Obstructing Police Draws Fine Of \$25

SUMMERSIDE — A resident of Borden, Leo Joseph O'Halloran, was found guilty and fined \$25 and costs on a charge of obstructing a police officer in the course of his duties, yesterday morning by Magistrate W. Chester S. MacDonald in Prince George County court.

The accused, who was represented by J.P. Nicholson of Charlottetown, had pleaded not guilty to the charge at an earlier hearing.

There were two crown witnesses, Constables W.E. Whalen and Alan D. Burchill of the Borden RCMP detachment. O'Halloran testified on his own behalf.

The charge arose from an incident where the accused's brother, Sheldon James O'Halloran, was arrested on two charges. He had pleaded guilty some time ago to charges of impaired driving and leaving the scene of an accident, also appeared before Magistrate MacDonald yesterday.

On the charge of impaired driving he was fined \$75 and costs and on the second charge of leaving the scene of an accident he was assessed a one-year suspended sentence with the following conditions attached: keep peace and be of good behaviour, appear and receive sentence when called upon to do so, refrain from alcoholic beverages while residing in P.E.I., enter into recognizance of \$500 consisting of one surety of that amount.

24 PIGS BORN, 17 SURVIVE

Wilson Shea, manager of Tignish Fisheries Co-op, is the owner of a sow that farrowed an unusually large litter of 24 piglets late last week. Seven of the new porkers died. Mr. Shea says they smothered, but the other 17 were healthy and happy when

this picture was taken four of them are being bottle-fed. There are 13 children in the Shea family and the father gives, the older boys charge of the livestock on the farm.

The proudest of them all last weekend was Louie, seen in the picture, who is managing the latest livestock family on the Shea property.

PARKLAND LONG USED

The first men in Ontario's Algonquin Provincial Park were Indians of 2,000 B.C. Too primitive to have pottery vessels, they fished and hunted and ate wild berries.

Mourning Is Ordered

Court Mourning for the Princess Royal, who died Sunday, will extend April 2, the Secretary of State, Ottawa, has advised Lieutenant-Governor W. J. MacDonald. Flags on all public buildings are to be flown half-staff on the day of the funeral.

Kilmuir Brother, Sister Return Following Fire

MONTAGUE — Relatives, friends and neighbors are all glad to know that John K. MacDonald of Kilmuir is making a good recovery following hospitalization due to injury and effects of smoke inhalation received in his effort to check the fire which completely destroyed his home and valuable contents. He and his sister, Miss Anne MacDonald, who had been hospitalized previous to the fire, have resided temporarily with their sister, Mrs. W. A. Bruce and Mr. Bruce, are now being re-established near the site of the old home.

"It was a lovely home, the scene of so many pleasant associations and memories, extending over five generations and more than one hundred

brigade felt were not warranted. A crash truck has been made available to the Montague brigade by the town to cover out of town fires. This truck carries 550 gallons of water, and four men would be assigned, each month for this work for which they would be paid \$1.00 per hour while fighting fires. Any surplus at the end of the year could be used to supply better equipment.

It was decided that districts would be covered as soon as they paid their 80 per cent for a period to end March 31st, 1965. This would mean no change in the \$3 rate for at least one year.

This amount is to be tried and if found satisfactory it would remain at this amount.

Rural Fire Protection Discussed At Montague

MONTAGUE BUREAU OF THE GUARDIAN

Nine districts were present last evening for a meeting with the Montague fire committee, chaired by G. Arnold Wightman, Ken Clements and Ralph Beck, who were appointed to look into the feasibility of fire coverage for districts within a five-mile radius of Montague.

Fifteen districts would be able to receive protection from the brigade if they all were to join. Last night's meeting was represented by 30 people from approximately 235 rural residents. All expressed their desire to take advantage of the protection and will now go back to their districts to canvass all homes in their respective area.

Districts represented were

New Perth, Union Road, Valleyfield, Kilmuir, Heatherdale, Whim Road, Brudenell, Brooklyn and Victoria Cross.

Mr. Wightman explained in detail about what could be expected of this service. An agreed residence could be covered for \$3.00 a year with payment for 80 per cent giving the district coverage and 20 per cent going to the collecting agent, which in most cases could be the Women's Institute, Churches, schools and district halls would be exempt from charge but would be covered. It was the opinion of most present that all districts would join.

It was also pointed out that a charge of \$25 could be made for an unnecessary fire call. This charge would be necessary to prevent calls for which the

Souris Fish Exhibition, Regatta Dates Selected

SOURIS — Souris Fisheries Exhibition and Regatta will be held July 13 and 14 this year, it was decided at last night's annual meeting of the exhibition association held last night in the town hall, with Milton Fitzpatrick as chairman.

The financial statement showed a bank balance of \$1,128. It

was stated \$3,500 had been contributed during the year towards the new arena and to the hospital.

New officers elected were president, William E. Pierce, Souris; vice-president, Roy Coffin, Souris River; secretary-treasurer, Winston Fudge, Souris.

