has been pleased to appoint Charles Green, Esquire, of Summerside, a Justice of the Peace for Prince County.

We learn that the Hon. James Yeo and the Hon. Mr. Ramsay will again run their election for the Legislative Council. We understand that James Muirhead, Esq., and James Campbell, Esq., are to be invited to offer for this district.—*S Journal.*

WORKS OF ART.—Lovers of the fine arts among ourselves may have their taste gratified, and their admiration excited by the inspection of two interesting pictures lately brought to the Island, and shewn to us by the polite attention of a friend. These are large and very fine likenesses—in rich oval frames—of our Lieutenant Governor, George Dundas, Esquire, and of his amiable lady, and are from the studio of Mr. W. Notman, of Montreal, Photographer to the Queen. Enlarged from photographs, and coloured in oil, by one of those processes which attest the wondrous triumphs of scientific skill in the latest improvements effected in this beautiful art—these specimens, we think, will be pronounced by connoisseurs equal to any work of the kind to be found in any public or private collection in these Provinces, whether regard be had to the singular truthfulness, to the beauty and freshness of colouring, or to the exquisite delicacy and finish of the portraits.

We learn that they have been expressly executed for a gentleman lately of this Island, now in a foreign country, and can be freely viewed—by permission—at the establishment of Mr. P. W. Hyndman, known as the "European Exchange," Queen's Square, for a few days only, before being sent to their destination.

DISCOVERY OF A PYRAMID.—A party of five young men, while on an exploring expedition recently, along the Colorado river, discovered an immense pyramid on a barren plain. It was composed of layers of stone, from eighteen inches to nearly three feet in thickness, and from five to eight feet in length. It had a level top more than fifty feet square, though it was evident that it had been completed, and that some great convulsion of nature had dislodged its entire top, as it was evidently lying on one of its sides, a huge broken mass, nearly covered by the sand. Its present length is 104 feet, and it must have been formerly fully twenty feet higher. This pyramid differs in some respects from the Egyptian pyramids; it is, or was more slender or pointed; and while those of Egypt are composed of steps or layers, receding as they rise, this American pyramid was, undoubtedly, a more finished structure. The outer surface of the blocks was evidently cut at an angle, that gave the structure, when new and complete, a smooth and regular surface from top to bottom.

LORD BROUGHAM ON THE WICKEDNESS OF WAR.—In contrasting the recent sanguinary war with common murder, Lord Brougham, at the "Social Science Congress," remarked: "Mankind will never be free from the scourge of war until they learn to call things by their proper names, to give crimes the same epithets, whatever outward form they may assume, and to regard with equal abhorrence the conqueror who slakes his thirst of dominion with the blood of his fellow-creatures, and the more vulgar criminal who is executed for taking the life of a way-faring man that he may seize upon his purse. While men will fight, and slay their tens of thousands, the crime of murder on the largest scale must go on, unpunished and unrepented. Yes, unpunished in this world. But our Heavenly Father, bestowing freewill on His creatures, hath declared them accountable for its abuse; and, administering justice in mercy towards the numbers deceived or compelled into blood-guiltiness He condemns those that have betrayed or forced them as their accomplices or their instruments to the unspeakable and enduring torments of hell."

When Madge was a very little girl her father found her chubby hands full of the blossoms of a beautiful tea-rose, on which he had bestowed great care. "My dear," said he, "didn't I tell you not to pick one of these flowers without *leave*?" "Yes, papa," said Madge, innocently, "but all these had leaves."

HOLLOWAY'S PILLS—Conscientious Conviction.—No investment of money can be so profitable as that which insures good health. It has been established beyond dispute that Holloway's Pills, which cost but a trifle, will successfully wrestle with and overthrow disease. In all the many forms in which dyspepsia or indigestion presents itself it may be thoroughly removed by these purifying and gently aperitive Pills, assisted by a diet which must be simple in quality and moderate in quantity. Long indisposition, resulting from defective appetite or imperfect assimilation, yields to this efficient treatment, and nausea, disagreeable tastes in the mouth, headache, and the annoying collection of phlegm which plagues the dyspeptic in the morning, will be banished by these balsamic and strengthening Pills.

