

Child Killed On Road Near Home

A four-year-old child, Frederick Theodoris Backer, son of a Dutch immigrant family who have been in this country for less than two years, was instantly killed when struck by one-ton, Imperial Oil Co. truck, driven by Thomas Mathew on the Western Highway at St. Eleanor's, a short distance west of the airport road, yesterday afternoon.

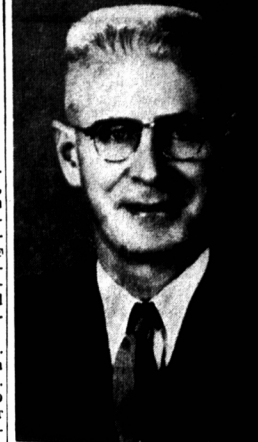

The child had been playing with other children near a neighboring house and within sight of his own home, when he apparently decided to cross the highway to get the old car tire with which to continue play. In his hasty anticipation the little fellow apparently failed to notice the approaching truck, and unexpectedly ran in front of the vehicle which was proceeding westward. After the impact, the boy's body was dragged a few yards on the pavement until the truck was brought to a stop.

Members of the Summerside detachment of the R.C.M.P. and Coroner W.E. Callaghan were called to the scene of the accident. A coroner's jury was empanelled and after viewing the fatality adjourned to the call of the coroner.

Members of the jury were: William Noye, M.P. (foreman); Benjamin Gallant, Summerside; Walter Noye, Enmore; Oliver Sonier, Summerside; Frank Gallant, St. Eleanor's; Herbert Oakes, St. Eleanor's; Leonard Mas Neil, Miscouche.

Mr. Backer, father of the boy is employed by Mr. J.K. Curran as caretaker of horses and gardener. Mr. and Mrs. Backer have five other children — two sons and three daughters.

The funeral will be held this morning at 10.30 from the Compton Funeral Home to St. John the Baptist Church in Miscouche for Requiem Mass at 11.00 a.m. and interment will be in the church cemetery.

ONLY ONE EXCEPTION

Most Of Present Railway Services Will Continue

Present railway services west of Charlottetown, with one exception will be continued on Prince Edward Island as a result of discussions held yesterday afternoon at Summerside when railway officials from Moncton and Prince Edward Island met with more than 50 shippers and returned to Summerside and Charlottetown in a public meeting in the Canadian Legion Home.

The only changes that will be made in the present railway services are the elimination of the 8.25 a.m. train from Summerside to Charlottetown and a reversal of the Borden to Summerside train which formerly left Borden for Summerside at 8.10 a.m. returning over this route from Summerside at 12.30 p.m.

The new service will send this train from Summerside at 8.15 a.m. to catch the boat carrying passengers to connect with mainland trains and will return to Summerside, leaving Borden at 11.20 a.m. The regular daily train leaving Tignish for Charlottetown at 7.30 a.m. will continue in service leaving Charlottetown at 5.10 p.m. for the return trip to Tignish.

It was agreed that this train proceeding east from Tignish in the morning would provide adequate passenger service, enabling travellers from Summerside and Eastward to reach Charlottetown only an hour or so later than on the Summerside - Charlottetown train which is being discontinued.

The biggest concession on the part of the railway committee was their agreement to the demands of the committee that the tri-weekly mixed freight between Tignish and Summerside be continued and after considerable discussion representatives of the railways agreed that this service will be maintained, in addition to freight which will handle local shipments throughout the year, and from December 1st to May 1st will provide passenger service. This train will continue to be based at Summerside and will maintain its present schedule going west from Summerside each Monday, Wednesday and Friday and leaving Tignish at 8.30 a.m. each

Thursday and Saturday. Previous to yesterday's meeting it had been the intention of the railway officials to eliminate this tri-weekly service entirely. The meeting yesterday in Summerside was presided over by Mr. John S. Wright, president of the Summerside Board of Trade, which in cooperation with the Albert West Prince Board sponsored the meeting and were responsible for promoting previous discussions and study of the changes proposed by the railway in their service on Prince Edward Island.

