

Wonnacott-MacDonald Wedding

As a quiet evening double ring ceremony performed in the Bishop's Residence at Charlottetown on Monday, November 10, Nora Alexandria MacDonald, youngest daughter of the late Mr. and Mrs. Halloran, became the bride of Bruce Stewart Wonnacott, eldest son of the late Mr. and Mrs. John Henderson Wonnacott.

The Right Rev. Monsignor Patrick McMahon officiated at the ceremony. The bride was charmingly gowned in platinum blue with black accessories and wore a corsage of yellow roses, while the bridesmaid, her sister, Mrs. Kathleen MacDonald wore a lovely and attractive fuschia ensemble, with black accessories and a corsage of pink roses.

The matron of honour, Mrs. Lloyd Wonnacott, wore a very becoming ensemble of stem green with accessories to match and a corsage of talsman roses.

Following the ceremony a luncheon was held at the Villa Waters where a number of close friends and relations were in attendance. The bride and groom were the recipients of many lovely gifts. They are taking up residence at 30 Pleasant Street, city.

HELPFUL MAYOR

CORONATION, Alta. — (CP) — Mayor John Stewart has taken it on himself to handle placing of harvest help in this district for several years. This fall he placed 100 farm helpers, and was commended by the Unemployment Insurance Commission's Edmonton office.

The new DeSoto is longer, lower, wider... has a one-piece curved windshield and greater all-round glass area for better vision... more space inside and 44% greater trunk capacity. There's a new frame and new spring suspension that help create an unexcelled ride.

DeSoto FireDome performance is sensational. This ultra-modern V-8 engine delivers 160 h.p.—on regular fuel—gives you more speed and pick-up than you may ever need... but always handy in an emergency.

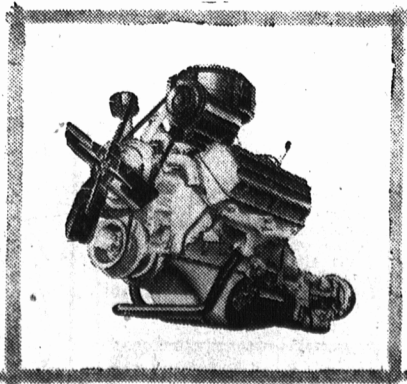

Make a date today to see and drive Canada's most distinctive automobile.

FULL POWER STEERING

With DeSoto Full Power Steering all the work involved in steering is virtually eliminated; parking becomes absurdly simple, instead of being a chore; there's no sign of wheel fight on rough roads; all handling is easier. Available on the DeSoto FireDome V-8 as extra equipment.

FLUID TORQUE DRIVE

For "sprinter" starts and even finer low-speed performance, Fluid Torque Drive is available on the FireDome Eight as extra equipment. It more than doubles the turning power of the engine at speeds up to 45 m.p.h.

SPECTACULAR FIREHOME V-8 PERFORMANCE

Get set for the driving thrill of your life... with the spectacular new FireDome V-8 engine. Never before such flashing getaway, such record-breaking performance, such amazing efficiency.

Secret of the FireDome engine's tremendous power and efficiency is its hemispherical or "dome-shaped" combustion chamber. This design makes it possible to convert fuel energy into driving power much more efficiently. There's less loss of heat energy through the surface of the chamber—more is converted into power. Quicker, more thorough combustion results from shorter flame-travel. Result—an efficient, economical 160 h.p. you have to drive to appreciate.
