

Earthquake in Ecuador.

GREAT DAMAGE TO PROPERTY AND LOSS OF LIFE REPORTED.

A letter from Cuenca, Ecuador, dated June 29, furnishes the following: "At 7.30 o'clock this morning a terrible earthquake awoke the greater part of our citizens and nearly all of them rushed into the street without clothing. The movement was accompanied with loud and fearful noise. In the streets and in the squares the people threw themselves on their knees begging Divine mercy. The curates meanwhile, were exhorting the people to fly to the churches. The turrets of San Blas church toppled over with a loud crash, and the walls of most of the churches have been severely damaged. Most of the houses have been destroyed, and the few still standing are damaged. Letters from Azogues report damage there and the town hall is destroyed. Canar has also suffered loss. At noon the earthquakes continue without cessation. All the bridges are damaged. The hospital is almost totally destroyed. The telegraph informs us that the shocks have been felt everywhere as far as Tulcan, but with less violence than here. A procession is now passing through the streets, composed of all the ladies in the city, and they are imploring the Almighty to appease his wrath. The Nation, of Guayaquil of July 1 says: "Telegraphic communication with Guaranda having been re-established, we have received a message which informs us that the earthquake was fearful severe there and that it has caused loss of life and done much damage."

G. M. D.—Walking down Broadway is very pleasant if you feel well, and T—K—never felt better than when his friend asked him how he got over that severe cough of his so speedily. "Ah, my boy," said T—K—, "G. M. D. did it." And his friend wondered what G. M. D. meant. He knew it did not mean a Good Many Doctors, for T—K— had tried a dozen in vain. "I have it," said he, "just hitting the nail on the head, 'you mean Dr. Pierce's Golden Medical Discovery, or Gold Medal Deserved as my friend J—S—always dubs it.' Druggists."
