NEW SOURIS HIGH SCHOOL

Souris High School To Be Officially Opened Friday

Another milestone in the development of educational facilities in the Province will be reached on Friday with the official opening of the new Souris High School.

The School will be officially opened by Hon. Keir Clark, Minister of Education in an impressive ceremony presided over by John J. MacDonald, chairman of the board of trustees.

Among others present will be guest speaker Dr. L.W. Shaw, Deputy Minister of Education; Premier A.W. Matheson, T.J. Kiekham, M.P.; Mayor Bruce Stewart; W.A. Acorn, M.L.A.; J.B. St. John, M.L.A.; Monsignor J.A. Murphy; Mr. Malcolm MacKenzie, Assistant Director of Education; Harold Hynes, School Supervisor; school trustee Roy Crockett and Charles Boylan, Miss Marion Conway, secretary school district; William Whiteway, general contractor; Town Council; Melvin J. McQuaid; Teachers Souris High School.

The new school, built to accommodate the overflow of students from the two existing Souris schools, is equipped with complete facilities to handle students in the four high school years of Grades IX, X, XI and XII.

There is a main floor and basement in the building. On the main floor there are five classrooms, a library and a teachers room all attractively furnished and equipped.

The laboratory for science studies is in the basement. The laboratory is fully modern, equipped with gas. Adjoining the laboratory is a room for lab materials.

Also in the basement is a fire-proof furnace room equipped with a Napanee low pressure steam boiler. Heat in each class room is controlled by a thermostat unit. The heating system was installed by Douglas Bros. and Jones.

In the west end of the basement there is a large stage and auditorium space while in the east end there are lavatories and provisions have been made for the construction of a kitchen at some future date.

Two stairways lead from the basement to the main floor. Emergency exits have been constructed in the basement.

The floors are covered with block tile and the exterior finished with stained shingle. Painting on the interior and exterior was done by Douglas Bros. and Jones.