Committee chairmen elected were: boat races, Roy Coffin, Souris River; prizes, Camille Gallant, Souris West; sports, Reggie Peters, Souris; amusement, Dr. Wolfgang Marold, Rollo Bay; decorations, Melvin La Breech, Souris; public relations and accommodations, Bruce Stewart, Souris; parking, George Whitlock, Souris.

Tug-of-war, William Acorn,

Announce New Healing Substance... Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids... and repair damaged tissue.

A renewed research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved... actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator).

Satisfaction guaranteed or your money refunded.

CAPITOL

A NEW SUPPLY of fresh frozen plasma which plays such an important part in the treatment of haemophiliacs, was brought to the province last night by the mobile Red Cross blood donor team from Halifax. This was required to replenish the Island's stock

Red Cross Blood Donor Team Is Welcomed Here Last Night

Fremont Archer, chairman of the Red Cross blood donor committee for Charlottetown was on hand last evening to welcome the 12-member Red Cross blood donor team from Halifax which will be conducting the first of this year's series of clinics for the province in Charlottetown on today, Wednesday and Thursday at the Confederation Centre Lecture Theatre.

The team, brought with them replenishments for the province's supply of fresh frozen plasma which was depleted over the week-end for a young lad at Souris who is a haemophiliac and haemorrhaged after having a tooth extracted. At the present time there are no less than four children with this condition who have had to have both frozen plasma and fresh blood to save their lives.

Mr. Archer said last night that everything is now in readiness for this week's clinics, which gets underway this afternoon at St. Dunstan's University where Stephen Joyce is the chairman, and has an objective of 225 donors to meet during the three-hour period between 1 and 4 that the clinic will be in operation at the college.

Mr. Joyce reports that the competition among the different classes for the inter-class trophy is as keen as mustard!

From St. Dunstan's the Red Cross team will move its equipment to the lecture theatre at the Confederation Centre where the clinics will commence at 8 o'clock this evening. Wednesday the clinic will be in operation between 9 and 11 in the morning

Two Sealing Ships Freed

SYDNEY (CP) — Capt. Ed Kelso, transport department ice information officer here, said Monday night the federal icebreaker D'Iberville Sunday freed two Newfoundland sealing vessels that had become stuck in ice off Labrador.

He said the coal-burning Kyle and the Algerine were led to open water and were waiting for westerly winds before moving along the coast.

Capt. Kelso said he had not heard from the Chesley A. Crosbie, the other Newfoundland vessel in the hunt.

He said he had received a report that a mass of heavy ice, five miles long and five miles wide, is moving down from the Strait of Belle Isle. This field is "extremely dangerous."

Capt. Kelso said ice conditions in the Central Gulf of St. Lawrence have eased to the extent that shipping is going ahead at a faster than usual pace for this time of year.

The icebreakers John A. MacDonald and Tupper have opened Pictou, N.S., harbor and the Tupper now will go to the mouth of the Miramichi River off New Brunswick for duty.

\$50,000 Loss Suffered In Fire

SAINT JOHN, N.B. (CP) — A Canada Packers official said here Monday damage was estimated at \$50,000 in fire that destroyed the first floor of the company's fertilizer plant at Windsor, N.S., Sunday.

He said about 4,000 chickens, three-pound broilers, were lost in the fire. The birds had been scheduled to be killed and dressed Monday.

The three-story building will be repaired and there will be no loss of work for men employed there, the official said.

French Is Language At SDU For Today

This is French-Canadian Day at St. Dunstan's University and all students and professors are warned to have their French up to par for the day.

The French-Canadian students say they will insist that greetings and as much conversation as possible be carried out in French.

This is expected to present quite a problem for some, but not so much for many students at SDU who have picked up

some of the idioms of the language through their contacts with the French-speaking students.

Following the day's events, which include talks on the history of the French in Canada and the question of bilingualism, the student body and the general public will be entertained tonight at 8:30 in the SDU auditorium by French-Canadian folk singer Claude Gauthier in a two-hour program.

There will be no language question at this event all the songs will be in French.

City Native Is Awarded Credit Group Certificate

SUMMERSIDE — A native of Charlottetown, William Jay, who is credit supervisor with the firm of R.T. Holman Ltd., was notified recently by the trustees of the Consumer Credit Institute that he has been awarded his certification as a consumer credit executive.

This entitled him to membership in the Society of Consumer Credit Executives of America.

Digby Area Concerned Over Ferry

DIGBY, N.S. (CP) — Trade board and business leaders from western Nova Scotia Monday requested the federal government to give definite and immediate assurance that ferry service between Saint John, N.B., and Digby will be continued.

The request was made in a telephone conversation with Labor Minister Allan MacEachen, Nova Scotia's representative in the federal cabinet.

It followed a protest meeting here by area trade board representatives over reports that a proposed \$3,000,000 wharf construction project here is to be shelved.

Delegates to the meeting said failure to receive government assistance or continuation of the CPR's Bay of Fundy ferry service will severely hamper economic development in western Nova Scotia.