The concern expressed by shippers, business men and others when the announcement was made regarding the intention of the railway to curtail services here, led to a public meeting in Summerside which sent a delegation to Moncton to confer with railway officials there. Plans were made at the Moncton meeting to have representatives of the railway attend yesterday's meeting empowered with authority to make agreements on behalf of the C.N.R.

Chief spokesman for the Railways yesterday was Mr. F. W. Ward, general superintendent of transportation, who represented Mr. R. C. Hayes, general manager, Atlantic Region C.N.R. Other railway officials at Summerside yesterday were, J.E. MacInearn, superintendent of transportation, C. C. Gillespie, superintendent of road transportation, D. B. Bishop, general freight agent, and Mr. Reynett, assistant transportation economist all of Moncton, and Mr. G. R. Grenough, superintendent of Prince Edward Island division, and L. J. MacDonald, district freight agent, Charlottetown.

Following discussions which lasted throughout the afternoon, a tentative agreement was reached between the shippers and the railway men and was given the unanimous approval of the meeting when incorporated in a resolution proposed by Mr. Campbell, manager of the P.E.I. Potato Marketing Board. Secretary for the meeting was Harold Rodd and those taking part in the discussion included

John Mungall, Summerside, Elric Campbell, Charlottetown, Frank Bryan, Alberton; J. Dou Campbell, Alberton; Charles McKay, Northam; James MacDougall, Summerside; Charles Linkletter, Harry Holman, Summerside; Lester Wallace, Cascumpe; Morley M. Bell, Earl Cannon and Fred Bingham, Summerside.

Following the meeting Mr. Wright expressed appreciation for the cooperation of Mr. J. Watson MacNaught, M.P., who has kept informed on the matter and has provided advice and assistance to the Island delegation who promoted the discussions which were satisfactorily completed yesterday.

Mr. Wright also announced that Premier Matheson had phoned to say he was unable, due to illness, to attend yesterday's meeting, but stated that he was very glad to support the wishes of the meeting.

BEDEQUE NOTES

Let's Talk It Over

Pupils spend only five hours in school, and the other eleven or so waking hours at home or in social contact with the outside world. Because of this, people keep saying that the home influence is so much stronger than that of the school, and that it is up to the parents to see that the offspring do what is right. This is certainly true as far as it goes, but we must remember that there are all kinds of parents in a community. Unfortunately people don't have to take a course in youth guidance and receive a diploma for successfully passing the course to be a parent. There is nothing to stop the most disreputable character in the community from being a parent, and you would hardly expect very intelligent youth guidance from such a person.

On the other hand, the kind of teachers you have will depend on the conditions you establish to attract the right kind of people to the profession. It is possible by careful selection and adequate inducement to have a very fine body of teachers, and the influence these teachers will exert should have a beneficial effect on pupils who get little or no inspiration to live the "largest life" from their homes. Five hours of the right kind of instruction can do wonders for a youth who is at a very impressionable age of his life. There are people who do not spend nearly that much time in church, but whose church associations have a profound effect on their way of living. We sincerely believe in the adage quoted by a speaker recently: "mediocre teachers make mediocre pupils; mediocre pupils make mediocre citizens; mediocre citizens make a mediocre society."

Others who spoke briefly were Messrs. Wilson, Shea, Hubert Gaudet, Ray Chiossey, Joseph A. Arsenault, Mrs. Joseph A. MacDonald, Terrence and Charles Gavin.

Four new directors were elected as follows: Fred A. Richard, Aubin N. Perry, Lloyd Shea and Hubert Handrahan.

England are happy to welcome them back home after spending the winter in Summerside with their daughter, Mrs. Forrona Hall.

Mr. and Mrs. Percy Marl, Freetown, spent the past week-end at the home of Mrs. Muri's parents, Mr. and Mrs. Howard Barlow, Ellerslie.

Miss Patsy Hutchinson has entered the P.E.I. Hospital, where she will undergo surgery. Her many friends wish her a speedy return home, restored to health.