LET US BE MERCIFUL TO OURSELVES.

The physicial structure of the strongest human being is vulnerable everywhere. Our bodies are endowed by nature with a certain negative power, which protects them to some extent from unwholesome influences; but this protection is imperfect, and cannot safely be relied on in unhealthy regions, or under circumstances of more than ordinary danger. Therefore, it is wisdom, it is prudence, it is common sense, to provide against such contingencies, by taking an autidote in advance; in other words, by fortifying the system with a course of HOSTETTER'S STOMACH BITTERS, the most complete protective against all the epidemic and endemic maladies that has ever been administered in any country. As a remedy for Dyspepsia, there is no medicine that will compare with it. Whoever suffers the pangs of Indigestion, anywhere on the face of the earth, where HOSTETTER'S BITTERS can be produced, does so voluntarily, for as surely as Truth exists, this invaluable Tonic and Alterative would restore his disordered stomach to a healthy condition. To the Bilious it is also specially recommended, and in case of confirmed Constipation it affords speedy and permanent relief. In Canada, the West Indies, and Australia, the Bitters rank above all other medicines of the class, and the demand for them in all foreign countries increase every season.

THROAT DISEASES.—"We would call attention to "Brown's Bronchial Troches." We have found them efficacious in allaying Irritation in the Throat and Bronchia, and would commend them to the attention of Public Speakers and others troubled with affections of the Throat. They are also an excellent remedy for Hoarseness resulting from cold"—*Congregationalist. Boston*

REST, HEALTH AND COMFORT TO MOTHER AND CHILD—MRS. WINSLOW'S SOOTHING SYRUP, *for children teething*, softens the gums, reduces inflammation, allays all pain, and cures wind colic. Perfectly safe in all cases. We would say to every mother who has a suffering child. Do not let your prejudice, nor the prejudices of others, stand between you and your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Thirty-five cents a bottle.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO wide is the field of its usefulness and so numerous are its cures, that in almost every section of country are persons publicly known, who have been restored by it from alarming and even desperate diseases of the lungs. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits upon the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and other eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with, also, full descriptions of the complaints our remedies cure.

Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the one to use. Try it once, and you will concede its value.

Prepared by DR. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere.

AND

CONVEYANCER,

Summerside, - - - - P. E. I.

Dec. 10, 1866. 1y pd

To the Electors of the Second Legislative Council District of Prince County.

GENTLEMEN,—

I HAVE had the, honor of representing you in the Legislative Council, during the last four years, and I most respectfully beg leave again to offer myself as a Candidate for your suffrages, at the approaching election.

Should I be again honored with your confidence, you may rely on my supporting any measure calculated to advance the general prosperity of P. E. Island, and of this District in particular, according to the best of my judgment and ability.

I need not express my views on the great leading political questions now at issue, as they are already well known; but with regard to the important question of Confederation, I may say that I am opposed to it as I have always been, as far as this Island is concerned.

Owing to the difficulty of travelling at this season of the year, and to the time being so limited, I will be unable to visit all the sections of this extensive district previous to the election, but in the event of my being returned, I will endeavor to make myself acquainted with the general views, and local wants of my constituency.

I am, Gentlemen,
Your obedient servant,
DONALD RAMSAY.

Beech Point, Dec. 5th, 1866

To the Independent Electors of the Second Legislative Council District of Prince County.

GENTLEMEN;

I HAVE decided to offer myself as a Candidate to Represent you in the Legislative Council of this Island. I am impelled to this step by the solicitations of several influential friends, and the more so because I feel that I can do you better justice than five hundred old fogies

Knowing your wants, and knowing how to initiate measures to meet them, and feeling myself capable of advocating and carrying out such measures, I am convinced that I will, if elected, make a more efficient Representative than two thirds of the broken-down politicians who seek to recuperate their fallen fortunes through your favor and countenance.

I am a strong Anti-Confederate, and that will suffice to say on this subject at present; but before Election Day I will have an opportunity of meeting many of you and of explaining my political sentiments upon the leading questions now before the people of this Colony.

With much consideration,
I am, Gentlemen,
Your obedient servant,
THOMAS KELLY.
