## Honeymoon In Cape Breton Follows Alberton Ceremony

Marriage vows were pledged at Alberton Sacred Heart Church recently when Mary Joyce, daughter of Mrs. Joseph M. Arsenault, Alberton, and the late Mr. Arsenault, became the bride of Joseph Leonard, son of Mr. and Mrs. Bernard A. MacLellan, Indian River. The double ring ceremony was performed by Rev. Gerald Steele. Mass was served by Myles and Gary Arsenault, brothers of the bride. Hymns were sung by Eleanor Peters accompanied by her mother, Mrs. Irene Peters, Summerside.

The bride, given in marriage by her brother, Billy, chose a floor length gown of organza over taffeta, with bouffant skirt. The bodice, trimmed with sequins and pearls, featured a square neckline and long fitted sleeves. Her four-tiered fingertip veil of scalloped tulle illusion was held in place by a crown of sequins and pearls. She carried a lace covered Bible with red roses.

Carolyn, sister of the bride, as matron of honor, wore a street length dress of blue chiffon with a matching wedding ring hat, and carried a bouquet of white carnations centered with blue tinted rose buds.

Gail, bridesmaid for her sister, wore a street length dress of yellow chiffon with a matching wedding ring hat, and carried a bouquet of white carnations centered with yellow rose buds.

Darlene, sister of the bride, as flower girl, wore a pink nylon dress with matching headdress and carried a bouquet of yellow and blue carnations centered with pink rose buds.

The groom's brother, Jimmie was ring bearer.

Paul Hickey, was best man. Merrill, brother of the bride, and Angus Cameron ushered the guests.

For her daughter's wedding, Mrs. Arsenault chose a two-piece beige sheath dress of rayon linen with brown accessories and a corsage of green carnations.

Following the ceremony, a reception was held at the Institute Hall for 100 guests Father Gerald Steel was master of ceremonies. A three-tiered wedding cake topped with a miniature bride and groom centered the bride's table.

For their wedding trip to the Cabot Trail, the bride chose a tweed suit with white and black accessories and a corsage of white accessories.

The couple will reside in Clermont.

## Household Hints

Wash gloves frequently so they will not have to be rubbed hard. Hard rubbing injures the finish and loosens the dye.

Don't wash heavyweight and sheer fabrics together in your washer. The more delicate fabrics may be damaged by the tension and pulling weight of heavier fabrics.

## The Fruits Of Harvest Are Snug In The Cellar

"There is a nice snugness to this time of year" one wrote us across miles in a remembering letter this morning. "I think now that down on the Island the fieldwork, that is the harvests, will be about completed. The bins in the cellars will have accepted their supply of vegetables. The apples will now be gathered in. And something else comes to mind. I recall, when I was a child down there on the farm, there would come a day with a decided nip of frost in the air, and the base-burner would be carried in from the coal-house near the back door, where it had remained through the summer, and set up in the wide hall by the parlor.

And I can remember still the secure feeling it always gave me, when in time the coal glowed red behind the isinglass doors, and the rooms became warmly comfortable.

Then I would check off, in mind, our riches, as the farming went: the barrel in the pantry with the flour from the first grist of new wheat; the oatmeal — and the taste of it sweet like beechnuts — don't I long for a bowl of it! — would be there — a hundredweight of it, brought from the mill up between the hills — And down cellar in the white-washed dairy would be the crocks of butter — a creamy brown and a gray one, saved from the June churnings, for Mother would have it, that was a product of the year's sweetest grass!

And beside those on the low shelf, ranged in a row were the bottles of home-made yeast. And knowing that when the farm were almost self-sufficient as to comfort and foods, it gave me a warm feeling to think we could close the door, and be snug and well fed against the cold of the winter. I always fancied Mrs. Noah had a similiar sentiment, when at length all was done, preparations made for the rains, and her husband and sons closed the ark's door

I know it's a far cry now from those days, but this time of year when the leaves are gone, and winter is only a few weeks away I picture the old scenes again."

A far cry indeed! The bins have their vegetables. Apples have been brought in. But the barrel is gone from the pantry. In many an instance the pantry itself has vanished! Now a smart bin in a cupboard of the modern kitchen holds the "store" flour. The oatmeal, which is not the favored breakfast food of once, must vie for a place with a number of eye-catching packages of other cereals, neighboring it on the grocery's shelves.

Home-dairies have by and large vanished. The wooden butter-bowls, and the "prints" have already become collectors' prized items. The home-made yeast is no more — the same that, to the farmwife's dismay sometimes popped corks in a minor explosion which spent itself in an escaped frothy flow. The base-burner too has been replaced by other systems of heating, warming, but giving no glow to the rooms.

Changed our way of living is. Yet at this time of year, when crops have been gathered, and the year turns towards the frosts and cold of winter, we too like our friend away across the miles, think that a security and snugness abides within our doors.

Until tomorrow — — Diary—Good-night.

## Desserts Of Fresh Fruit Appeal To The Appetite

FRUIT is one of our major foods. One should never apologize for a plain fruit dessert. It is rather chic to serve it.

If to be passed at table, arrange an attractive fruit bowl. If you haven't much fruit, choose a small bowl — a few pieces of fruit appear lost in a large one. Polish the fruit and pile it up to look colorful and attractive.

Provide dessert-sized plates and fruit knives (if you haven't any, ask your grandmother to lend you hers).

**ARTISTIC ARRANGEMENTS**

Fruit bowls can be really charming to look at, even on a money-saving budget. A well-polished wooden bowl filled to overflowing with apples, pears and grapes is beautiful to behold.

Purple plums and green grapes are especially attractive when arranged in clear green glass. Pears, purple plums and persimmons, with a few brown nuts tucked in here and there, look lovely in white pottery.

Homemakers who make a hobby of flower arrangements will enjoy adding the arrangement of fruit bowls to their activities.

## Projects Are Planned By Alumnae

A special meeting of the Notre Dame Alumnae was held recently to discuss plans for this year. After a review of the past year's programme it was decided to amalgamate all evenis and hold a reception dinner for alumnae members May 9, 1964.

The 106 year old academy formed its alumnae association 31 years ago to promote the interests of the academy. T heir yearly projects are a summer school scholarship for a teacher at the school, and prize money for the students. Last year, through the kindness of a former pupil, the late Mrs. Carrie Rogers Hunt, a foundation for scholarship fund was established with the hope that some day the Alumnae may provide a yearly university scholarship to one of the academy graduates.

## Announce New Healing Substance... Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids... and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved . . . actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator).

Satisfaction guaranteed or your money refunded.
