THE CALL IN VAIN.

Call back the dew
That on the rose at morn was lying;
When the day is dying
Bid the sunbeam stay.

Call back the wave
Ee'n while the ebbing tide's receding—
Oh, all unheeding
Of thy voice are they.

As vain the call
Distraction makes on love departed,
When the broken-hearted
Bitter tears let fall:

Dew and sunshine, wave and flower
Renewed, return at destined hour,
But never yet was known the power
Could vanish'd love recal.

Call back the brave
Beneath the distant billow lying;
Bid those who love them, sighing,
For them cease to sigh.

Call back the bird
That, seeking warmer climes for pleasure,
(Spent is our summer treasure)
Spreads his wings to fly.

Call back the dream
That in the night our fancy chaining,
With our slumber waning,
Melts at dawn away.

Ah! no call like the succeeding,
Cease with dying love thy pleading,
Know, too late, with bosom bleeding,
Love is more lost than they.

FATE OF CALIFORNIA GOLD HUNTERS.

It seems only yesterday that the fever of emigration to the golden shores of the farthest west ran riot throughout the United States and the British Provinces. The El Dorado never possessed the tithe of the witchery that was bound up in the word—CALIFORNIA.—Every letter of the word seemed a solid block of gold, and visions of the land it represented were made up of gold-studded valleys, silver-ribbed mountains, pearl-bedded streams, and caves of diamonds of fabulous value. The climate was declared to be the best under the sun, the soil the most prolific, and its wealth-making capabilities incalculable. It is not strange that under glittering visions of indepedent fortunes to be amassed in a day, coupled with the novelty of change and travel, even these Provinces were severely depleted to swell the torrent of emigration that immediately set to the Pacific coast.

A fearful change has come over the fortunes of this mushroon State. The New York *News* of the 14th instant, declares that the city is continually crowded this autumn and winter with thousands of returning emigrants, who come back sickened with this land of gold. Two packets alone from Panama at that date brought well nigh 2000 souls, while by the overland route scores are every day arriving and filling up the hotels and boarding-houses, which are usually the resort of returned Californians. The tale these poverty-stricken men, women and children tell is doleful enough. The prime essential to California prosperity has been wanting all through the last summer, and for that matter through every summer more or less. The country has been baked to an impervious solid by the long and continued drought; vegetation has languished until the dry shrubbery would ignite like tinder. In one region alone 800,000 head of cattle perished in the earlier part of the summer through sheer want of herbage and water. In the district of San Jose, where the draught was much felt, an artificial system of irrigation was introduced, the water being led along the valley from Artesian wells, and thus partially averting the sad consequences of the dry summer. The farmer has labored in vain. The grain and vegetables come up only to wilt and die under a fiery sun and brazen sky.

Of course the miner has had to share the ill luck of the farmer. The gold washing diggins were forsaken, for the beds of channels once filled with plentiful streams became dry as the desert. The disappointed and dejected men who crowd the New York and Panama lines of packets draw pictures dreary enough of the suffering condition of the land during the last summer, and of the thousands of fortune seekers from the eastern shores of America and other parts whose poverty will not supply them with the means to bring them back to their native land.

The New York paper already mentioned has the following as to prices current:—"In the districts most afflicted wages are much lower, and the necessaries of life much dearear than with us. Butter is sold at from $1 to $1.25 per lb. (in gold), beef at 20 to 25 cents, flour 20 cents, and bacon $1 25. In the towns, at inferior taverns, the price of boarding is $1.25 to $1.50 per diem, and hard to get."—*Acadian Recorder.*

A POSER.—'What thou hast to do, do it with all thy might,' said a clergyman to his son one morning.

'So I did this morning,' replied Bill, with an enthusiastic gleam in his eye.

'Ah! what was it, my darling?' and the father's hand ran through the offspring's curls.

'Why, I walloped Jack Edwards till he yelled like blazes; you should have heard him holler, dad.'

Dad looked unhappy, while he explained that the precept did not imply a case like that, and concluded mildly with—

'You should not have done that, my child.'

'Then he'd walloped me,' said Bill.

'Better,' expostulated his sire, 'for you to have fled from the wrath to come.'

'Yes,' argued Bill, by way of a final clincher, 'but Jack can run twice as fast as I can.'

The good man sighed, went to his study, took up a pen, and endeavored to compose himself and a sermon, reconciling Practice and Precept.

[EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds."

PARENTS READ!

JUDSON'S MOUNTAIN HERB WORM TEA.

Herbs, Barks and Roots
VERSUS
Poisonous Minerals and Drugs.

HEADS OF FAMILIES,

DO you, when observing the uneasy actions of your children, consider that it may be more than a mere Cholic that afflicts them? In nine cases out of ten, the cause of the little sufferer's anguish is WORMS, AND SHOULD BE AT ONCE LOOKED TO. Do not let your children suffer, when we present you in

Judson's Worm Tea,

A SAFE AND PLEASANT CURE FOR WORMS.

How much better and safer it would be to have it always in the house. A little delay when a child is taken ill may often be the cause of its death; while acting without delay, and by giving the MOUNTAIN HERB TEA immediately, you will not only save the child a long and tedious illness, but also feel happier in knowing that you have done your duty, and perchance saved its life.

HERBS AND ROOTS,
NOT A PARTICLE OF
CALOMEL OR MINERAL,
Is Used in it.

No more filthy Vermifuge will be used by those who once use this Tea. The only active principle of all other Vermifuges and Worm killers is MERCURY.

GIVE NO POISON
TO
YOUR CHILDREN,

Use this simple, safe, Vegetable Remedy.

DR. LA'MERT ON SELF-PRESERVATION.

PRICE WITH ENGRAVI[NGS] AND CASES, 1s. 6D., BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By DR. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

THE INVALID'S FRIEND!

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperate or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any over-gorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonory complaints.

Debilitated Constitutions.

In cases of debility, langour, and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetitte, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

DR. BRIDGE'S PATENT FOOD,

For Invalids and Persons of Impaired Digestion.

Recommended by the Faculty.

THE PATENT FOOD is so carefully and scientifically prepared that it is immensely superior to Arrowroot, Sago, Tapioca, Bread, Biscuit, Corn Flour, or any other kind of farinaceous food for Infants, not alone from its purity, strength, and nourishing properties, but also from its having been peculiarly and thoroughly cooked in its manufacture, which renders it more easily digestible. It cannot cause Acidity or Wind. It is very agreeable, and, from the nature of its composition, is exactly adapted for all conditions of the stomach. It can be made ready for use, without trouble, in two or three minutes.

Mixed in Beef Tea, Milk, or any other fluid, the Patent Food is pre-eminently suited to Invalids, from its wholesome and strengthening qualities. It is a real blessing, and from its remarkable cheapness accessable to all.

One trial will prove its efficacy—it will recommend itself. Sold by

Judson's Pills!

MOFFAT'S LIFE PILLS
AND
PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to porsens suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibably proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and indulging them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury* nor *Antimony* nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness with all its train of evils, or sudden Diarrhœa with its imminen dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel.*

Also *Worms,* by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption,* by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores,* by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions,* by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum,* and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind. *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour,* and *Melancholy,* which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica.* He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by there medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.
